CHAPTER NO. 358

[SB 231]

AN ACT REQUIRING A GOVERNMENTAL ENTITY TO PREPARE A SERVICE AREA REPORT TO DOCUMENT THE CALCULATION OF IMPACT FEES; AMENDING SECTIONS 7-6-1602, AND 7-6-1603, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-6-1602, MCA, is amended to read:

"7-6-1602. Calculation of impact fees — documentation required — ordinance or resolution — requirements for impact fees. (1) For each public facility for which an impact fee is imposed, the governmental entity shall prepare and approve *a service area report*.

(2) The service area report is a written analysis that must ~~documentation that~~:

(a) ~~describes~~ *describe* existing conditions of the facility;

(b) ~~establishes level of service~~ *establish level-of-service* standards;

(c) ~~forecasts~~ *forecast* future additional needs for service for a defined period of time;

(d) ~~identifies~~ *identify* capital improvements necessary to meet future needs for service;

(e) ~~identifies~~ *identify* those capital improvements needed for continued operation and maintenance of the facility;

(f) ~~makes~~ *make* a determination as to whether one service area or more than one service area is necessary to establish a correlation between impact fees and benefits;

(g) ~~makes~~ *make* a determination as to whether one service area or more than one service area for transportation facilities is needed to establish a correlation between impact fees and benefits;

(h) ~~establishes~~ *establish* the methodology and time period over which the governmental entity will assign the proportionate share of capital costs for expansion of the facility to provide service to new development within each service area;

(i) ~~establishes~~ *establish* the methodology that the governmental entity will use to exclude operations and maintenance costs and correction of existing deficiencies from the impact fee;

(j) ~~establishes~~ *establish* the amount of the impact fee that will be imposed for each unit of increased service demand; and

(k) ~~has~~ *have* a component of the budget of the governmental entity that:

(i) schedules construction of public facility capital improvements to serve projected growth;

(ii) projects costs of the capital improvements;

(iii) allocates collected impact fees for construction of the capital improvements; and

(iv) covers at least a 5-year period and is reviewed and updated at least every 2 years.

(3) The service area report is a written analysis that must contain documentation of sources and methodology used for purposes of subsection (2) and must document how each impact fee meets the requirements of subsection (7).

~~(2)~~*(4)* The ~~data sources and methodology~~ *service area report* ~~supporting~~ *that supports* adoption and calculation of an impact fee must be available to the public upon request.

~~(3)~~*(5)* The amount of each impact fee imposed must be based upon the actual cost of public facility expansion or improvements or reasonable estimates of the cost to be incurred by the governmental entity as a result of new development. The calculation of each impact fee must be in accordance with generally accepted accounting principles.

~~(4)~~*(6)* The ordinance or resolution adopting the impact fee must include a time schedule for periodically updating the documentation required under subsection ~~(1)~~ *(2)*.

~~(5)~~*(7)* An impact fee must meet the following requirements:

(a) The amount of the impact fee must be reasonably related to and reasonably attributable to the development's share of the cost of infrastructure improvements made necessary by the new development.

(b) The impact fees imposed may not exceed a proportionate share of the costs incurred or to be incurred by the governmental entity in accommodating the development. The following factors must be considered in determining a proportionate share of public facilities capital improvements costs:

(i) the need for public facilities capital improvements required to serve new development; and

(ii) consideration of payments for system improvements reasonably anticipated to be made by or as a result of the development in the form of user fees, debt service payments, taxes, and other available sources of funding the system improvements.

(c) Costs for correction of existing deficiencies in a public facility may not be included in the impact fee.

(d) New development may not be held to a higher level of service than existing users unless there is a mechanism in place for the existing users to make improvements to the existing system to match the higher level of service.

(e) Impact fees may not include expenses for operations and maintenance of the facility."

Section 2. Section 7-6-1603, MCA, is amended to read:

"7-6-1603. Collection and expenditure of impact fees — refunds or credits — mechanism for appeal required. (1) The collection and expenditure of impact fees must comply with this part. The collection and expenditure of impact fees must be reasonably related to the benefits accruing to the development paying the impact fees. The ordinance or resolution adopted by the governmental entity must include the following requirements:

(a) Upon collection, impact fees must be deposited in a special proprietary fund, which must be invested with all interest accruing to the fund.

(b) A governmental entity may impose impact fees on behalf of local districts.

(c) If the impact fees are not collected or spent in accordance with the impact fee ordinance or resolution or in accordance with 7-6-1602, any impact fees that were collected must be refunded to the person who owned the property at the time that the refund was due.

(2) All impact fees imposed pursuant to the authority granted in this part must be paid no earlier than the date of issuance of a building permit if a building permit is required for the development or no earlier than the time of wastewater or water service connection or well or septic permitting.

(3) A governmental entity may recoup costs of excess capacity in existing capital facilities, when the excess capacity has been provided in anticipation of the needs of new development, by requiring impact fees for that portion of the facilities constructed for future users. The need to recoup costs for excess capacity must have been documented pursuant to 7-6-1602 in a manner that demonstrates the need for the excess capacity. This part does not prevent a governmental entity from continuing to assess an impact fee that recoups costs for excess capacity in an existing facility. The impact fees imposed to recoup the costs to provide the excess capacity must be based on the governmental entity's actual cost of acquiring, constructing, or upgrading the facility and must be no more than a proportionate share of the costs to provide the excess capacity.

(4) Governmental entities may accept the dedication of land or the construction of public facilities in lieu of payment of impact fees if:

(a) the need for the dedication or construction is clearly documented pursuant to 7-6-1602;

(b) the land proposed for dedication for the public facilities to be constructed is determined to be appropriate for the proposed use by the governmental entity;

(c) formulas or procedures for determining the worth of proposed dedications or constructions are established as part of the impact fee ordinance or resolution; and

(d) a means to establish credits against future impact fee revenue has been created as part of the adopting ordinance or resolution if the dedication of land or construction of public facilities is of worth in excess of the impact fee due from an individual development.

(5) Impact fees may not be imposed for remodeling, rehabilitation, or other improvements to an existing structure or for rebuilding a damaged structure unless there is an increase in units that increase service demand as described in ~~7-6-1602(1)(j)~~ *7-6-1602(2)(j)*. If impact fees are imposed for remodeling, rehabilitation, or other improvements to an existing structure or use, only the net increase between the old and new demand may be imposed.

(6) This part does not prevent a governmental entity from granting refunds or credits:

(a) that it considers appropriate and that are consistent with the provisions of 7-6-1602 and this chapter; or

(b) in accordance with a voluntary agreement, consistent with the provisions of 7-6-1602 and this chapter, between the governmental entity and the individual or entity being assessed the impact fees.

(7) An impact fee represents a fee for service payable by all users creating additional demand on the facility.

(8) An impact fee ordinance or resolution must include a mechanism whereby a person charged an impact fee may appeal the charge if the person believes an error has been made."

Section 3. Effective date. [This act] is effective July 1, 2009.

It is unlawful for a person to buy, sell, handle, process, or distribute milk ~~which he~~ *that the person* knows or has reason to believe has been previously dealt with or handled in violation of any provision of this chapter. The ~~department~~ *board* may decline to grant a license or may suspend or revoke a license already granted~~,~~ upon due cause and after hearings."

Section 6. Section 81-23-202, MCA, is amended to read:

"81-23-202. Licenses — disposition of income. (1) A producer, producer-distributor, distributor, or jobber may not engage in the business of producing or selling milk subject to this chapter in this state without first having obtained a license from the department~~,~~ as provided in 81-22-202~~,~~ or, in

the case of milk entering this state from another state or foreign nation, without complying with the requirements of the Montana Food, Drug, and Cosmetic Act and without being licensed under this chapter by the ~~department~~ *board*. The annual fee for the license ~~from the department~~ is $2*,* ~~and~~ is due before July 1*,* and must be deposited by the department in the general fund. The license required by this chapter is in addition to any other license required by state law or any municipality of this state. This chapter applies to every part of the state of Montana.

(2) In addition to the annual license fee, the ~~department~~ *board* shall, in each year, before April 1, for the purpose of securing funds to administer and enforce this chapter, levy an assessment upon producers, producer-distributors, and distributors as follows:

(a) a fee per hundredweight on the total volume of all milk subject to this chapter produced and sold by a producer-distributor;

(b) a fee per hundredweight on the total volume of all milk subject to this chapter sold by a producer;

(c) a fee per hundredweight on the total volume of all milk subject to this chapter sold by a distributor, excepting that which is sold to another distributor.

(3) The ~~department~~ *board* shall adopt rules fixing the amount of each fee. The amounts may not exceed levels sufficient to provide for the administration of this chapter. The fee assessed on a producer or on a distributor may not be more than one-half the fee assessed on a producer-distributor.

(4) (a) In addition to the fees established in subsections (1) through (3), the department shall assess a fee per hundredweight on the volume of all classes of milk produced and sold by a person licensed by the department to be used for the administration of the milk inspection and milk diagnostic laboratory functions of the department. The fee must be established pursuant to 81-1-102(2).

(b) A person licensed by the department shall report to the department on a monthly basis the volume of milk produced. All reporting documentation must be submitted on forms approved or provided by the department.

(5) The assessments upon producer-distributors, producers, and distributors must be paid quarterly before January 15, April 15, July 15, and October 15 of each year. The amount of the assessments must be computed by applying the fee designated by the ~~department~~ *board* and the fee established in subsection (4) to the volume of milk sold in the preceding calendar quarter.

(6) Failure of a producer-distributor, producer, or distributor to pay an assessment when due is a violation of this chapter, and a license under this chapter automatically terminates and is void. A terminated license must be reinstated by the ~~department~~ *board* upon payment of a delinquency fee equal to 30% of the assessment that was due.

(7) All assessments required by this chapter must be deposited by the department in the state special revenue fund. All costs of administering chapter 22 and this chapter, including the salaries of employees and assistants, per diem and expenses of board members, and all other disbursements necessary to carry out the purpose of chapter 22 and this chapter, must be paid out of the board money in that fund.

(8) The ~~department~~ *board* may, if it finds the costs of administering and enforcing this chapter can be derived from lower rates, amend its rules to fix the rates at a less amount on or before April 1 in any year."

Section 7. Section 81-23-203, MCA, is amended to read:

"81-23-203. Application for licenses. An applicant for license to operate as a producer, producer-distributor, distributor, or jobber shall file a signed application upon a blank prepared by the ~~department~~ *department* and containing the information required by the ~~department~~ *board*. The application must certify the applicant to be the holder of all licenses required by the ~~department~~ *board* for the conduct of the applicant's business or, in the case of milk entering this state from another state or foreign nation, compliance with the requirements of the Montana Food, Drug, and Cosmetic Act. The application must be accompanied by the license fee required to be paid."

Section 8. Section 81-23-204, MCA, is amended to read:

"81-23-204. Declining, suspending, and revoking licenses — penalties in lieu of suspension or revocation. (1) The ~~department~~ *board* may refuse to grant a license or may suspend or revoke a license already granted for due cause upon due notice and after hearing. The violation of any provisions of this chapter or of any lawful order or rule of the board ~~or department~~, the failure or refusal to make required statements or reports, or failure to pay license or assessment fees are causes for which the ~~department~~ *board* may suspend or revoke a license.

(2) In place of suspension or revocation of a license, the ~~department~~ *board* may assess a civil penalty not to exceed $500 per day for each daily failure to comply with or each daily violation of the provisions of this chapter or of any lawful order or rule of the ~~department or~~ board. *A penalty may not be assessed until after the cause of the penalty has been upheld following the notice and hearing requirements of subsection (1).* If the person against whom a civil penalty is assessed fails to pay the civil penalty immediately, the ~~department~~ *board* shall collect the civil penalty by a civil proceeding in the district court of the first judicial district. This penalty ~~shall~~ *must* be construed as civil and not criminal in nature. Any ~~moneys~~ *money* received by the ~~department~~ *board* as a result of collection of civil penalties ~~shall~~ *must* be paid into the state special revenue fund as provided by 81-23-403."

Section 9. Section 81-23-302, MCA, is amended to read:

"81-23-302. Establishment of minimum prices. (1) The board shall, by adopting rules, fix minimum producer prices for classes of utilization of milk as defined by the ~~department~~ *board*.

(2) The board shall establish prices by means of flexible formulas that must be devised so that the formulas bring about automatic changes in all minimum prices that are justified on the basis of changes in production, supply, processing, distribution, and retailing costs.

(3) The board shall consider the balance between production and consumption of milk, the costs of production and distribution, and prices in adjacent and neighboring areas and states so that minimum prices that are fair and equitable to producers and consumers may result.

(4) The board shall, when publishing notice of proposed rulemaking under authority of this section, set forth the specific factors that must be taken into consideration in establishing the formulas and, in particular, in determining costs of production and of the actual dollars and cents costs of production that preliminary studies and investigations of auditors or accountants in the department's employment indicate will or should be shown at the hearing so that all interested parties will have an opportunity to be heard and to question or rebut the considerations as a matter of record.

(5) Specific factors may include but are not limited to the following items:

(a) current and prospective supplies of milk in relation to current and prospective demands for milk for all purposes;

(b) the cost factors in producing milk, which must include among other things the prices paid by farmers generally, as used in parity calculations of the United States department of agriculture, prices paid by farmers for dairy feed in particular, and farm wage rates in this state;

(c) the alternative opportunities, both farm and nonfarm, open to milk producers, which must include among other things the prices received by farmers for all products other than milk, the prices received by farmers for beef cattle, and the percentage of unemployment in the state and nation as determined by appropriate state and federal agencies;

(d) the prices of butter, nonfat dry milk, and cheese;

(e) the need, if any, for freight or transportation charges to be deducted by distributors from producer prices for bulk milk.

(6) If the board at any time proposes to base all or part of an official order establishing or revising milk pricing formulas upon facts within its own knowledge, as distinguished from evidence that may be presented to it by the consuming public or the milk industry, the board shall, when publishing notice of proposed rulemaking under authority of this section, notify the consuming public and the milk industry of the specific facts within its own knowledge that it will consider so that all interested parties will have an opportunity to be heard and to question or rebut the facts as a matter of record.

(7) The board, after consideration of the evidence produced, shall make written findings and conclusions and shall fix by official rule the formula under which minimum producer prices for milk must be computed.

(8) This section may not be construed as requiring the board to promulgate a specific number of formulas, but it must be construed liberally so that the board may adopt a reasonable method of expression to accomplish the objective set forth in subsection (7).

(9) Each rule establishing or revising milk pricing formulas must classify milk by forms, classes, grades, or uses as the board considers advisable and must specify the minimum prices for the forms, classes, grades, and uses.

(10) Distributors who have processing facilities in this state shall, whenever possible, purchase milk from Montana producers for the processing of products to be sold in this state if milk is available from Montana producers at the price set by the board.

(11) The board shall adopt rules to regulate transportation rates that distributors, contract haulers, and others charge producers for interplant transportation of milk. An allowance for transportation of milk between plants may not be permitted unless it is found by the board to be necessary to permit the movement of milk in the public interest. The board may promulgate rules regarding the requirement for first call on Montana milk supplies~~,~~ as provided in subsection (10). Rules must be coordinated with those adopted pursuant to fair trade practices under 81-23-303.

(12) All milk purchased by a distributor must be purchased on a uniform basis. The basis to be used must be established by the board after the producers and the distributors have been consulted.

(13) The board may amend a rule in the same manner provided in this section for the original establishment of milk pricing formulas. The board may in its discretion, when it determines that the need exists, give notice of and hold

statewide public hearings affecting establishment or revision of milk pricing formulas.

(14) Upon petition of a distributor or a majority of a distributor's producers, the board shall hold a hearing to receive and consider evidence regarding the advisability and need for a base or quota plan as a method of payment by that distributor of producer prices. If the board finds that the evidence presented at the hearing warrants the establishment of a base or quota plan, the board shall proceed by order to establish the base or quota plan.

(15) (a) Upon petition by 10% or 20 of the licensed producers in Montana, whichever is less, or upon petition by a licensed producer-distributor or distributor, the board shall hold a hearing to receive and consider evidence regarding the advisability and need for a statewide pooling arrangement as a method of payment of producer prices, provided that at the hearing, the board shall, among other things, specifically receive and consider evidence concerning production and marketing practices that have historically prevailed statewide. If the board finds that the evidence presented at the hearing warrants the establishment of a statewide pooling arrangement, the board shall proceed by order to establish the arrangement. An order is not effective until it is approved in a referendum conducted by the board by mail among affected producers, producer-distributors, and distributors. The order must be approved by a majority of the producers, producer-distributors, and distributors voting, representing more than 50% of the milk produced in Montana that is to be included in the proposed pool, based on each producer's average monthly production for the 12 months immediately preceding the referendum. If the board finds it necessary, the board may conduct more than one referendum on any order.

(b) The order of the board establishing the statewide pooling arrangement may include other provisions that the board considers necessary for the proper and efficient operation of the pool. These provisions may include but are not limited to:

(i) a statewide base or quota plan contemplated in subsection (14);

(ii) the establishment of a pool settlement fund to be administered by the department for the purpose of receiving payments from pool distributors or making payments to them as necessary in order to operate and administer the statewide pool; and

(iii) the establishment of a pool expense fund for the purpose of offsetting the costs to the department of administering the pool, funded by a special levy assessed against each pool producer.

(c) During the initial startup of a statewide pool, the department may draw from existing cash reserves to fund a pool settlement fund and a pool expense fund, but withdrawals from the cash reserve must be reimbursed.

(d) An order of the board establishing a statewide pooling arrangement that has been approved in a referendum may be rescinded in the same manner as provided for approval of the order under subsection (15)(a). The order may be amended without a referendum if, prior to amending the order, the board gives written notice of its intended action and holds a public hearing.

(16) The requirements of this section concerning notices of hearings for the establishment of milk pricing formulas apply to any hearings regarding base or quota plans or statewide pooling arrangements or abandonment of base or quota plans or statewide pooling arrangements.

(17) Rules adopted pursuant to this section must be ~~enforced and~~ audited for compliance by the department *and enforced by the board. An enforcement action is subject to the provisions of [section 16].*"

Section 10. Section 81-23-303, MCA, is amended to read:

"81-23-303. Rules of fair trade practices. The ~~department~~ *board* may adopt reasonable rules governing fair trade practices as they pertain to the transaction of business among licensees under this chapter and among licensees and the general public. Except for provisions regarding the requirement for first call on Montana milk supplies, as provided in 81-23-302(10), and rules adopted pursuant to 81-23-302(11), fair trade practice rules must contain but are not limited to provisions prohibiting the following methods of doing business that are unfair, unlawful, and not in the public interest:

(1) the payment, allowance, or acceptance of secret rebates, secret refunds, or unearned discounts by a person, whether in the form of money or otherwise;

(2) the giving of milk, cream, dairy products, services, or articles of any kind, except to bona fide charities, for the purpose of securing or retaining the fluid milk or fluid cream business of a customer;

(3) the extension to certain customers of special prices or services not available to all customers who purchase milk of like quantity under like terms and conditions;

(4) the payment of a price lower than the applicable producer price, established by the board, by a distributor to a producer for milk that is distributed to any person, including agencies of the federal, state, or local government."

Section 11. Section 81-23-401, MCA, is amended to read:

"81-23-401. Entry, inspection, and investigation. The department may enter, at all reasonable hours, all places where milk is produced, processed, bottled, handled, or stored or where the books, papers, records, or documents relative to those transactions are kept, and may inspect and copy them in any place in this state. The ~~department~~ *department* may administer oaths and take testimony for the purpose of ascertaining facts which, in the judgment of the ~~department~~ *department*, are necessary to administer this chapter."

Section 12. Section 81-23-402, MCA, is amended to read:

"81-23-402. Reports of dealers — accounting system — records. (1) *(a)* The department may require licensees to file *reports* with it ~~reports~~ at reasonable or regular times ~~which~~ *that* the ~~department~~ *board* may require, showing the licensee's production, sale, or distribution of milk and any information considered *necessary* by the ~~department necessary which~~ *board that* pertains to the production, sale, or distribution of milk, either under oath or otherwise, as the ~~department~~ *board* may direct. Failure or refusal to file a report when directed to do so is grounds for the revocation of the license and is a violation for which the licensee may be fined as provided by this chapter, one or both, at the discretion of the ~~department~~ *board*.

AN ACT REPEALING THE MEGALANDFILL SITING LAWS; AMENDING SECTION 75-1-208, MCA; REPEALING SECTIONS 75-10-901, 75-10-902, 75-10-903, 75-10-906, 75-10-907, 75-10-908, 75-10-909, 75-10-910, 75-10-913, 75-10-914, 75-10-916, 75-10-917, 75-10-918, 75-10-919, 75-10-920, 75-10-921, 75-10-922, 75-10-923, 75-10-924, 75-10-925, 75-10-926, 75-10-927, 75-10-928, 75-10-929, 75-10-930, 75-10-933, 75-10-934, 75-10-935, 75-10-938, 75-10-939, 75-10-940, 75-10-941, 75-10-942, 75-10-943, 75-10-944, 75-10-945, 75-10-950, 75-10-951, 75-10-952, 75-10-953, AND 75-10-954, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-1-208, MCA, is amended to read:

"75-1-208. Environmental review procedure. (1) (a) Except as provided in 75-1-205(4) and subsection (1)(b) of this section, an agency shall comply with this section when completing any environmental review required under this part.

(b) To the extent that the requirements of this section are inconsistent with federal requirements, the requirements of this section do not apply to an environmental review that is being prepared jointly by a state agency pursuant to this part and a federal agency pursuant to the National Environmental Policy Act or to an environmental review that must comply with the requirements of the National Environmental Policy Act.

(2) A project sponsor may, after providing a 30-day notice, appear before the environmental quality council at any regularly scheduled meeting to discuss issues regarding the agency's environmental review of the project. The environmental quality council shall ensure that the appropriate agency personnel are available to answer questions.

(3) If a project sponsor experiences problems in dealing with the agency or any consultant hired by the agency regarding an environmental review, the project sponsor may submit a written request to the agency director requesting a meeting to discuss the issues. The written request must sufficiently state the issues to allow the agency to prepare for the meeting. If the issues remain unresolved after the meeting with the agency director, the project sponsor may submit a written request to appear before the appropriate board, if any, to discuss the remaining issues. A written request to the appropriate board must sufficiently state the issues to allow the agency and the board to prepare for the meeting.

(4) (a) Subject to the requirements of subsection (5), to ensure a timely completion of the environmental review process, an agency is subject to the time

limits listed in this subsection (4) unless other time limits are provided by law. All time limits are measured from the date the agency receives a complete application. An agency has:

(i) 60 days to complete a public scoping process, if any;

(ii) 90 days to complete an environmental review unless a detailed statement pursuant to 75-1-201(1)(b)(iv) or 75-1-205(4) is required; and

(iii) 180 days to complete a detailed statement pursuant to 75-1-201(1)(b)(iv).

(b) The period of time between the request for a review by a board and the completion of a review by a board under 75-1-201(1)(b)(iv)(C)(III) or (8) or subsection (10) of this section may not be included for the purposes of determining compliance with the time limits established for conducting an environmental review under this subsection or the time limits established for permitting in 75-2-211, 75-2-218, ~~75-10-922,~~ 75-20-216, 75-20-231, 76-4-125, 82-4-122, 82-4-231, 82-4-337, and 82-4-432.

(5) An agency may extend the time limits in subsection (4) by notifying the project sponsor in writing that an extension is necessary and stating the basis for the extension. The agency may extend the time limit one time, and the extension may not exceed 50% of the original time period as listed in subsection (4). After one extension, the agency may not extend the time limit unless the agency and the project sponsor mutually agree to the extension.

(6) If the project sponsor disagrees with the need for the extension, the project sponsor may request that the appropriate board, if any, conduct a review of the agency's decision to extend the time period. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue.

(7) (a) Except as provided in subsection (7)(b), if an agency has not completed the environmental review by the expiration of the original or extended time period, the agency may not withhold a permit or other authority to act unless the agency makes a written finding that there is a likelihood that permit issuance or other approval to act would result in the violation of a statutory or regulatory requirement.

(b) Subsection (7)(a) does not apply to a permit granted under Title 75, chapter 2, or under Title 82, chapter 4, parts 1 and 2.

(8) Under this part, an agency may only request that information from the project sponsor that is relevant to the environmental review required under this part.

(9) An agency shall ensure that the notification for any public scoping process associated with an environmental review conducted by the agency is presented in an objective and neutral manner and that the notification does not speculate on the potential impacts of the project.

(10) An agency may not require the project sponsor to provide engineering designs in greater detail than that necessary to fairly evaluate the proposed project. The project sponsor may request that the appropriate board, if any, review an agency's request regarding the level of design detail information that the agency believes is necessary to conduct the environmental review. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue.

(11) An agency shall, when appropriate, consider the cumulative impacts of a proposed project. However, related future actions may only be considered when these actions are under concurrent consideration by any agency through

preimpact statement studies, separate impact statement evaluations, or permit processing procedures."

CHAPTER NO. 367

[SB 462]

AN ACT CREATING A SEPARATE LIEN ON OIL OR GAS OR THE PROCEEDS OF OIL OR GAS FOR INTEREST OWNERS; CLARIFYING RIGHTS OF PURCHASERS; PROVIDING A PROCESS FOR CLAIMING A SECURITY INTEREST AND LIEN; PROVIDING A PERSONAL RIGHT OF ACTION; PROVIDING FOR PRIORITY OVER CERTAIN CONSTRUCTION LIENS; AND AMENDING SECTIONS 71-3-124, 71-3-1002, AND 71-3-1011, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 7] may be cited as the "Montana Oil and Gas Owners' Lien Act".

Section 2. Definitions. As used in [sections 1 through 7], the following definitions apply:

(1) "First purchaser" means the first person who under contract purchases oil or gas from an interest owner at or after the time the oil or gas is severed.

(2) "Interest owner" means a person:

(a) who owns an entire or a fractional interest of any kind or nature in the oil or gas at the time it is severed; or

(b) who has a right, either express or implied, to receive a monetary payment determined by the value of the severed oil or gas.

(3) "Leasehold" means a tenant's leasehold interest, as defined in 30-2A-103, in property on which the oil or gas well is located.

(4) "Operator" means any person engaged in the severance of oil or gas on the operator's own behalf, on behalf of the operator and other persons, or on behalf of other persons.

(5) "Person" means any individual, executor, administrator, agent, trustee, or receiver or an estate, institution, business trust, trust of any other kind, firm, corporation, partnership, cooperative, limited liability company, limited liability partnership, sole proprietorship, government agency, association, or any other group acting as a unit.

(6) "Purchaser" means a person who under contract purchases oil or gas from a first purchaser.

(7) "Severed" or "severance" means the taking, extraction, or production from the leasehold of oil or gas in any manner.

Section 3. Extent of lien — dispute resolution — notice — buyer in ordinary course of business. (1) To secure payment from the sale of oil or gas, an interest owner, subject to [section 6(2)] and subsection (4) of this section, has a continuing security interest in and the right to a lien upon the severed oil or gas or the proceeds from the sale of severed oil or gas to the extent of the interest owner's interest until the purchase price has been paid to the interest owner.

(2) If there is a bona fide dispute about the amount due to the interest owner, the security interest and lien do not accrue if the person holding the proceeds upon which the interest owner's security interest and lien are based makes a good faith determination of the amount of payment due to the interest owner and pays the interest owner that amount.

(3) (a) To have effect, a security interest or lien claimed under [sections 1 through 7] must be perfected as provided in [section 5], and a copy of the notice of the lien, as provided in [section 5], must be provided by an interest owner claiming the security interest or lien to other interest owners, if any, and to the operator, first purchaser, or purchaser by registered or certified mail.

(b) A security interest or lien is not valid under [sections 1 through 7] unless the provisions in subsection (3)(a) have been met.

(4) (a) A buyer in the ordinary course of business, as described in Title 30, chapter 9A, and subsection (4)(b) of this section, is entitled to the severed oil or gas free of the security interest and a lien filed by the interest owner under [sections 1 through 7].

(b) A buyer in the ordinary course of business is:

(i) a first purchaser or purchaser who has paid the purchase price for severed oil or gas to the interest owner; or

(ii) a person who pays the purchase price for severed oil or gas to a person authorized to receive payment on behalf of an interest owner.

(c) The property of the first purchaser or purchaser described under subsection (4)(b)(ii) also is free from and not subject to a security interest or lien granted to an interest owner under [sections 1 through 7].

Section 4. Validity of lien — transferability. (1) The security interest and lien granted to an interest owner under [sections 1 through 7] are not dependent on the interest owner's or operator's possession of the severed oil or gas.

(2) A change or transfer of the actual or constructive possession of or title to the severed oil or gas from an interest owner or an operator to a first purchaser or purchaser does not void or impair the security interest or lien.

Section 5. Perfection of lien — verified notice — effect of instruments — effective date. (1) An interest owner who does not receive proceeds or payment for severed oil or gas when the proceeds are due may perfect the security interest and lien claimed under [section 3] by filing a notice, as provided in subsection (2), in the office of the county clerk and recorder in which the leasehold is located.

(2) A sworn affidavit must be in substantially the following form:

NOTICE OF OIL AND GAS OWNER'S LIEN

Notice is hereby given that: [name of interest owner for whom notice is filed], whose address is [address of named interest owner] claims [a fractional or decimal] interest in the oil or gas severed or proceeds of the sale from the [name

of the leasehold], operated by [name and address of the operator]. The leasehold is located on the following [described land] in [name of county], Montana.

Oil or gas severed from the leasehold has been and is now or may be taken and the above-named interest owner has a security interest in and lien upon the oil or gas and the oil or gas proceeds to secure payment under the provisions of the Montana Oil and Gas Owners' Lien Act.

The signatories of this notice recognize that, if a sworn affidavit is not filed within 90 days of the time in which the payment to [the interest owner] is due, the security interest is not perfected and [the interest owner] does not receive a priority over any perfected security interest in the oil or gas described in this notice or the proceeds of the oil or gas described in this notice.

Dated:.....

Signed by [interest owner].....

(3) An instrument filed with the county clerk and recorder that accompanies the notice filed in subsection (1) is effective as a financing statement recognized under Title 30, chapter 9A, with or without the signature of the debtor. An instrument described in this subsection may be terminated in the same manner as a financing statement under the provisions of Title 30, chapter 9A.

(4) (a) Upon filing of the notice, as provided in this section, the effective date of the interest owner's security interest and lien is the date on which the oil or gas severance occurred.

(b) Except as provided in [section 6(2)] and subsection (4)(c) of this section, a security interest and lien filed under this section have priority over the rights of any person whose rights or claims arise or attach to the severed oil or gas for which the purchase price has not been paid or to the proceeds of oil or gas if the oil or gas has been sold, including the severed oil or gas or the oil or gas proceeds that arise or attach between the time the security interest and lien attach and the time of filing.

(c) The security interest and the lien filed under this section do not have a priority over the security interest or lien previously created and perfected under Title 71, chapter 3, part 10, or an operating agreement or other voluntary agreement for the development and operation of the leasehold.

Section 6. Rights of first purchasers. (1) The following are not affected by the provisions of [sections 1 through 7] or the filing of any instrument permitted under [sections 1 through 7]:

(a) transfer of the legal title to oil or gas from an interest owner or operator to a first purchaser;

(b) ownership of oil or gas before the oil or gas is severed, as reflected by records affecting real property; or

(c) the right of a first purchaser to take or receive oil or gas under the terms of a division order or a similar agreement for the sale and purchase of oil or gas.

(2) A first purchaser or purchaser is free to transport oil or gas products out of the state or to sell oil or gas products without permission or release of a lien perfected under [section 5].

Section 7. Expiration of lien — enforcement — consolidation — costs — personal actions — other rights and remedies. (1) A security interest and lien claimed by an interest owner under [section 3] and perfected under [section 5] are attached to oil or gas that has not been paid for or to the proceeds of oil or gas if the oil or gas has been sold. The security interest and lien

expire 1 year after the date of the filing of the notice of the lien under [section 5] unless within that year the interest owner files a personal right of action, as provided in subsection (2), in a court of competent jurisdiction in the county in which the leasehold is located. The interest owner may request an extension of the security interest and lien as part of the personal right of action filing.

(2) Any number of persons claiming security interests and liens with respect to the oil or gas from the same leasehold may join a personal right of action. The court may consolidate any separate personal rights of action.

(3) The court may allow to the prevailing party costs as provided in 71-3-124 and any money paid for copying or obtaining records filed under [sections 1 through 7].

(4) If the personal right of action is commenced after the filing of an instrument, as provided in [section 5], the instrument must be considered as a lien upon the severed oil or gas or on the proceeds from the sale of the severed oil or gas, if sold, to the extent of the interest owner's claim for payment of the amount due the interest owner or the amount of the security interest and lien recorded under [section 5] by the interest owner. The security interest and lien may be further enforced as provided in 71-3-124.

(5) The provisions of [sections 1 through 7] do not impair or affect the right of a person to whom a debt may be due to maintain a personal right of action to recover the debt against a person who is liable for the debt.

(6) The provisions of [sections 1 through 7] are cumulative to the provisions of Title 30, chapter 9A, and not a limitation on or a substitution or impairment of any rights or remedies provided to a creditor against a debtor under Title 30, chapter 9A.

Section 8. Section 71-3-124, MCA, is amended to read:

"71-3-124. Filing costs and attorney fees to be recovered on foreclosure of liens — offer of judgment. (1) In an action to foreclose any of the liens provided for ~~by part~~ *in Title 71, chapter 3, part* 3, 4, 5, 6, 8, or 10 ~~of this chapter~~ *or [sections 1 through 7]*, the court shall allow as costs the money paid and attorney fees incurred for filing and recording the lien and reasonable attorney fees in the district and supreme courts. The costs and attorney fees must be allowed to each claimant whose lien is established, and the reasonable attorney fees must be allowed to the defendant against whose property a lien is claimed if the lien is not established.

(2) In an action to foreclose any of the liens provided for ~~by part~~ *in Title 71, chapter 3, part* 3, 4, 5, 6, 8, or 10 ~~of this chapter~~ *or [sections 1 through 7]*, a defendant may make an offer of judgment as authorized in Rule 68, M.R.Civ.P. If the lienholder rejects the offer to allow judgment to be taken against the defendant and the lienholder obtains a judgment that is not more favorable than the offer, the lienholder shall, in addition to the costs allowed under Rule 68, M.R.Civ.P., pay the attorney fees incurred after the offer is made."

Section 9. Section 71-3-1002, MCA, is amended to read:

"71-3-1002. The projects described in this section are reauthorized. The department of natural resources and conservation is authorized to make

Section 3. Coal severance tax bonds authorized. (1) The legislature finds that Title 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific approved renewable resource projects as part of the state renewable resource grant and loan program. Available funds from previous sales of coal severance tax bonds, plus any additional principal amount on bonds as may be necessary, pursuant to the conditions in 85-1-605, to fund emergency loans, as authorized and approved in accordance with 85-1-605(4), may also be used for the projects approved in [sections 1 through 7]. The board of examiners is authorized to issue coal severance tax bonds in an amount not to exceed $20,058,795, of which $13,973,636 is to be used to finance the projects approved in [sections 1 and 2], $3,468,795 is to be used to finance additional loans in lieu of grants listed in House Bill No. 6, and up to $2,616,364 is to be used to establish a reserve for the bonds. Proceeds of the bonds are appropriated to the department of natural resources and conservation for financing the projects identified in [sections 1 and 2] and may be used as authorized in 85-1-605(4). Loans made under 85-1-605(4) must bear interest at the rate borne by the state bonds unless the legislature in a subsequent session provides for a lower interest rate, in which case the rate must be reduced to the rate specified by the legislature.

(2) In connection with the issuance of coal severance tax bonds, the board of examiners may pay the principal and interest on the bonds when due from the debt service account and in all other respects manage and use the funds within each special bond account for the benefit of the bonds. The board of examiners shall exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial arrangements for the state.

(3) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service account to pay the debt service on the bonds during

this period. Earnings in excess of debt service, if any, must be allocated to the renewable resource grant and loan program state special revenue account.

(4) Loan repayments from loans financed with coal severance tax bonds are pledged, dedicated, and appropriated to the debt service account in the state treasury for the benefit of bonds approved for loans under this section.

Section 4. Conditions of loans. (1) Disbursement of funds under [sections 1 through 7] for loans is subject to the following conditions that must be met by project sponsors:

(a) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(b) documented commitment of other funds required for project completion;

(c) satisfactory completion of conditions described in the recommendations section of the project narrative in the renewable resource grant and loan program project evaluations and recommendations report for the biennium;

(d) execution of a loan agreement with the department; and

(e) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the loan as evidenced from the application to the department or from the proposal to the legislature.

(2) Each sponsor authorized for a loan from coal severance tax bond proceeds may be required to pay to the department a pro rata share of the bond issuance costs and the administrative costs incurred by the department to complete the loan transaction.

Section 5. Private and discount purchase of loans. Loans to political subdivisions and local government entities and bonds, warrants, and notes issued in evidence of the loans may be made, purchased by, and sold to the department of natural resources and conservation at a discount and at a private negotiated sale, notwithstanding the provisions of any other law applicable to political subdivisions or local government entities.

Section 6. Appropriations established. For any entity of state government that receives a loan under [sections 1 through 7], an appropriation is established for the amount of the loan upon award of the loan by the department of natural resources and conservation.

Section 7. Creation of state debt — appropriation of coal severance tax — bonding provisions. (1) Because [section 3] authorizes the creation of a state debt, a vote of two-thirds of the members of each house is required for enactment of [section 3].

(2) The legislature, through the enactment of [sections 1 through 7] by a vote of three-fourths of the members of each house of the legislature, as required by Article IX, section 5, of the Montana constitution, pledges, dedicates, and appropriates from the coal severance tax bond fund all money necessary for the payment of principal and interest not otherwise provided for on the coal severance tax bonds authorized by [section 3] to be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the provisions of [sections 1 through 7] and the general resolution for this bond program that has been adopted by the board of examiners under the authority provided in Title 17, chapter 5, part 7.

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is

invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. Effective date. [This act] is effective July 1, 2009.

The provisions of 41-5-355 relating to alternative placements apply to placements under this subsection (1)(b). The court may not place a youth adjudicated to be a delinquent youth in a state youth correctional facility for an act that would be a misdemeanor if committed by an adult unless:

(i) the youth committed four or more misdemeanors in the prior 12 months;

(ii) a psychiatrist or a psychologist licensed by the state or a licensed clinical professional counselor or a licensed clinical social worker has evaluated the youth and recommends placement in a state youth correctional facility; and

(i) the youth has not previously been found to have committed or been adjudicated for a sexual offense, as defined in 46-23-502; and

(ii) registration is not necessary for protection of the public and that relief from registration is in the public's best interest;

(e) in the case of a delinquent youth who is determined by the court to be a serious juvenile offender, the judge may specify that the youth be placed in a state youth correctional facility, subject to the provisions of subsection (2), if the judge finds that the placement is necessary for the protection of the public. Restrictions imposed pursuant to this subsection (2)(d) terminate when the jurisdiction of the youth court terminates pursuant to 41-5-205 unless those restrictions are terminated sooner by an order of the court. (3) For a youth designated under this section and 46-23-509 as a level 3 offender, the youth court if the youth is under the youth court's jurisdiction or the department if the youth is under the department's jurisdiction shall notify in writing the superintendent of the school district in which the youth is enrolled of the adjudication, any terms of probation or parole, and the facts of the offense for which the youth was adjudicated, except the name of the victim, and provide a copy of the court's disposition order to the superintendent.

[HB 128]

AN ACT REVISING AND CLARIFYING THE APPROPRIATION OF BOND PROCEEDS FOR AEROSPACE TRANSPORTATION AND TECHNOLOGY PROJECTS; APPROPRIATING BOND PROCEEDS; AMENDING SECTION 17-5-820, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-5-820, MCA, is amended to read:

"17-5-820. Authorization of bonds. (1) The board of examiners is authorized to issue and sell general obligation bonds in an amount not exceeding $20 million in accordance with the terms and in the manner required by Title 17, chapter 5, part 8, for the purpose of financing and acquiring infrastructure improvements as enumerated in 7-15-4288 for aerospace transportation and technology projects recommended by the department of commerce in accordance with the authority granted to the board by this section. The bonds are in addition to any other authorization to the board to issue and sell general obligation bonds and subject to the conditions set forth in this section.

(2) The department of commerce may request the board of examiners to issue the bonds for one or more specified projects in one or more series, but the total amount of bonds issued may not exceed $20 million. Bond proceeds ~~are~~ *must be* appropriated to the department of commerce, and the department of commerce is authorized to acquire or construct the infrastructure improvements, to contract with the city or county in which a project is located, to contract with an airport authority, as defined in 67-1-101, a local port authority, as described in 7-14-1101, or a regional port authority, as described in 7-14-1102, to contract with a certified regional development corporation, as defined in 90-1-116, or upon a determination that it is in the best interest of the project, to contract with the developer of an approved project for the acquisition or construction of the infrastructure improvement. The plans and specifications for the infrastructure to be financed from the proceeds of the bonds must be prepared by an engineer or architect, licensed and bonded in Montana, and the state must be named as an additional insured under any contract, performance bond, or other documents for the design of any improvements to be financed by the state. The plans and specifications must be reviewed and approved by the department of commerce after consultation with the architecture and engineering division of the department of administration. The design and acquisition or construction of the infrastructure for approved projects are not, with the exception of Title 18, chapter 2, part 4, subject to the public procurement requirements contained in Title 18. All construction contracts entered into for the construction of improvements to be financed under this section must name the state as an additional insured if the state is not otherwise party to the contract. All improvements financed with bond proceeds must be owned by the state, and the use must be governed by a development agreement between the state and the developer of the project. The agreement may provide for the lease or the use of the infrastructure at less than fair market value, taking into consideration the number of jobs to be created by the project, the salary range of the jobs, the amount of capital contributed by the developer, and the projected tax revenue to be received by the state and local governments from the project over the term of the lease or use agreement. The agreement must require the contractor to insure for liability and workers' compensation claims during construction and must provide the project developer with the right of

first refusal for the purchase of any real property and improvements financed by the bonds at fair market value. Fair market value must be determined by a certified appraiser. For purposes of this section, state and local governments may not provide telecommunications or other services in competition with private providers unless private providers cannot provide the services.

(3) It is the intent of the legislature that state individual and corporate income taxes and state property taxes generated by the aerospace transportation and technology infrastructure development projects will be at least equal to the projected amount of the debt service to be paid by the state for the bonds authorized by this section over the term of the bonds. Prior to requesting the board of examiners to issue the bonds, the department of commerce shall determine that the developer of a proposed project has the financial ability to implement the project based upon the audited financial statements of the developer. When requesting the board to issue the bonds, the department of commerce shall present to the *legislative finance committee and to the* department of administration for presentation to the board the following:

(a) evidence satisfactory to the board that each aerospace transportation and technology infrastructure development project has committed itself to locate its project in Montana; and

(b) a certificate signed by the director of the office of budget and program planning that the proposed project will, over the term of the bonds, generate state individual and corporate income taxes and state property taxes at least equal to the total aggregate amount of principal and interest on the bonds over the term of the bonds. In preparing the analysis for the report on the projected tax revenue from the project, the multiplier effect may be taken into account, using the number of jobs, the salary levels for the jobs, and the estimated date of hire for each position that the developer will commit to create as part of the development agreement. The development agreement must provide that if the developer has not created the total number of jobs at the estimated salaries by the date specified in the development agreement and assumed for purposes of meeting the projections, the state may terminate the lease or use of the improvements upon 30 days' notice. If the department of commerce is unable to enter into a new lease or use agreement for the improvements that is advantageous to the state, the state may sell the facility to the highest and best bidder and use the proceeds of the sale to redeem the outstanding bonds.

(4) In determining whether to recommend to the board of examiners that improvements should be constructed by the state from the proceeds of the bonds for a project, the department of commerce may take into consideration only the following factors:

(a) whether the project is eligible for financing;

(b) whether there is sufficient evidence to demonstrate the developer's ability to implement the project;

(c) the projected tax revenue report;

(d) whether the project as proposed and situated can obtain the necessary zoning, building, and environmental permits required; and

(e) whether the project is in the public interest.

(5) In recommending the amount of bonds to be issued for a qualified project, the department of commerce shall independently determine that the proposed estimated cost of the project is not in excess of what is required for the project and independently verify the projected costs of designing and constructing the

improvements proposed to be financed exclusive of any development fee to the developer. The authorized bond proceeds must be used for projects on a first-come, first-served basis."

Section 2. Appropriation of bond proceeds. There is appropriated to the department of commerce up to $20 million of the bond proceeds authorized by 17-5-820 for the purpose of funding qualified projects as provided in 17-5-820.

Section 3. Effective date. [This act] is effective on passage and approval.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries

for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code, 26 U.S.C. 38 and 51(a), is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) Married taxpayers filing a joint federal return who are allowed a capital loss deduction under section 1211 of the Internal Revenue Code, 26 U.S.C. 1211, and who file separate Montana income tax returns may claim the same amount of the capital loss deduction that is allowed on the federal return. If the allowable capital loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(7) In the case of passive and rental income losses, married taxpayers filing a joint federal return and who file separate Montana income tax returns are not required to recompute allowable passive losses according to the federal passive activity rules for married taxpayers filing separately under section 469 of the Internal Revenue Code, 26 U.S.C. 469. If the allowable passive loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(8) Married taxpayers filing a joint federal return in which one or both of the taxpayers are allowed a deduction for an individual retirement contribution under section 219 of the Internal Revenue Code, 26 U.S.C. 219, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction must be attributed to the spouse who made the contribution.

(9) (a) Married taxpayers filing a joint federal return who are allowed a deduction for interest paid for a qualified education loan under section 221 of the Internal Revenue Code, 26 U.S.C. 221, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(b) Married taxpayers filing a joint federal return who are allowed a deduction for qualified tuition and related expenses under section 222 of the Internal Revenue Code, 26 U.S.C. 222, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(10) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion exceeds $15,000, the excess reduces the exclusion by an

equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(11) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

(12) (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection (12)(a)(iv), not to exceed $5,000, from the taxpayer's adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing shortage county as determined by the secretary of health and human services or by the governor;

(iii) has had a student loan incurred as a result of health-related education; and

(iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment program described in subsection (12)(b) as an incentive to practice in Montana.

(b) For the purposes of subsection (12)(a), a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional.

(13) By November 1 of each year, the department shall multiply the amount of pension and annuity income contained in subsection (2)(c)(i) and the federal adjusted gross income amounts in subsection (2)(c)(ii) by the inflation factor for that tax year, but using the year 2009 consumer price index, and rounding the results to the nearest $10. The resulting amounts are effective for that tax year and must be used as the basis for the exemption determined under subsection (2)(c). (Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)"

WHEREAS, Montana has unique geological features that include significant geothermal resources; and

WHEREAS, other states in the region are actively exploring and developing these resources for energy production purposes; and

WHEREAS, existing data and analyses of these resources is now largely outdated, and advances in technology, increased energy prices, and increased interest in low-carbon energy sources has increased interest by electric utilities and independent power producers in the state's geothermal resources.

Be it enacted by the Legislature of the State of Montana:

Section 1. Geothermal research. (1) Subject to subsection (2), the Montana bureau of mines and geology may conduct geothermal research that:

(a) characterizes the geothermal resource base in Montana;

(b) tests high-temperature and high-pressure drilling technologies benefiting geothermal well construction; and

(c) determines reservoir characterization, monitoring, and modeling necessary for commercial application in Montana.

(2) If the research is conducted on private property, the bureau must have written agreements with:

(a) the surface property owner and any owners of the geothermal resource for access and use of the site for research purposes; and

(b) subject to subsections (3) and (4), the utility, as defined in 69-5-102, with a service area nearest the research site if the utility intends to commercially develop the site.

(3) If the utility with a service area nearest the research site intends to develop the site for future commercial use, the utility shall:

(a) contribute, at a minimum, 25% of the research costs as determined by the bureau for research at the site; and

(b) have an agreement in place with the surface property owner and any owners of the geothermal resource where the research site is located for future development of the geothermal resource.

(4) If the utility with a service area nearest the research site does not intend to develop the site for commercial use, the utility with a service area next nearest the site may enter into a written agreement pursuant to subsection (2)(b). If a utility does not intend to develop the site for future commercial use, the agreement pursuant to subsection (2)(b) is not required.

(5) In determining the utility with a service area nearest the site, all measurements must be made on the shortest vector that can be drawn from the line nearest the service area to the nearest portion of the geothermal site.

(6) Prior to September 1 of each even-numbered year, the bureau shall update the energy and telecommunications interim committee on research conducted pursuant to this section and funding received pursuant to [section 2].

(a) a ranking of the top five locations in Montana that offer the best opportunity for near-term development of geothermal energy; and

(b) an estimate of the cost associated with development of each site.

Section 2. Authority to accept gifts, grants, contributions, and reimbursements. The Montana bureau of mines and geology may accept gifts, grants, contributions pursuant to [section 1(3)], and reimbursements to be used for the purposes of [section 1].

WHEREAS, producing for local markets on a family or community scale can reconnect Montana's rural and urban economies and enhance stewardship of Montana's natural and human resources; and

WHEREAS, consumer demand for Montana-based, sustainably grown, nutritious, and affordable food in Montana exceeds supply; and

WHEREAS, farm-derived renewable energy and biofuels hold promise to increase the profitability of family farm and ranch operations, promote domestic energy production, and lessen our dependence on foreign sources of energy; and

WHEREAS, previous investment and capacity built in the state for supporting value-added agricultural development needs to be maintained; and

WHEREAS, increasing technical assistance to Montana's food and agricultural entrepreneurs can help keep more of the state's food, agricultural, and energy dollars circulating in Montana communities.

A disclosure allowed by 33-19-307 is governed by that section.

(13) Disclosure that is limited to that which is reasonably necessary may be made to an insurance-support organization to perform insurance-support services for the licensee. (17) Disclosure that is limited to that which is reasonably necessary may be made to a certificate holder or policyholder for the purpose of providing information regarding the status of an insurance transaction. Disclosure pursuant to this subsection may not be made to a group policyholder without a separate, written authorization from the individual.

(18) Disclosure may be made to a person contractually engaged to provide services to enable a licensee to perform an insurance function, or to perform an insurance function on behalf of a licensee, if the person agrees in writing that the person will not use or further disclose information obtained or developed pursuant to the engagement except to carry out the limited purpose of the engagement and that if further disclosure is necessary to perform the insurance function, that disclosure will be made only to the licensee or to a person who agrees in writing to be bound by the same prohibitions on use and disclosure.

(19) If a licensee has to disclose personal or privileged information in order to perform an insurance function and disclosure is not permitted under another exception in this section, disclosure may be made to a person other than a licensee if the disclosure is limited to that which is reasonably necessary to enable the person to perform services or an insurance function for the disclosing licensee and if the person is notified by the licensee that the person is prohibited from:

(a) using the information other than to carry out the limited purpose for which the information is disclosed; and

(22) Notwithstanding any other provision of this chapter, disclosure for a marketing purpose may be made only as allowed by 33-19-307.

(23) Nothing in this section may be construed to prevent the disclosure of personal information that is otherwise discoverable pursuant to the Montana Rules of Civil Procedure.

(24) The commissioner may adopt rules creating additional exceptions to disclosure restrictions for the purpose of allowing a licensee or insurance-support organization to carry out a necessary insurance function. The commissioner shall adopt rules establishing the methods that must be used by licensees to prevent identification as described in subsection (14)."

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code, 26 U.S.C. 38 and 51(a), is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) Married taxpayers filing a joint federal return who are allowed a capital loss deduction under section 1211 of the Internal Revenue Code, 26 U.S.C. 1211, and who file separate Montana income tax returns may claim the same amount of the capital loss deduction that is allowed on the federal return. If the allowable capital loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(7) In the case of passive and rental income losses, married taxpayers filing a joint federal return and who file separate Montana income tax returns are not required to recompute allowable passive losses according to the federal passive activity rules for married taxpayers filing separately under section 469 of the Internal Revenue Code, 26 U.S.C. 469. If the allowable passive loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(8) Married taxpayers filing a joint federal return in which one or both of the taxpayers are allowed a deduction for an individual retirement contribution under section 219 of the Internal Revenue Code, 26 U.S.C. 219, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction must be attributed to the spouse who made the contribution.

(9) (a) Married taxpayers filing a joint federal return who are allowed a deduction for interest paid for a qualified education loan under section 221 of the Internal Revenue Code, 26 U.S.C. 221, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(b) Married taxpayers filing a joint federal return who are allowed a deduction for qualified tuition and related expenses under section 222 of the Internal Revenue Code, 26 U.S.C. 222, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(10) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(11) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

(12) (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection (12)(a)(iv), not to exceed $5,000, from the taxpayer's adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing shortage county as determined by the secretary of health and human services or by the governor;

(iii) has had a student loan incurred as a result of health-related education; and

(iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment program described in subsection (12)(b) as an incentive to practice in Montana.

(b) For the purposes of subsection (12)(a), a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional. (Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)"

Section 3. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 15, chapter 31, part 1, and the provisions of Title 15, chapter 31, part 1, apply to [section 1].

Section 4. Effective date. [This act] is effective on passage and approval.

Section 5. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to tax years beginning after December 31, 2008.

Section 1. Section 16-2-101, MCA, is amended to read:

"16-2-101. Establishment and closure of agency liquor stores — agency franchise agreement — kinds and prices of liquor. (1) The department shall enter into agency franchise agreements to operate agency liquor stores as the department finds feasible for the wholesale and retail sale of liquor.

(2) (a) The department may from time to time fix the posted prices at which the various classes, varieties, and brands of liquor may be sold, and the posted prices must be the same at all agency liquor stores.

(b) (i) The department shall supply from the state liquor warehouse to agency liquor stores the various classes, varieties, and brands of liquor for resale at the state posted price to persons who hold liquor licenses and to all other persons at the retail price established by the agent.

(ii) (A) According to the ordering and delivery schedule set by the department, an agency liquor store may place a liquor order with the department at its state liquor warehouse in the manner to be established by the department.

(B) The agency liquor store's purchase price is the department's posted price less the agency liquor store's commission rate and less the agency liquor store's weighted average discount ratio. For purposes of this subsection (2)(b)(ii)(B), for agency liquor stores or employee-operated state liquor stores that were operating on June 30, 1994, the weighted average discount ratio is the ratio between an agency liquor store's or the employee-operated state liquor store's full case discount sales divided by the agency liquor store's or employee-operated state liquor store's gross sales, based on fiscal year 1994 reported sales, times the state discount rate for case lot sales, as provided in 16-2-201, divided by the state discount rate for full case lot sales in effect on June 30, 1994. For all other stores that are placed in service after June 30, 1994, the weighted average discount ratio is the average ratio in fiscal year 1994 for similar sized stores for 1 year of operation. The weighted average discount ratio must be computed on the store's first 12 months of operation.

(C) All liquor purchased from the state liquor warehouse by an agency liquor store must be paid for within 60 days of the date on which the department invoices the liquor to the agency liquor store.

(c) An agency liquor store may sell table wine at retail for off-premises consumption.

(3) Agency liquor stores may not be located in or adjacent to grocery stores in communities with populations over 3,000.

(4) *(a)* Agency liquor stores must receive commissions payable as follows:

~~(a)~~*(i)* ~~(i)~~*(A)* a 10% commission for agencies in communities with less than 3,000 in population, unless adjusted pursuant to subsection (6); or

~~(ii)~~*(B)* a commission established by competitive bidding unless adjusted pursuant to subsection (6) for agencies in communities with 3,000 or more in population; plus

~~(b)~~*(ii)* for agency liquor stores operating under a renewed franchise agreement or that have been operated for at least 3 years under an original franchise agreement, a percentage based upon the total annual dollar volume of sales in the previous fiscal year, as follows:

~~(i)~~*(A)* for agency liquor stores with a volume of sales of ~~$500,000~~ *$560,000* or more, 0.875% beginning July 1, ~~2004~~ *2009*;

~~(ii)~~*(B)* for agency liquor stores with a volume of sales of less than ~~$500,000~~ *$560,000*, 1.5% beginning July 1, ~~2004~~ *2009*; or

~~(iii)~~*(C)* for a city with more than one agency liquor store, in lieu of the addition to a commission increase provided in subsection ~~(4)(b)(i)~~ *(4)(a)(ii)(A)* or ~~(4)(b)(ii)~~ *(4)(a)(ii)(B)*, for each agency liquor store in the city, an addition to its commission rate equal to the increase granted the agency liquor store with the lowest commission rate.

(b) The department shall by April 1 of each year determine the dollar values of sales volumes in subsections (4)(a)(ii)(A) and (4)(a)(ii)(B) by using an inflation factor based on the change in the cost of liquor to agency liquor stores during the prior calendar year. The department shall establish the method of determining the inflation factor by rule using a liquor-specific base such as the annual change in the cost per case of the 25 items with the highest sales volume for a calendar year or another appropriate method of measuring the change in liquor prices.

(5) An agency franchise agreement must:

(a) be effective for a 10-year period and must be renewed at the existing commission rate for additional 10-year periods if the requirements of the agency franchise agreement have been satisfactorily performed;

(b) require the agent to maintain comprehensive general liability insurance and liquor liability insurance throughout the term of the agency franchise agreement in an amount established by the department of administration. The insurance policy must:

(i) declare the department as an additional insured; and

(ii) hold the state harmless and agree to defend and indemnify the state in a cause of action arising from or in connection with the agent's negligent acts or activities in the execution and performance of the agency franchise agreement.

(c) provide that upon termination by the department for cause or upon mutual termination, the agent is liable for any outstanding liquor purchase invoices. If payment is not made within the appropriate time, the department may immediately repossess all liquor inventory, wherever located.

(d) specify the reasonable service and space requirements that the agent will provide throughout the term of the agency franchise agreement.

(6) (a) The commission percentage that the department pays the agent under subsection (4)(a) may be reviewed every 3 years at the request of either party. If the agent concurs, the department may adjust the commission percentage to be paid during the remaining term of the agency franchise agreement or until the next time the commission percentage is reviewed, if that is sooner than the term of the agency franchise agreement, to a commission percentage that is equal to the average commission percentage being paid agents with similar sales volumes if:

(i) the agent's commission percentage is less than the average; and

(ii) all the requirements of the agency franchise agreement have been satisfactorily performed.

(b) The adjusted commission percentage determined under subsection (6)(a) may be greater than the average commission paid agents with similar sales volume:

(i) if the agent demonstrates that:

(A) the agent has experienced cost increases that are beyond the agent's control, including but not limited to increases in the federally established minimum wage or escalation in prevailing rent; and

(B) the average commission percentage is insufficient to yield net income commensurate with net income experienced before the cost increases occurred; and

(ii) if the department demonstrates that it is unable to indicate adjustments in the requirements specified in the agent's franchise agreement that will eliminate the impact of cost increases.

(7) The liability insurance requirement may be reviewed every 3 years at the request of either the agent or the department. If the agent concurs, the department may adjust the requirements to be effective during the remaining term of the agency franchise agreement if the adjustments adequately protect the state from risks associated with the agent's negligent acts or activities in the execution and performance of the agency franchise agreement. The amount of liability insurance coverage may not be less than the minimum requirements of the department of administration.

(8) (a) The department may terminate an agency franchise agreement if the agent has not satisfactorily performed the requirements of the agency franchise agreement because the agent:

(i) charges retail prices that are less than the department's posted price for liquor, sells liquor to persons who hold liquor licenses at less than the posted price, or sells liquor at case discounts greater than the discount provided for in 16-2-201 to persons who hold liquor licenses;

(ii) fails to maintain sufficient liability insurance;

(iii) has not maintained a quantity and variety of product available for sale commensurate with demand, delivery cycle, repayment schedule, mixed case shipments from the department, and the ability to purchase special orders;

(iv) at an agency liquor store located 35 miles or more from the nearest agency liquor store, has operated the agency liquor store in a manner that makes the premises unsanitary or inaccessible for the purpose of making purchases of liquor; or

(v) fails to comply with the express terms of the agency franchise agreement.

(b) The department shall give an agent 30 days' notice of its intent to terminate the agency franchise agreement for cause and specify the unmet requirements. The agent may contest the termination and request a hearing within 30 days of the date of notice. If a hearing is requested, the department shall suspend its termination order until after a final decision has been made pursuant to the Montana Administrative Procedure Act.

(c) In the case of failure to make timely payments to the department for liquor purchased, the department may terminate the agency franchise agreement and immediately repossess any liquor purchased and in the possession of the agent. If an agency franchise agreement is terminated, the agent may contest the termination and request a hearing within 30 days of the department's repossession of the liquor. The agency liquor store shall remain closed until a final decision has been reached following a hearing held pursuant to the Montana Administrative Procedure Act.

(9) An agency franchise agreement may be terminated upon mutual agreement by the agent and the department.

(10) An agent may assign an agency franchise agreement to a person who, upon approval of the department, is named agent in the agency franchise agreement, with the rights, privileges, and responsibilities of the original agent for the remaining term of the agency franchise agreement. The agent shall notify the department of an intent to assign the agency franchise agreement 60 days before the intended effective date of the assignment. The department may not unreasonably withhold approval of an assignment request.

(11) A person or entity may not hold an ownership interest in more than one agency liquor store.

(12) The department shall maintain sufficient inventory in the state warehouse in order to meet a monthly service level of at least 97%."

The form must identify the bill number, the sponsor of the bill, the date prepared, the version of the fiscal note being rebutted, the reasons the sponsor disagrees with the fiscal note, the items or assumptions in the fiscal note that the sponsor believes are incorrect, and the sponsor's estimate of the fiscal impact, if an estimate is available.*

The fiscal note should represent only the estimate of the revenue and expenditures that would result from the implementation of the legislation, if enacted, and may not in any way reflect the

views or opinions of the preparing agencies, the sponsor, or other interested parties. Changes in revenue must be estimated for each reported year based upon appropriate revenue estimating methodologies for the source of revenue described and should reflect a change from the official revenue estimate provided for in 5-5-227. Expenditures must be estimated as the amount required for implementing the legislation, if enacted, in excess of or as a reduction to the present law base level of expenditures in each reported year regardless of whether or not the preparing agency determines that it can absorb the costs in its proposed budget.

(3) The fiscal note must clearly differentiate between facts and assumptions made in the preparation of the fiscal note while maintaining a logical flow of both fact and assumption in presenting how the fiscal impact is determined."

(2) A municipality issuing bonds pursuant to subsection (1) may, by resolution of its governing body, enter into a covenant for the security of the bondholders, detailing the calculation and adjustment of the tax increment and the taxable value on which it is based and, after a public hearing, pledging or appropriating other revenue of the municipality, except property taxes

prohibited by subsection (3), to the payment of the bonds if collections of the tax increment are insufficient.

(3) Property taxes, except the tax increment derived from property within the area or district and tax collections used to pay for services provided to the municipality by a project, may not be applied to the payment of bonds issued pursuant to 7-15-4301 for which a tax increment has been pledged."

Section 7. Section 7-15-4292, MCA, is amended to read:

"7-15-4292. Termination of tax increment financing — exception. (1) The tax increment provision terminates upon the later of:

(a) the 15th year following its adoption; or

(b) the payment or provision for payment in full or discharge of all bonds for which the tax increment has been pledged and the interest on the bonds.

(2) (a) Except as provided in subsection (2)(b), any amounts remaining in the special fund or any reserve fund after termination of the tax increment provision must be distributed among the various taxing bodies in proportion to their property tax revenue from the *area or* district.

(b) Upon termination of the tax increment provision, a municipality may retain and use in accordance with the provisions of the urban renewal plan:

(i) funds remaining in the special fund or a reserve fund related to a binding loan commitment, construction contract, or development agreement for an approved urban renewal project that a municipality entered into before the termination of a tax increment provision;

(ii) loan repayments received after the date of termination of the tax increment provision from loans made pursuant to a binding loan commitment; or

(iii) funds from loans previously made pursuant to a loan program established under an urban renewal plan.

(3) After termination of the tax increment provision, all taxes must be levied upon the actual taxable value of the taxable property in the urban renewal area, the industrial district, ~~or~~ the technology district*, or the aerospace transportation and technology district* and must be paid ~~into the funds~~ *to each* of the ~~respective~~ taxing bodies *as provided by law*.

(4) Bonds secured in whole or in part by a tax increment provision may not be issued after the 15th anniversary of tax increment provisions. However, if bonds secured by a tax increment provision are outstanding on the applicable anniversary, additional bonds secured by the tax increment provision may be issued if the final maturity date of the bonds is not later than the final maturity date of any bonds then outstanding and secured by the tax increment provision."

Section 8. Section 7-15-4293, MCA, is amended to read:

"7-15-4293. Adjustment of base taxable value following change of law. (1) If the base taxable value of an urban renewal area, an industrial district, ~~or~~ a technology district*, or an aerospace transportation and technology district* is affected after its original determination by a statutory, administrative, or judicial change in the method of appraising property, the tax rate applied to it, the tax exemption status of property, or the taxable valuation of property if the change in taxable valuation is based on conditions existing at the time the base year was established, the governing body of the municipality may request the department of revenue to estimate the base taxable value so that the tax increment resulting from the increased incremental value is

sufficient to pay all principal and interest on the bonds as those payments become due.

(2) If a tax increment financing district created after January 1, 2002, has not issued bonds, the governing body of a municipality may request the department of revenue to adjust the base taxable value to account for a loss of taxable revenue resulting from the state granting property in the *area or* district tax-exempt status within the first year of creation of the tax increment financing district. The municipality shall give notice of and hold a public hearing on the proposed change."

Section 9. Section 7-15-4294, MCA, is amended to read:

"7-15-4294. Assessment agreements. (1) A municipality may enter into a written agreement with any private person:

(a) establishing a minimum market value of land, existing improvements, or improvements or equipment to be constructed or acquired; and

(b) requiring the individual to pay an annual tax deficiency fee whenever the property that is the subject of the agreement is valued by the department of revenue for property tax purposes at a market value that is less than the value established by the agreement. The amount of the deficiency fee may not exceed the difference between the property taxes that would have been imposed on the property based on the minimum value of the property expressed in the agreement and the property taxes that are imposed on the property based on the market value established by the department of revenue.

(2) The property that is the subject of the agreement must be located or installed in an urban renewal area, *an* industrial district, *a technology district, an* aerospace transportation and technology district, or any other area or district that is subject to a tax increment financing provision.

(3) The minimum value established by the agreement may be fixed or may increase or decrease in later years from the initial minimum value as provided in the agreement.

(4) The agreement creates a lien on the property pursuant to 71-3-1506 and must be filed and recorded in the office of the county clerk and recorder in each county in which the property or any part of the property is located. Recording an agreement constitutes notice of the agreement to anyone who acquires any interest in the property that is the subject of the agreement, and the agreement is binding upon the person acquiring the interest.

(5) An agreement made pursuant to subsection (1) may be modified or terminated by mutual consent of the current parties to the agreement. Modification or termination of an agreement must be approved by the governing body of the municipality. A document modifying or terminating an agreement must be filed in the office of the county clerk and recorder in each county in which the property or any part of the property is located.

(6) An agreement entered into pursuant to subsection (1) or modified pursuant to subsection (5) terminates on the earliest of:

(a) the date on which conditions in the agreement for termination are satisfied;

(b) the termination date specified in the agreement; or

(c) the date when the tax increment is no longer paid to the municipality under 7-15-4292.

(7) ~~Nothing in this~~ *This* section ~~limits~~ *does not limit* a municipality's authority to enter into contracts other than tax deficiency agreements as described in this section."

Section 10. Section 7-15-4295, MCA, is amended to read:

The purpose of a technology district is ~~for~~ the development of infrastructure to encourage the location and retention of technology *infrastructure* development projects in the state. The tenants of a technology district must be businesses or organizations engaged in technology-based operations within Montana that through the employment of knowledge or labor add value to a product, process, or export service that results in the creation of new wealth and for which at least 50% of the sales of the business or organization occur outside of Montana or the business or organization is a manufacturing company with at least 50% of its sales to other Montana companies that have 50% of their sales occurring outside of Montana.

(2) Any bonds issued pursuant to this section ~~shall~~ *must* be issued in the manner and within the limitations prescribed by the laws of this state for the issuance and authorization of bonds by ~~such~~ *the* municipality for public purposes generally.

(3) Aiding in the planning, undertaking, or carrying out of an approved urban renewal project*,* ~~or an~~ industrial infrastructure development project*, technology infrastructure development project, or aerospace transportation and technology infrastructure project* is considered a single purpose for the issuance of general obligation bonds, and the proceeds of the bonds authorized for ~~any such~~ *a* project may be used to finance the exercise of ~~any and all~~ *the* powers conferred upon the municipality by *Title 7, chapter 15, part 42, and* this part ~~and part 42 which~~ *that* are necessary or proper to complete the project in accordance with the approved plan*,* ~~or~~ industrial district ordinance*, technology district ordinance, or aerospace transportation and technology district ordinance* and any modification ~~thereof~~ *to the ordinance that is* duly adopted by the local governing body."

Section 16. Section 7-15-4324, MCA, is amended to read:

"7-15-4324. Special bond provisions when tax increment financing is involved. (1) Bonds issued under this part for which a tax increment is pledged pursuant to 7-15-4282 through ~~7-15-4292~~ *7-15-4299* must be designed

to mature not later than 25 years from their date of issue and must mature in years and amounts so that the principal and interest due on the bonds in each year may not exceed the estimated tax increment, payments in lieu of taxes or other amounts agreed to be paid by the property owners in a district, and other estimated revenue, including proceeds of the bonds available for payment of interest on the bonds, pledged to their payment to be received in that year.

(2) The governing body, in the resolution or ordinance authorizing the bonds, shall determine the estimated tax increment, payments in lieu of taxes or other amounts agreed to be paid by the property owners in ~~a~~ *an area or* district, and other revenue, if any, for each year the bonds are to be outstanding. In calculating the costs under 7-15-4288 for which the bonds are issued, the municipality may include an amount sufficient to pay interest on the bonds prior to receipt of tax increments pledged and sufficient for the payment of the bonds and to fund any reserve fund in respect of the bonds."

Section 17. Section 17-5-820, MCA, is amended to read:

"17-5-820. Authorization of bonds. (1) The board of examiners is authorized to issue and sell general obligation bonds in an amount not exceeding $20 million in accordance with the terms and in the manner required by Title 17, chapter 5, part 8, for the purpose of financing and acquiring infrastructure improvements as enumerated in 7-15-4288 for aerospace transportation and technology *infrastructure development* projects recommended by the department of commerce in accordance with the authority granted to the board by this section. The bonds are in addition to any other authorization to the board to issue and sell general obligation bonds and subject to the conditions set forth in this section.

(2) The department of commerce may request the board of examiners to issue the bonds for one or more specified projects in one or more series, but the total amount of bonds issued may not exceed $20 million. Bond proceeds are appropriated to the department of commerce, and the department of commerce is authorized to acquire or construct the infrastructure improvements, to contract with the *incorporated* city or *town,* county*, or city-county consolidated local government* in which a project is located, to contract with an airport authority~~,~~ as defined in 67-1-101, a local port authority~~,~~ as described in 7-14-1101, or a regional port authority~~,~~ as described in 7-14-1102, to contract with a certified regional development corporation~~,~~ as defined in 90-1-116, or*,* upon a determination that it is in the best interest of the project*,* to contract with the developer of an approved project for the acquisition or construction of the infrastructure improvement. The plans and specifications for the infrastructure to be financed from the proceeds of the bonds must be prepared by an engineer or architect~~,~~ *who is* licensed and bonded in Montana, and the state must be named as an additional insured under any contract, performance bond, or other documents for the design of any improvements to be financed by the state. The plans and specifications must be reviewed and approved by the department of commerce after consultation with the architecture and engineering division of the department of administration. The design and acquisition or construction of the infrastructure for approved projects are not, with the exception of Title 18, chapter 2, part 4, subject to the public procurement requirements contained in Title 18. All construction contracts entered into for the construction of improvements to be financed under this section must name the state as an additional insured if the state is not otherwise party to the contract. All improvements financed with bond proceeds must be owned by the state, and the use must be governed by a development agreement between the state and the

developer of the project. The agreement may provide for the lease or the use of the infrastructure at less than fair market value, taking into consideration the number of jobs to be created by the project, the salary range of the jobs, the amount of capital contributed by the developer, and the projected tax revenue to be received by the state and local governments from the project over the term of the lease or use agreement. The agreement must require the contractor to insure for liability and workers' compensation claims during construction and must provide the project developer with the right of first refusal for the purchase of any real property and improvements financed by the bonds at fair market value. Fair market value must be determined by a certified appraiser. For purposes of this section, state and local governments may not provide telecommunications or other services in competition with private providers unless private providers cannot provide the services.

(3) It is the intent of the legislature that state individual and corporate income taxes and state property taxes generated by the aerospace transportation and technology infrastructure development projects will be at least equal to the projected amount of the debt service to be paid by the state for the bonds authorized by this section over the term of the bonds. Prior to requesting the board of examiners to issue the bonds, the department of commerce shall determine that the developer of a proposed project has the financial ability to implement the project based upon the audited financial statements of the developer. When requesting the board to issue the bonds, the department of commerce shall present to the department of administration for presentation to the board the following:

(a) evidence satisfactory to the board that *the developer of* each aerospace transportation and technology infrastructure development project has committed itself to locate its project in Montana; and

(b) a certificate signed by the director of the office of budget and program planning that the proposed project will, over the term of the bonds, generate state individual and corporate income taxes and state property taxes at least equal to the total aggregate amount of principal and interest on the bonds over the term of the bonds. In preparing the analysis for the report on the projected tax revenue from the project, the multiplier effect may be taken into account, using the number of jobs, the salary levels for the jobs, and the estimated date of hire for each position that the developer will commit to create as part of the development agreement. The development agreement must provide that if the developer has not created the total number of jobs at the estimated salaries by the date specified in the development agreement and assumed for purposes of meeting the projections, the state may terminate the lease or use of the improvements upon 30 days' notice. If the department of commerce is unable to enter into a new lease or use agreement for the improvements that is advantageous to the state, the state may sell the facility to the highest and best bidder and use the proceeds of the sale to redeem the outstanding bonds.

(4) In determining whether to recommend to the board of examiners that improvements should be constructed by the state from the proceeds of the bonds for a project, the department of commerce may take into consideration only the following factors:

(a) whether the project is eligible for financing;

(b) whether there is sufficient evidence to demonstrate the developer's ability to implement the project;

(c) the projected tax revenue report;

(d) whether the project as proposed and situated can obtain the necessary zoning, building, and environmental permits required; and

(e) whether the project is in the public interest.

(5) In recommending the amount of bonds to be issued for a qualified project, the department of commerce shall independently determine that the proposed estimated cost of the project is not in excess of what is required for the project and independently verify the projected costs of designing and constructing the improvements proposed to be financed exclusive of any development fee to the developer. The authorized bond proceeds must be used for projects on a first-come, first-served basis."

Section 18. Effective date. [This act] is effective on passage and approval.

~~(1)(d) of 80-10-102 which~~ *80-10-102(1)(b), (1)(c), and (1)(d) that* the registrant is required to or may guarantee ~~shall~~ *may* be evaluated, and penalties ~~shall~~ *may* be assessed at two times the commercial value of the deficiency as determined by the ~~dealer's~~ retail price ~~on the date of sampling~~ *based on a semiannual state survey*.

(4) Nothing contained in this section ~~shall prevent~~ *prevents* any person from appealing the department's decision to a court of competent jurisdiction.

(5) All penalties assessed under this section ~~shall~~ *must* be paid to the consumer of the lot, not to exceed 100 tons, of commercial fertilizer represented by the sample analyzed within 3 months after the date of notice from the department to the ~~registrant or licensee~~ *responsible party*. If at the end of the 3-month period the consumer cannot be found, receipts ~~shall~~ *must* be taken and promptly forwarded to the department for deposit in the state special revenue fund as provided in 80-10-207.

(6) If the department cannot reasonably determine the lot size, then the lot size is considered to be 2 tons for the purposes of calculating the commercial value of the deficiency.

(7) A deficiency in an official sample of mixed fertilizer that results from nonuniformity is not distinguishable from a deficiency to actual plant nutrient shortage and is subject to official action."

Section 14. Section 80-10-209, MCA, is amended to read:

"80-10-209. Publications. The department ~~shall~~ *may* publish ~~at least annually~~ *by electronic or other means annual* information concerning the sales of commercial fertilizers and soil amendments, together with data on their production and use as it considers advisable, and ~~shall~~ *may* report the results of the analyses based on official samples of commercial fertilizers and soil amendments sold in this state."

Section 15. Section 80-10-303, MCA, is amended to read:

"80-10-303. Violations — enforcement proceedings — judicial review. (1) If it appears from the examination of any commercial fertilizer or from the inspection of any anhydrous ammonia facility that this chapter or the rules adopted under this chapter have been violated, the department shall give notice of the violations to the registrant, licensee, distributor, or possessor from whom the sample was taken. A person notified ~~shall~~ *must* be given an opportunity to be heard under rules of the department. If it appears after a hearing, either in the presence or absence of the person notified, that this chapter or rules issued under this chapter have been violated, the department may certify the facts to the proper prosecuting attorney.

(2) A person who violates this chapter or the rules adopted under this chapter or who obstructs, prevents, or attempts to prevent the department from performing its duty ~~under this chapter is guilty of a misdemeanor and shall~~ *may* be fined not less than $300 or more than $500 for the first violation and not less than $300 or more than $1,000 for a subsequent violation. In all ~~prosecutions~~ *actions* under this chapter involving the composition of a lot of commercial fertilizer, a certified copy of the official analysis of the department is prima facie evidence of the composition.

(3) Nothing in this chapter requires the department to report for prosecution or for the beginning of seizure proceedings minor violations of this chapter when it believes that the public interest will be best served by a suitable notice of warning in writing.

(4) A prosecuting attorney to whom a violation is reported shall prosecute the violator in a court of competent jurisdiction without delay.

(5) The department may apply for and the court may grant a temporary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this chapter or any rule adopted under the chapter notwithstanding the existence of other remedies at law. The injunction ~~shall~~ *must* be issued without bond.

(6) If an in-state manufacturer or supplier fails to pay a fee required under 80-10-207, the manufacturer or supplier may be fined an amount up to $1,000 or twice the fee that should have been paid, whichever is higher. If a supplier fails to obtain a license as required in 80-10-202(3), the supplier may be assessed a civil penalty of $500 for each quarter that the supplier fails to be licensed, in addition to any other amounts owed to the state.

~~(6)~~*(7)* If a person adversely affected by an act, order, or ruling made by the department under this chapter is not entitled to a hearing before the department to determine ~~his~~ *the person's* rights, ~~he~~ *the person* may within 45 days sue in the district court of any county where the alleged violation giving rise to the department's act, order, or ruling occurred~~,~~ for new trial of the issues bearing upon the act, order, or ruling. After the trial the court may issue and enforce those orders, judgments, or decrees it considers proper, just, and equitable."

Section 16. Section 80-15-302, MCA, is amended to read:

"80-15-302. Special funding. (1) A fee of $95 is assessed for the registration of pesticides in addition to the fee imposed by 80-8-201(4).

(2) The money collected from the registration fee established by subsection (1) must be deposited in the state special revenue fund as follows:

(a) Each of the following state agencies must be credited $15,000 for purposes of administering or assisting the department in administering this chapter:

(i) department of environmental quality; and

(ii) Montana state university-Bozeman extension service.

(b) The department must be credited with the remainder of the registration fee money to use in administering this chapter.

(3) A fee of $10 is assessed for the registration of fertilizers in addition to the ~~fee~~ *fees* imposed by 80-10-201(1)*(a)(i) and (1)(a)(ii)*. The additional fee must be used for the ground water protection responsibilities of the department relating to fertilizers. Revenues collected from this fee must be credited to the commercial fertilizer agricultural chemical ground water account within the state special revenue fund for the administration of this chapter.

(4) The department may direct the board of investments to invest the portion of the money collected under this section that is credited to the department pursuant to the provisions of 17-6-201. The income from the investments must be deposited in the state special revenue fund and credited to the department."

Section 17. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 80, chapter 10, part 1, and the provisions of Title 80, chapter 10, part 1, apply to [section 1].

Section 18. Effective date. [This act] is effective July 1, 2009.

"75-11-307. Reimbursement for expenses caused by release. (1) Subject to the availability of money from the fund under subsection ~~(5)~~ *(7)*, an owner or operator who is eligible under 75-11-308 and who complies with 75-11-309 and any rules adopted to implement those sections must be reimbursed by the board from the fund for the following eligible costs caused by a release from a petroleum storage tank:

(a) corrective action costs as required by a department-approved corrective action plan, except if the corrective action plan addresses releases of substances

other than petroleum products from an eligible petroleum storage tank, the board may reimburse only the costs that would have reasonably been incurred if the only release at the site was the release of the petroleum or petroleum products from the eligible petroleum storage tank; and

(b) compensation paid to third parties for bodily injury or property damage. The board may not reimburse for property damage until the corrective action is completed.

(2) An owner or operator may not be reimbursed from the fund for the following expenses:

(a) corrective action costs or the costs of bodily injury or property damage paid to third parties that are determined by the board to be ineligible for reimbursement;

(b) costs for bodily injury and property damage, other than corrective action costs, incurred by the owner or operator;

(c) penalties or payments for damages incurred under actions by the department, board, or federal, state, local, or tribal agencies or other government entities involving judicial or administrative enforcement activities and related negotiations;

(d) attorney fees and legal costs of the owner, the operator, or a third party;

(e) costs for the repair or replacement of a tank or piping or costs of other materials, equipment, or labor related to the operation, repair, or replacement of a tank or piping;

(g) expenses exceeding the maximum reimbursements provided for in subsection (4); ~~and~~

(h) costs for which an owner or operator has received reimbursement or payment from an insurer or other third party; and

~~(h)~~*(i)* expenses for work completed by or on behalf of the owner or operator more than 5 years prior to the owner's or operator's request for reimbursement. This limitation does not apply to claims for compensation paid to third parties for bodily injury or property damage. The running of the 5-year limitation period is suspended by an appeal of the board's denial of eligibility for reimbursement. If a written request for hearing is filed under 75-11-309, the suspension of the 5-year limitation period is effective from the date of the board's initial eligibility denial to the date on which the initial eligibility denial is overturned or reversed by the board, a district court, or the state supreme court, whichever occurs latest. The board may grant reasonable extensions of this limitation period if it is shown that the need for the extension is not due to the negligence of the owner or operator or agent of the owner or operator.

(3) An owner or operator may designate a person as an agent to receive the reimbursement if the owner or operator remains legally responsible for all costs and liabilities incurred as a result of the release.

(4) Subject to the availability of funds under subsection ~~(5)~~ *(7)*:

(a) for releases eligible for reimbursement from the ~~petroleum tank release cleanup~~ fund that are discovered and reported on or after April 13, 1989, from a tank storing heating oil for consumptive use on the premises where it is stored or from a farm or residential tank with a capacity of 1,100 gallons or less that is used for storing motor fuel for noncommercial purposes, the board shall reimburse an owner or operator for:

~~(i) 50% of the first $10,000 of eligible costs and 100% of subsequent eligible costs, up to a maximum total reimbursement of $495,000:~~

~~(A) for single-walled tank system releases; and~~

~~(B) for double-walled tank system releases for which the release date was prior to October 1, 1993; or~~

~~(ii)~~*(i)* 100% of the eligible costs, up to a maximum total reimbursement of $500,000, for properly designed and installed double-walled tank system ~~accidental~~ releases that were discovered and reported on or after October 1, 1993*, and before October 1, 2009; or*

(ii) 50% of the first $10,000 of eligible costs and 100% of subsequent eligible costs, up to a maximum total reimbursement of $495,000 for all other releases; and

(b) for all other releases eligible for reimbursement from the ~~petroleum tank release cleanup~~ fund that are discovered and reported on or after April 13, 1989, the board shall reimburse an owner or operator for:

~~(i) 50% of the first $35,000 of eligible costs and 100% of subsequent eligible costs, up to a maximum total reimbursement of $982,500:~~

~~(A) for single-walled tank system releases; and~~

~~(B) for double-walled tank system releases for which the release date was prior to October 1, 1993; or~~

~~(ii)~~*(i)* 100% of the eligible costs, up to a maximum total reimbursement of $1 million, for properly designed and installed double-walled tank system ~~accidental~~ releases that were discovered and reported on or after October 1, 1993*, and before October 1, 2009; or*

(ii) 50% of the first $35,000 of eligible costs and 100% of subsequent eligible costs, up to a maximum total reimbursement of $982,500 for all other releases.

(5) If an insurer pays or reimburses an owner or operator for costs that qualify as eligible costs under subsection (1), the costs paid or reimbursed by the insurer:

(a) are considered to have been paid by the owner or operator toward satisfaction of the 50% share requirements of subsection (4)(a)(ii) or (4)(b)(ii) if the owner or operator receives the payment or reimbursement before applying for reimbursement from the board;

(b) are not reimbursable from the fund; and

(c) except for the amount considered to have been paid by the owner or operator pursuant to subsection (5)(a), are considered to have been reimbursed from the fund for purposes of determining when the board has paid the maximum amount payable from the fund under subsection (4)(a)(ii) or (4)(b)(ii).

~~(5)~~*(6)* If the fund does not contain sufficient money to pay approved claims for eligible costs, a reimbursement may not be made and the fund and the board are not liable for making any reimbursement for the costs at that time. When the fund contains sufficient money, eligible costs must be reimbursed subsequently in the order in which they were approved by the board."

Section 3. Section 75-11-309, MCA, is amended to read:

"75-11-309. Procedures for reimbursement of eligible costs. (1) An owner or operator seeking reimbursement for eligible costs and the department shall comply with the following procedures:

(a) If an owner or operator discovers or is provided evidence that a release may have occurred from the owner's or operator's petroleum storage tank, the owner or operator shall immediately notify the department of the release and conduct an initial response to the release in accordance with state and federal laws and rules to protect the public health and safety and the environment.

(b) Except for a tank for which a permit is sought under 75-11-308(1)(b)(iii) and that is closed within 120 days of discovery of the release, following discovery of the release, the petroleum storage tank must remain in compliance with applicable state and federal laws and rules that the board determines pertain to prevention and mitigation of petroleum releases.

(c) The owner or operator shall conduct a thorough investigation of the release, report the findings to the department, and, as determined necessary by the department, prepare and submit for approval by the department a corrective action plan that conforms with state, tribal (when applicable), and federal corrective action requirements.

(d) (i) The department shall review the corrective action plan and forward a copy to a local government office and, when applicable, a tribal government office with jurisdiction over a corrective action for the release. The local or tribal government office shall inform the department if it wants any modification of the proposed plan.

(ii) Based on its own review and comments received from a local government, tribal government, or other source, the department may approve the proposed corrective action plan, make or request the owner or operator to modify the proposed plan, or prepare its own plan for compliance by the owner or operator. A plan finally approved by the department through any process provided in this subsection (1)(d) is the approved corrective action plan.

(iii) After the department approves a corrective action plan, a local government or tribal government may not impose different corrective action requirements on the owner or operator.

(e) The department shall notify the owner or operator of its approval of a corrective action plan and shall promptly submit a copy of the approved corrective action plan to the board.

(f) The owner or operator shall implement the corrective action plan or plans approved by the department until the release is resolved. The department may oversee the implementation of the plan, require reports and monitoring from the owner or operator, undertake inspections, and otherwise exercise its authority concerning corrective action under Title 75, chapter 10, part 7, Title 75, chapter 11, part 5, and other applicable law and rules.

(g) (i) The owner or operator shall document in the manner required by the board all expenses incurred in preparing and implementing the corrective action plan. The owner or operator shall submit claims and substantiating documents to the board in the form and manner required by the board.

(ii) The board shall review each claim and determine if the claims are actual, reasonable, and necessary costs of responding to the release and implementing the corrective action plan.

(iii) If the board requires additional information to determine if a claimed cost is actual, reasonable, and necessary, the board may request comment from the department and the owner or operator.

(iv) If the department determines that an owner or operator is failing to properly implement a corrective action plan, it shall notify the board.

(h) The owner or operator shall document, in the manner required by the board, any payments to a third party for bodily injury or property damage caused by a release. The owner or operator shall submit claims and substantiating documents to the board in the form and manner required by the board.

(i) In addition to the documentation in subsections (1)(g) and (1)(h), when the release is claimed to have originated from a *properly designed and installed* double-walled tank system, the owner or operator shall document, in the manner required by the board, the following:

(i) the date that the release was discovered; *and*

(ii) that the originating tank was part of a *properly designed and installed* double-walled tank system ~~as defined in 75-11-302; and~~

~~(iii) that the double-walled tank system was properly installed and made of materials and constructed in accordance with applicable department regulations~~.

(2) If an owner or operator is issued an administrative order for failure to comply with requirements imposed by or pursuant to Title 75, chapter 11, part 5, or rules adopted pursuant to Title 75, chapter 11, part 5, all reimbursement of claims submitted after the date of the order must be suspended. Upon a written determination by the department that the owner or operator has returned to compliance with the requirements of Title 75, chapter 11, part 5, or rules adopted pursuant to Title 75, chapter 11, part 5, suspended and future claims may be reimbursed according to criteria established by the board. In establishing the criteria, the board shall consider the effect and duration of the noncompliance.

(3) The board shall review each claim received under subsections (1)(g) and (1)(h), make the determination required by this subsection, inform the owner or operator of its determination, and, as appropriate, reimburse the owner or operator from the fund. Before approving a reimbursement, the board shall affirmatively determine that:

(a) the expenses for which reimbursement is claimed:

(i) are eligible costs; and

(ii) were actually, necessarily, and reasonably incurred for the preparation or implementation of a corrective action plan approved by the department or for payments to a third party for bodily injury or property damage; and

(b) the owner or operator:

(i) is eligible for reimbursement under 75-11-308; and

(ii) has complied with this section and any rules adopted pursuant to this section. Upon a determination by the board that the owner or operator has not complied with this section or rules adopted pursuant to this section, all reimbursement of pending and future claims must be suspended. Upon a determination by the board that the owner or operator has returned to compliance with this section or rules adopted pursuant to this section, suspended and future claims may be reimbursed according to criteria

established by the board. In establishing the criteria, the board shall consider the effect and duration of the noncompliance.

(4) *(a)* If an owner or operator disagrees with a board determination under subsection (3), the owner or operator may submit a written request for a hearing before the board.

(b) A written request for a hearing must be received by the board within 120 days after notice of the board's determination is served on the owner or operator by certified mail. The notice of determination must advise the owner or operator of the 120-day time limit for submitting a written request for a hearing to the board. Not less than 50 days or more than 60 days after the board serves the notice of determination, the board shall serve on the owner or operator a second notice by certified mail advising the owner or operator of the deadline for requesting a hearing. Service by certified mail is complete on the date shown on the certified mail receipt.

(c) If a written request is received within 120 days, the ~~The~~ hearing must be held at a meeting of the board or as otherwise permitted under the Montana Administrative Procedure Act no later than 120 days following receipt of the request or at a time mutually agreed to by the board and the owner or operator.

(d) If a written request is not received within 120 days, the determination of the board is final.

(5) The board shall obligate money for reimbursement of eligible costs of owners and operators in the order that the costs are finally approved by the board.

(6) (a) The board may, at the request of an owner or operator, guarantee in writing the reimbursement of eligible costs that have been approved by the board but for which money is not currently available from the fund for reimbursement.

(b) The board may, at the request of an owner or operator, guarantee in writing reimbursement of eligible costs not yet approved by the board, including estimated costs not yet incurred. A guarantee for payment under this subsection (6)(b) does not affect the order in which money in the fund is obligated under subsection (5).

(c) When considering a request for a guarantee of payment, the board may require pertinent information or documentation from the owner or operator. The board may grant or deny, in whole or in part, any request for a guarantee."

Section 4. Section 75-11-314, MCA, is amended to read:

"75-11-314. Petroleum storage tank cleanup fee — collection — penalties — warrant for distraint — statute of limitations. (1) Except as provided in subsection (4), each distributor shall pay to the department of transportation a petroleum storage tank cleanup fee for each gallon of gasoline, aviation gasoline, special fuel, or heating oil distributed by the distributor within the state and upon which the fee has not been paid by any other distributor. The fee must equal:

~~(a) 1 cent for each gallon of gasoline distributed from July 1, 1989, through June 30, 1991;~~

~~(b)~~*(a)* 0.75 cent for each gallon of gasoline ~~distributed after July 1, 1991~~;

(2) Gasoline, aviation gasoline, special fuel, and heating oil exported or sold for export out of the state must be included in the measure of a distributor's fee.

(3) Ethanol that is blended with gasoline to be sold as ethanol-blended gasoline is subject to the fee provided in subsection (1).

(4) A fee may not be imposed or collected beginning on the first day of the first month in the first calendar quarter after the unobligated balance in the fund equals or exceeds ~~$8~~ *$10* million. Whenever the unobligated fund balance, less claims anticipated for board approval within the next 90 days, is less than ~~$4~~ *$6* million, the department of transportation shall, within 30 days, notify distributors by mail that the fee is reinstated beginning on the first day of the first month that begins no less than 30 days after the date of the notice. Once reinstated, the fee must be imposed and collected until the unobligated fund balance again equals or exceeds ~~$8~~ *$10* million.

(5) The department of transportation shall collect the fee in the same manner as the basic gasoline license tax under Title 15, chapter 70, part 2. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-1-203, MCA, is amended to read:

"85-1-203. State water plan. (1) The department shall gather from any source reliable information relating to Montana's water resources and prepare

from the information a continuing comprehensive inventory of the water resources of the state. In preparing this inventory, the department may*:*

(a) conduct studies;

(b) adopt studies made by other competent water resource groups, including federal, regional, state, or private agencies;

(c) perform research or employ other competent agencies to perform research on a contract basis; and

(d) hold public hearings in affected areas at which all interested parties must be given an opportunity to appear.

(2) The department shall formulate and adopt and amend, extend, or add to a comprehensive, coordinated multiple-use water resources plan known as the "state water plan". The state water plan may be formulated and adopted in sections, *with some of* these sections corresponding with hydrologic divisions of the state. The state water plan must set out a progressive program for the conservation, development, ~~and~~ utilization*, and sustainability* of the state's water resources and propose the most effective means by which these water resources may be applied for the benefit of the people, with due consideration of alternative uses and combinations of uses.

(3) Sections of the state water plan must be completed for the Missouri, Yellowstone, and Clark Fork river basins, submitted to the 2015 legislature, and updated at least every 20 years. These basinwide plans must include:

(a) an inventory of consumptive and nonconsumptive uses associated with existing water rights;

(b) an estimate of the amount of surface and ground water needed to satisfy new future demands;

(c) analysis of the effects of frequent drought and new or increased depletions on the availability of future water supplies;

(d) proposals for the best means, such as an evaluation of opportunities for storage of water by both private and public entities, to satisfy existing water rights and new water demands;

(e) possible sources of water to meet the needs of the state; and

(f) any legislation necessary to address water resource concerns in these basins.

(4) (a) The department shall create a water user council in both the Yellowstone and Missouri River basins that is inclusive and representative of all water interests and interests in those basins. For the Clark Fork basin, the department shall continue to utilize the Clark Fork River basin task force established pursuant to 85-2-350.

(b) The councils in the Missouri and Yellowstone River basins consist of representatives of existing watershed groups or councils within the basins.

(c) Each council may have up to 20 members.

(d) Each water user council shall make recommendations to the department on the basinwide plans required by subsection (3).

(5) Before adopting the state water plan or any section of the plan, the department shall hold public hearings in the state or in an area of the state encompassed by a section of the plan if adoption of a section is proposed. Notice of the hearing or hearings must be published for 2 consecutive weeks in a newspaper of general county circulation in each county encompassed by the proposed plan or section of the plan at least 30 days prior to the hearing.

~~(3)~~*(6)* The department shall submit to the environmental quality council established in 5-16-101 and to the legislature at the beginning of each regular session the state water plan or any section of the plan or amendments, additions, or revisions to the plan that the department has formulated and adopted.

~~(4)~~*(7)* The legislature, by joint resolution, may revise the state water plan.

~~(5)~~*(8)* The department shall prepare a continuing inventory of the ground water resources of the state. The ground water inventory must be included in the comprehensive water resources inventory described in subsection (1) but must be a separate component of the inventory.

~~(6)~~*(9)* The department shall publish the comprehensive inventory, the state water plan, the ground water inventory, or any part of each, and the department may assess and collect a reasonable charge for these publications.

~~(7)~~*(10)* In developing and revising the state water plan as provided in this section, the department shall consult with the environmental quality council established in 5-16-101 and solicit the advice of the ~~committee~~ *environmental quality council* in carrying out its duties under this section."

[SB 305]

AN ACT AMENDING AND CLARIFYING ASPECTS OF THE MONTANA SUBDIVISION AND PLATTING ACT; PROVIDING CONSEQUENCES FOR FAILURE TO COMPLY WITH ESTABLISHED SUBDIVISION REVIEW TIMELINES; GENERALLY INCREASING THE PREDICTABILITY OF THE SUBDIVISION REVIEW PROCESS; AMENDING SECTIONS 76-3-510, 76-3-604, AND 76-4-125, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the Montana Subdivision and Platting Act (the Act) is designed to balance the rights of landowners with public health, safety, and general welfare; and

WHEREAS, if the Act is not clear and predictable, neither landowners nor the public health, safety, and general welfare can be effectively protected; and

WHEREAS, land use regulations should be designed to permit and promote economic growth in the state; and

WHEREAS, certain provisions of the Act have proven over time to be unclear and to promote unpredictability in the process; and

WHEREAS, it is believed that these modifications will promote clarity, efficiency, predictability, and increased public participation in the process.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-3-510, MCA, is amended to read:

"76-3-510. Payment for extension of capital facilities. *(1)* A local government may require a subdivider to pay or guarantee payment for part or all of the costs of extending capital facilities related to public health and safety,

including but not limited to public roads, sewer lines, water supply lines, and storm drains to a subdivision. The costs must reasonably reflect the expected impacts directly attributable to the subdivision. A local government may not require a subdivider to pay or guarantee payment for part or all of the costs of constructing or extending capital facilities related to education.

(2) All fees, costs, or other money paid by a subdivider under this section must be expended on the capital facilities for which the payments were required."

Section 2. Section 76-3-604, MCA, is amended to read:

"76-3-604. Review of subdivision application — review for required elements and sufficiency of information. (1) (a) Within 5 working days of receipt of a subdivision application submitted in accordance with any deadlines established pursuant to 76-3-504(3) and receipt of the review fee submitted as provided in 76-3-602, the reviewing agent or agency shall determine whether the application contains all of the listed materials as required by 76-3-504(1)(a) and shall notify the subdivider or, with the subdivider's written permission, the subdivider's agent of the reviewing agent's or agency's determination.

(b) If the reviewing agent or agency determines that elements are missing from the application, the reviewing agent or agency shall identify those elements in the notification.

(2) (a) Within 15 working days after the reviewing agent or agency notifies the subdivider or the subdivider's agent that the application contains all of the required elements as provided in subsection (1), the reviewing agent or agency shall determine whether the application and required elements contain detailed, supporting information that is sufficient to allow for the review of the proposed subdivision under the provisions of this chapter and the local regulations adopted pursuant to this chapter and shall notify the subdivider or, with the subdivider's written permission, the subdivider's agent of the reviewing agent's or agency's determination.

(b) If the reviewing agent or agency determines that information in the application is not sufficient to allow for review of the proposed subdivision, the reviewing agent or agency shall identify the insufficient information in its notification.

(c) A determination that an application contains sufficient information for review as provided in this subsection (2) does not ensure that the proposed subdivision will be approved or conditionally approved by the governing body and does not limit the ability of the reviewing agent or agency or the governing body to request additional information during the review process.

(3) The time limits provided in subsections (1) and (2) apply to each submittal of the application until:

(a) a determination is made that the application contains the required elements and sufficient information; and

(b) the subdivider or the subdivider's agent is notified.

(4) After the reviewing agent or agency has notified the subdivider or the subdivider's agent that an application contains sufficient information as provided in subsection (2), the governing body shall approve, conditionally approve, or deny the proposed subdivision within 60 working days *or 80 working days if the proposed subdivision contains 50 or more lots*, based on its determination of whether the application conforms to the provisions of this chapter and to the local regulations adopted pursuant to this chapter, unless:

(a) the subdivider and the reviewing agent or agency agree to an extension or suspension of the review period, not to exceed 1 year; or

(b) a subsequent public hearing is scheduled and held as provided in 76-3-615.

(5) (a) If the governing body fails to comply with the time limits under subsection (4), the governing body shall pay to the subdivider a financial penalty of $50 per lot per month or a pro rata portion of a month, not to exceed the total amount of the subdivision review fee collected by the governing body for the subdivision application, until the governing body denies, approves, or conditionally approves the subdivision.

(b) The provisions of subsection (5)(a) do not apply if the review period is extended or suspended pursuant to subsection (4).

~~(5)~~*(6)* If the governing body denies or conditionally approves the proposed subdivision, it shall send the subdivider a letter, with the appropriate signature, that complies with the provisions of 76-3-620.

~~(6)~~*(7)* (a) The governing body shall collect public comment submitted at a hearing or hearings regarding the information presented pursuant to 76-3-622 and shall make any comments submitted or a summary of the comments submitted available to the subdivider within 30 days after conditional approval or approval of the subdivision application and preliminary plat.

(b) The subdivider shall, as part of the subdivider's application for sanitation approval, forward the comments or the summary provided by the governing body to the:

(i) reviewing authority provided for in Title 76, chapter 4, for subdivisions that will create one or more parcels containing less than 20 acres; and

(ii) local health department or board of health for proposed subdivisions that will create one or more parcels containing 20 acres or more and less than 160 acres.

~~(7)~~*(8)* (a) For a proposed subdivision that will create one or more parcels containing less than 20 acres, the governing body may require approval by the department of environmental quality as a condition of approval of the final plat.

(b) For a proposed subdivision that will create one or more parcels containing 20 acres or more, the governing body may condition approval of the final plat upon the subdivider demonstrating, pursuant to 76-3-622, that there is an adequate water source and at least one area for a septic system and a replacement drainfield for each lot.

~~(8)~~*(9)* (a) Review and approval, conditional approval, or denial of a proposed subdivision under this chapter may occur only under those regulations in effect at the time a subdivision application is determined to contain sufficient information for review as provided in subsection (2).

(b) If regulations change during the review periods provided in subsections (1) and (2), the determination of whether the application contains the required elements and sufficient information must be based on the new regulations."

Section 3. Section 76-4-125, MCA, is amended to read:

"76-4-125. Review of subdivision application — land divisions excluded from review. (1) Except as provided in subsection (2), an application for review of a subdivision must be submitted to the reviewing authority. The review by the reviewing authority must be as follows:

(a) At any time after the developer has submitted an application under the Montana Subdivision and Platting Act, the developer shall present a subdivision application to the reviewing authority. The application must include preliminary plans and specifications for the proposed development, whatever information the developer feels necessary for its subsequent review, any public comments or summaries of public comments collected as provided in 76-3-604~~(6)~~*(7)*, and information required by the reviewing authority. Subdivision fees assessed by the reviewing authority must accompany the application. If the proposed development includes onsite sewage disposal facilities, the developer shall notify the designated agent of the local board of health prior to presenting the subdivision application to the reviewing authority. The agent may conduct a preliminary site assessment to determine whether the site meets applicable state and local requirements.

(b) Except as provided in 75-1-205(4) and 75-1-208(4)(b), the department shall make a final decision on the proposed subdivision within 60 days after the submission of a complete application and payment of fees to the reviewing authority unless an environmental impact statement is required, at which time this deadline may be increased to 120 days. The reviewing authority may not request additional information for the purpose of extending the time allowed for a review and final decision on the proposed subdivision. If the department approves the subdivision, the department shall issue a certificate of subdivision approval indicating that it has approved the plans and specifications and that the subdivision is not subject to a sanitary restriction.

(2) A subdivision excluded from the provisions of chapter 3 must be submitted for review according to the provisions of this part, except that the following divisions or parcels, unless the exclusions are used to evade the provisions of this part, are not subject to review:

(a) the exclusions cited in 76-3-201 and 76-3-204;

(b) divisions made for the purpose of acquiring additional land to become part of an approved parcel, provided that water or sewage disposal facilities may not be constructed on the additional acquired parcel and that the division does not fall within a previously platted or approved subdivision;

(c) divisions made for purposes other than the construction of water supply or sewage and solid waste disposal facilities as the department specifies by rule;

(d) divisions located within jurisdictional areas that have adopted growth policies pursuant to chapter 1 or within first-class or second-class municipalities for which the governing body certifies, pursuant to 76-4-127, that adequate storm water drainage and adequate municipal facilities will be provided; and

(e) subject to the provisions of subsection (3), a remainder of an original tract created by segregating a parcel from the tract for purposes of transfer if:

(i) the remainder is served by a public or multiple-user sewage system approved before January 1, 1997, pursuant to local regulations or this chapter; or

(ii) the remainder is 1 acre or larger and has an individual sewage system serving a discharge source that was in existence prior to April 29, 1993, and, if required when installed, the system was approved pursuant to local regulations or this chapter.

(3) Consistent with the applicable provisions of 50-2-116, a local health officer may require that, prior to the filing of a plat or a certificate of survey subject to review under this part for the parcel to be segregated from the

remainder referenced in subsection (2)(e)(ii), the remainder include acreage or features sufficient to accommodate a replacement drainfield."

CHAPTER NO. 406

[SB 310]

AN ACT PROHIBITING A WAIVER OF RIGHT TO PROTEST AS A CONDITION OF SUBDIVISION APPROVAL; AND AMENDING SECTION 76-3-608, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-3-608, MCA, is amended to read:

"76-3-608. Criteria for local government review. (1) The basis for the governing body's decision to approve, conditionally approve, or deny a proposed subdivision is whether the subdivision application, preliminary plat, applicable environmental assessment, public hearing, planning board recommendations, or additional information demonstrates that development of the proposed subdivision meets the requirements of this chapter. A governing body may not deny approval of a proposed subdivision based solely on the subdivision's impacts on educational services.

(2) The governing body shall issue written findings of fact that weigh the criteria in subsection (3), as applicable.

(3) A subdivision proposal must undergo review for the following primary criteria:

(a) except when the governing body has established an exemption pursuant to subsection (6) of this section or except as provided in 76-3-509, 76-3-609(2) or (4), or 76-3-616, the impact on agriculture, agricultural water user facilities, local services, the natural environment, wildlife and wildlife habitat, and public health and safety;

(b) compliance with:

(i) the survey requirements provided for in part 4 of this chapter;

(ii) the local subdivision regulations provided for in part 5 of this chapter; and

(iii) the local subdivision review procedure provided for in this part;

(c) the provision of easements for the location and installation of any planned utilities; and

(d) the provision of legal and physical access to each parcel within the proposed subdivision and the required notation of that access on the applicable plat and any instrument of transfer concerning the parcel.

(4) The governing body may require the subdivider to design the proposed subdivision to reasonably minimize potentially significant adverse impacts identified through the review required under subsection (3). The governing body shall issue written findings to justify the reasonable mitigation required under this subsection (4).

(5) (a) In reviewing a proposed subdivision under subsection (3) and when requiring mitigation under subsection (4), a governing body may not

unreasonably restrict a landowner's ability to develop land, but it is recognized that in some instances the unmitigated impacts of a proposed development may be unacceptable and will preclude approval of the subdivision.

(b) When requiring mitigation under subsection (4), a governing body shall consult with the subdivider and shall give due weight and consideration to the expressed preference of the subdivider.

(6) The governing body may exempt proposed subdivisions that are entirely within the boundaries of designated geographic areas from the review criteria in subsection (3)(a) if all of the following requirements have been met:

(a) the governing body has adopted a growth policy pursuant to chapter 1 that:

(i) addresses the criteria in subsection (3)(a);

(ii) evaluates the impact of development on the criteria in subsection (3)(a);

(iii) describes zoning regulations that will be implemented to address the criteria in subsection (3)(a); and

(iv) identifies one or more geographic areas where the governing body intends to authorize an exemption from review of the criteria in subsection (3)(a); and

(b) the governing body has adopted zoning regulations pursuant to chapter 2, part 2 or 3, that:

(i) apply to the entire area subject to the exemption; and

(ii) address the criteria in subsection (3)(a), as described in the growth policy.

(7) A governing body may conditionally approve or deny a proposed subdivision as a result of the water and sanitation information provided pursuant to 76-3-622 or public comment received pursuant to 76-3-604 on the information provided pursuant to 76-3-622 only if the conditional approval or denial is based on existing subdivision, zoning, or other regulations that the governing body has the authority to enforce.

(8) A governing body may not require as a condition of subdivision approval that a property owner waive a right to protest the creation of a special improvement district or a rural improvement district for capital improvement projects that does not identify the specific capital improvements for which protest is being waived. A waiver of a right to protest may not be valid for a time period longer than 20 years after the date that the final subdivision plat is filed with the county clerk and recorder."

pursuant to 7-22-2141 to be used for appropriate control measures pursuant to this section. Labor and equipment must be valued at the current rate paid for commercial management operations in the district. (2) A copy of the bill must also be submitted by the board to the county clerk and recorder.

(3) If a person receiving an order to take corrective action requests an ~~administrative hearing~~ *injunction or stay of the corrective action in district court within 10 days of receipt of the order*, the board may not institute control measures until the matter is finally resolved, except in case of an emergency. In that case, the person is liable for costs as provided in subsection (1) only to the extent determined appropriate by the board, commissioners, or court that finally resolves the matter."

WHEREAS, adjoining states have acquired millions of dollars of federal highway funds for local scenic-historic byway projects; and

(ii) the guarantee was ordered on the property by the person required to give notice.

(b) The address to which the notice must be sent is, for each ~~interested~~ party, the address disclosed by the records in the office of the county clerk and recorder or in the title *guarantee* and, for the occupant, the street address or other known address of the subject property.

(5) In all cases in which the address of an interested party is not known, the person required to give notice shall, within the period described in subsection (1) or not less than 60 days or more than 120 days prior to the date upon which the county treasurer will otherwise issue a tax deed, whichever is appropriate, commence publishing once a week for 2 successive weeks, in the official newspaper of the county or another newspaper as the board of county commissioners may by resolution designate, a notice containing the information contained in subsection (6), plus:

(j) the business address and telephone number of the county treasurer who is responsible for issuing the tax deed.

(7) The amount of interest and costs provided for in subsection (6)(e) continues to accrue until the date of redemption. The total amount of interest

(8) Proof of notice in whatever manner given must be filed with the county clerk and recorder. If the purchaser or assignee is other than the county, the proof of notice must be filed with the county clerk and recorder within 30 days of the mailing or publishing of the notice. CHAPTER NO. 412

[SB 491]

AN ACT REVISING THE METHOD FOR DETERMINING THE PORTION OF THE PROPERTY TAX LEVY BY POLITICAL SUBDIVISIONS FOR GROUP BENEFIT INSURANCE CONTRIBUTIONS THAT ARE NOT SUBJECT TO THE PROPERTY TAX LIMITATION LAW; PROVIDING A TRANSITION PROVISION; AMENDING SECTIONS 2-9-212, 2-18-703, AND 15-10-420, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-9-212, MCA, is amended to read:

"2-9-212. Political subdivision tax levy to pay ~~premiums~~ *contributions.* (1) Subject to 15-10-420 and subsection (2) of this section, a political subdivision, except for a school district, may levy an annual property tax in the amount necessary to fund the ~~premium~~ *contribution* for insurance, deductible reserve fund, and self-insurance reserve fund as authorized in this section and to pay the principal and interest on bonds or notes issued pursuant to 2-9-211(5).

(2) (a) If a political subdivision ~~made~~ *makes* contributions for group benefits under 2-18-703 ~~on or before July 1, 2001, the increase in the political subdivision's property tax levy for the political subdivision's premium contributions~~*, the amount in excess of the base contribution as determined under 2-18-703(4)(c)* for group benefits under 2-18-703 ~~beyond the amount of contributions in effect at the beginning of the last fiscal year~~ is not subject to the mill levy calculation limitation provided for in 15-10-420. Levies implemented under this section must be calculated separately from the mill levies calculated under 15-10-420 and are not subject to the inflation factor described in 15-10-420(1)(a).

(i) Contributions for group benefits paid wholly or in part from user charges generated by proprietary funds, as defined by generally accepted accounting principles, are not included in the amount exempted from the mill levy calculation limitation provided for in 15-10-420.

(ii) If tax-billing software is capable, the county treasurer shall list separately the cumulative mill levy or dollar amount on the tax notice sent to each taxpayer under 15-16-101(2). The amount must also be reported to the department of administration pursuant to 7-6-4003. The mill levy must be described as the permissive medical levy.

(b) Each year prior to implementing a levy under subsection (2)(a), after notice of the hearing given under 7-1-2121 or 7-1-4127, a public hearing must be held regarding any proposed increases.

(c) A levy under this section in the previous year may not be included in the amount of property taxes that a governmental entity is authorized to levy for the purposes of determining the amount that the governmental entity may assess under the provisions of 15-10-420(1)(a). When a levy under this section decreases or is no longer levied, the revenue may not be combined with the revenue determined in 15-10-420(1)(a).

(3) (a) For the purposes of this section, "group benefits" means group hospitalization, health, medical, surgical, life, and other similar and related group benefits provided to officers and employees of political subdivisions, including flexible spending account benefits and payments in lieu of group benefits.

(b) The term does not include casualty insurance as defined in 33-1-206, marine insurance as authorized in 33-1-209 and 33-1-221 through 33-1-229, property insurance as defined in 33-1-210, surety insurance as defined in 33-1-211, and title insurance as defined in 33-1-212."

Section 2. Section 2-18-703, MCA, is amended to read:

"2-18-703. Contributions. (1) Each agency, as defined in 2-18-601, and the state compensation insurance fund shall contribute the amount specified in this section toward the group benefits cost.

(2) For employees defined in 2-18-701 and for members of the legislature, the employer contribution for group benefits is $557 a month from January 2007 through December 2007, $590 a month from January 2008 through December 2008, and $626 for January 2009 and for each succeeding month. For employees of the Montana university system, the employer contribution for group benefits is $557 a month from July 2006 through June 2007, $590 a month from July 2007 through June 2008, and $626 for July 2008 and for each succeeding month. If a state employee is terminated to achieve a reduction in force, the continuation of contributions for group benefits beyond the termination date is subject to negotiation under 39-31-305. Permanent part-time, seasonal part-time, and temporary part-time employees who are regularly scheduled to work less than 20 hours a week are not eligible for the group benefit contribution. An employee who elects not to be covered by a state-sponsored group benefit plan may not receive the state contribution. A portion of the employer contribution for group benefits may be applied to an employee's costs for participation in Part B of medicare under Title XVIII of the Social Security Act, as amended, if the state group benefit plan is the secondary payer and medicare the primary payer.

(3) For employees of elementary and high school districts ~~and of local government units~~, the employer's ~~premium~~ contributions may exceed but may not be less than $10 a month. ~~Subject to the public hearing requirement provided in 2-9-212(2)(b), the increase in a local government's property tax levy for premium contributions for group benefits beyond the amount of contributions in effect on the first day of the last fiscal year is not subject to the mill levy calculation limitation provided for in 15-10-420.~~

(4) (a) For employees of political subdivisions, as defined in 2-9-101, except school districts, the employer's contributions may exceed but may not be less than $10 a month.

(b) Subject to the public hearing requirement provided in 2-9-212(2)(b), the amount in excess of the base contribution of a local government's property tax levy for contributions for group benefits as determined in subsection (4)(c) is not subject to the mill levy calculation limitation provided for in 15-10-420.

(c) Subject to subsections (4)(c)(i) and (4)(c)(ii), the base contribution is determined by multiplying the average annual contribution for each employee on July 1, 1999, times the number of employees for whom the employer makes contributions for group benefits under 2-9-212 on July 1 of each fiscal year.

(i) If a political subdivision did not make contributions for group benefits on or before July 1, 1999, and subsequently does so, the base contribution is determined by multiplying the average annual contribution for each employee in the first year the political subdivision provides contributions for group benefits times the number of employees for whom the employer makes contributions for group benefits under 2-9-212 on July 1 of each fiscal year.

(ii) If a political subdivision has made contributions for group benefits but has not previously levied for contributions in excess of the base contribution, the political subdivision's base is determined by multiplying the average annual contribution for each employee at the beginning of the fiscal year immediately preceding the year in which the levy will first be levied times the number of employees for whom the employer made contributions for group benefits under 2-9-212 in that fiscal year.

~~(4)~~*(5)* Unused employer contributions for any state employee must be transferred to an account established for this purpose by the department of

administration and upon transfer may be used to offset losses occurring to the group of which the employee is eligible to be a member.

~~(5)~~*(6)* Unused employer contributions for any government employee may be transferred to an account established for this purpose by a self-insured government and upon transfer may be used to offset losses occurring to the group of which the employee is eligible to be a member or to increase the reserves of the group.

~~(6)~~*(7)* The laws prohibiting discrimination on the basis of marital status in Title 49 do not prohibit bona fide group insurance plans from providing greater or additional contributions for insurance benefits to employees with dependents than to employees without dependents or with fewer dependents."

Section 3. Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

(i) annexation of real property and improvements into a taxing unit;

(ii) construction, expansion, or remodeling of improvements;

(iii) transfer of property into a taxing unit;

(iv) subdivision of real property; and

(v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to~~:~~

~~(a)~~ school district levies established in Title 20~~; or~~

~~(b) the portion of a governmental entity's property tax levy for premium contributions for group benefits excluded under 2-9-212 or 2-18-703~~.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in whole mills. If the mill levy calculation does not result in a whole number of mills, then the calculation must be rounded up to the nearest whole mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402;

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326; ~~or~~

(iv) a levy for the support of a study commission under 7-3-184~~.~~*; or*

(v) the portion that is the amount in excess of the base contribution of a governmental entity's property tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for

purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Section 4. Transition. (1) Except as provided in subsection (2), a political subdivision that levied mills for group contributions pursuant to 2-18-703 in fiscal year 2009 may for the fiscal years 2010 through 2014 levy the greater of:

(a) the dollar amount levied in 2009; or

(b) the amount determined in 2-18-703.

(2) The actual dollar amount under subsection (1)(a) may not include an amount for group benefits paid from user charges described in 2-9-212(2)(a)(i).

Section 5. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 6. Effective date. [This act] is effective July 1, 2009.

(ii) If the business reregisters the snowmobile for a third year, the snowmobile must be permanently registered and the business is assessed the registration fee imposed in subsection (11)(a).

(12) *(a)* ~~A~~ *Except as provided in subsection (12)(b), a* fee of ~~$5~~ *$10* must be collected when a new set of standard license plates, a new single standard license plate, or a replacement set of special license plates required under 61-3-332 is issued. The ~~$5~~ *$10* fee imposed under this subsection does not apply when previously issued license plates are transferred under 61-3-335. All

registration fees imposed under this section must be paid if the vehicle to which the plates are transferred is not currently registered.

(b) Until January 1, 2015, an additional fee of $15 must be collected if a vehicle owner elects to keep the same license plate number from license plates issued on or after January 1, 2006, but before January 1, 2010, when replacement of those plates is required under 61-3-332(3).

(c) The fees imposed in this subsection (12) must be deposited in the account established under [section 3], except $2 of the fee imposed in subsection (12)(a) must be deposited in the state general fund.

(13) The provisions of this part with respect to the payment of registration fees do not apply to and are not binding upon motor vehicles, trailers, semitrailers, snowmobiles, watercraft, or tractors owned or controlled by the United States of America or any state, county, city, or special district, as defined in 18-8-202, or to a vehicle or vessel that meets the description of property exempt from taxation under 15-6-201(1)(a), (1)(c), (1)(d), (1)(e), (1)(f), (1)(g), (1)(i), (1)(j), (1)(l), or (1)(m), 15-6-203, or 15-6-215, except as provided in 61-3-520.

(14) Whenever ownership of a trailer, semitrailer, pole trailer, off-highway vehicle, motorcycle, quadricycle, travel trailer, motor home, motorboat, sailboat, personal watercraft, motorized pontoon, snowmobile, or motor vehicle owned and operated solely as a collector's item pursuant to 61-3-411 is transferred, the new owner shall title and register the vehicle or vessel as required by this chapter and pay the fees imposed under this section.

(15) A person eligible for a waiver under 61-3-460 is exempt from the fees required under this section.

(16) Except as otherwise provided in this section, revenue collected under this section must be deposited in the state general fund.

(17) The fees imposed by subsections (2) through (11) are not required to be paid by a dealer for the enumerated vehicles or vessels that constitute inventory of the dealership.

(18) (a) Unless a person exercises the option in subsection (18)(b), an additional fee of $4 must be collected for each light vehicle registered under this part. This fee must be accounted for and transmitted separately from the registration fee. The fee must be deposited in an account in the state special revenue fund to be used for state parks, for fishing access sites, and for the operation of state-owned facilities. Of the $4 fee, the department of fish, wildlife, and parks shall use $3.50 for state parks, 25 cents for fishing access sites, and 25 cents for the operation of state-owned facilities at Virginia City and Nevada City.

(b) A person who registers a light vehicle may, at the time of annual registration, certify that the person does not intend to use the vehicle to visit state parks and fishing access sites and may make a written election not to pay the additional $4 fee provided for in subsection (18)(a). If a written election is made, the fee may not be collected.

(19) For each light vehicle, trailer, semitrailer, pole trailer, heavy truck, motor home, motorcycle, quadricycle, and travel trailer subject to a registration fee under this section, an additional fee of $5 must be collected and forwarded to the state for deposit in the account established in 44-1-504.

(20) This section does not apply to a motor vehicle, trailer, semitrailer, or pole trailer that is governed by 61-3-721."

Section 12. Section 61-3-332, MCA, is amended to read:

"61-3-332. Standard license plates. (1) In addition to special license plates, collegiate license plates, generic specialty license plates, and fleet license plates authorized under this chapter, a separate series of standard license plates must be issued for motor vehicles, quadricycles, travel trailers, trailers, semitrailers, and pole trailers registered in this state or offered for sale by a vehicle dealer licensed in this state. Standard license plates issued to licensed vehicle dealers must be readily distinguishable from license plates issued to vehicles owned by other persons.

(2) (a) Except as provided in 61-3-479 and subsections (2)(b), (3)(b), and (3)(c) of this section, all standard license plates for motor vehicles, trailers, semitrailers, or pole trailers must bear a distinctive marking, as determined by the department, and be furnished by the department. In years when standard license plates are not ~~issued~~ *reissued for a vehicle*, the department shall provide a registration decal that must be affixed to the rear license plate of the vehicle.

(b) For light vehicles that are permanently registered as provided in 61-3-562 and motor vehicles described in 61-3-303(9) that are permanently registered, the department shall provide a distinctive registration decal indicating that the motor vehicle is permanently registered. The registration decal must be affixed to the rear license plate of the permanently registered motor vehicle.

(c) For a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer that is permanently registered as provided in 61-3-313(2), the department may use the word or an abbreviation for the word "permanent" on the plate in lieu of issuing a registration decal for the plate.

(3) (a) *(i)* Beginning January 1, 2010, and every ~~4~~ *5* years after that date, the department shall ~~manufacture and issue new~~ *design* standard license plates to replace previously issued standard license plates ~~upon renewal~~. *For the purposes of this subsection (3), all military, veteran, and amateur radio license plates and any license plate with a wheelchair design, excluding collegiate or generic specialty plates with a wheelchair design, are treated as standard license plates.*

(ii) License plates issued on or after January 1, 2010, must be replaced with the most recent design of standard license plates or a new replacement collegiate or generic speciality license plate if, upon renewal of registration under 61-3-332, the license plates are 5 or more years old or will become older than 5 years during the registration period.

(iii) License plates issued on or before January 1, 2010, must be replaced with the most recent design of standard license plates or a new replacement collegiate or generic specialty license plate in accordance with the implementation schedule adopted by the department under 61-3-315. Until January 1, 2015, and upon payment of the fee required in 61-3-321(12)(b), a vehicle owner may elect to keep the same license plate number from license plates issued on or after January 1, 2006, but before January 1, 2010, when replacement of those plates is required under this subsection.

(b) A motor vehicle that is registered for a 13-month to a 24-month period, as provided in 61-3-311, may display the license plate and plate design in effect at the time of registration for the entire registration period.

(c) A light vehicle ~~described in subsection (2)(b)~~ *described in subsection (2)(b)* or a motor home that is permanently registered ~~may display the license plate and plate design in effect at the time of registration for the entire period that the~~

~~light vehicle or motor home is permanently registered~~ *may display the license plate and plate design in effect at the time of registration for the entire period that the light vehicle or motor home is permanently registered.*

(d) The provisions of this subsection (3) do not apply to a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer.

(e) The requirements of this subsection (3) apply to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, commemorative centennial license plates authorized under 61-3-448, and special military or veteran license plates authorized under 61-3-458.

(4) For trailers and motor vehicles, other than motorcycles and quadricycles, plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the state of Montana must be used as a distinctive border on all license plates, and the word "Montana" must be placed on each license plate. All license plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers for standard license plates must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, generic specialty license plates, and fleet license plates, the distinctive registration number or letter-number combination assigned to the motor vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles, trailers, semitrailers, or pole trailers and motor vehicles, trailers, semitrailers, or pole trailers that are exempt from the registration fee as provided in 61-3-321, in addition to the markings provided in this section, standard license plates must bear the following distinctive markings:

(a) For motor vehicles, trailers, semitrailers, or pole trailers owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For motor vehicles, trailers, semitrailers, or pole trailers that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for motor vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the standard license plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles, trailers, semitrailers, or pole trailers of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively.

Because these standard license plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the license plates requires it and a year number may not be displayed on the plates.

(7) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they are formed, beginning with the number 57.

(8) ~~(a)~~ Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 and generic specialty license plates authorized in 61-3-472 through 61-3-481, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a design that distinguishes each separate plate series. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of standard license plates, must be placed or mounted on a motor vehicle, trailer, semitrailer, or pole trailer owned by the person who is eligible to receive them, with the registration decal affixed to the rear license plate of the motor vehicle, trailer, semitrailer, or pole trailer, and must be removed upon sale or other disposition of the motor vehicle, trailer, semitrailer, or pole trailer.

~~(b) Beginning January 1, 2008, and every succeeding 4 years, the department shall manufacture and issue a new set of special license plates, bearing the same design and, if requested by the owner, the same plate number to replace, upon renewal of the registration of a motor vehicle under 61-3-314 and payment of the new plate fee provided for in 61-3-321, any special license plates issued prior to the prescribed date. This requirement applies to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, and commemorative centennial license plates authorized under 61-3-448.~~

(b) If the motor vehicle to which the license plate is attached is permanently registered, the owner of the motor vehicle shall provide, upon request of a person authorized to enforce special parking laws or ordinances in this or any state, evidence of continued eligibility to use the license plate in the form of a valid special parking permit issued to or renewed by the vehicle owner under 49-4-304 and 49-4-305.

(c) A person with a permanent condition, as provided in 49-4-301(2)(b), who has been issued a special license plate upon written application, as provided in this subsection (9), is not required to reapply upon reregistration of the motor vehicle.

(10) The provisions of this section do not apply to a motor vehicle, trailer, semitrailer, or pole trailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733."

Be it enacted by the Legislature of the State of Montana:

Section 1. Equine slaughter or processing facilities — no injunction to stop — damages allowed for delay. (1) A court of this state may not issue an injunction stopping or delaying the construction of an equine slaughter or processing facility licensed pursuant to 81-9-201 based on a challenge or appeal of a permit, license, certificate, or other approval issued in conjunction with a proposed equine slaughter or processing facility based on the provisions of:

Section 2. Judicial review of equine slaughter or processing facilities — surety bond — attorney fees — venue. (1) (a) If an action is filed in district court to challenge the issuance of a license, permit, certificate, or other approval for an equine slaughter or processing facility pursuant to Title 75 or Title 81, chapter 9, the court shall require a surety bond of the person filing the action. The bond must be set at an amount representing 20% of the

estimated cost of building the facility or the operational costs of an existing facility.

(b) The bonding requirements of this subsection (1) do not apply to an indigent person.

(2) If the bond required under subsection (1) is not paid within 30 days of the filing of the action, the action must be dismissed.

If a facility would be located in more than one county, the action may be brought in any of the counties or district court jurisdictions in which the facility would be built.

(4) If the court determines that a judicial action challenging a license, permit, certificate, or other approval for an equine slaughter or processing plant was without merit or was for an improper purpose designed to harass, cause delay, or improperly interfere with the ongoing operation of a facility, the court may award attorney fees and costs incurred in defending the action.

(5) This section does not prevent a defendant in an action brought pursuant to this section from filing an action or counterclaim for any claim for relief available by law and does not limit the recovery that may be obtained in a claim for relief.

Section 3. Section 75-1-201, MCA, is amended to read:

"75-1-201. General directions — environmental impact statements. (1) The legislature authorizes and directs that, to the fullest extent possible:

(III) if the project sponsor believes that an alternative is not reasonable as provided in subsection (1)(b)(iv)(C)(I), the project sponsor may request a review by the appropriate board, if any, of the agency's determination regarding the reasonableness of the alternative. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The agency may not charge the project sponsor for any of its activities associated with any review under this section. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208.

(IV) the agency shall complete a meaningful no-action alternative analysis. The no-action alternative analysis must include the projected beneficial and adverse environmental, social, and economic impact of the project's noncompletion.

(D) any regulatory impacts on private property rights, including whether alternatives that reduce, minimize, or eliminate the regulation of private property rights have been analyzed. The analysis in this subsection (1)(b)(iv)(D) need not be prepared if the proposed action does not involve the regulation of private property.

(E) the relationship between local short-term uses of the human environment and the maintenance and enhancement of long-term productivity;

(F) any irreversible and irretrievable commitments of resources that would be involved in the proposed action if it is implemented;

(G) the customer fiscal impact analysis, if required by 69-2-216; and

(H) the details of the beneficial aspects of the proposed project, both short-term and long-term, and the economic advantages and disadvantages of the proposal;

(v) in accordance with the criteria set forth in subsection (1)(b)(iv)(C), study, develop, and describe appropriate alternatives to recommend courses of action in any proposal that involves unresolved conflicts concerning alternative uses of available resources;

(vi) recognize the national and long-range character of environmental problems and, when consistent with the policies of the state, lend appropriate support to initiatives, resolutions, and programs designed to maximize national cooperation in anticipating and preventing a decline in the quality of the world environment;

(vii) make available to counties, municipalities, institutions, and individuals advice and information useful in restoring, maintaining, and enhancing the quality of the environment;

(viii) initiate and use ecological information in the planning and development of resource-oriented projects; and

(ix) assist the environmental quality council established by 5-16-101;

(c) prior to making any detailed statement as provided in subsection (1)(b)(iv), the responsible state official shall consult with and obtain the comments of any state agency that has jurisdiction by law or special expertise with respect to any environmental impact involved and with any local government, as defined in 7-12-1103, that may be directly impacted by the project. The responsible state official shall also consult with and obtain comments from any state agency with respect to any regulation of private property involved. Copies of the statement and the comments and views of the appropriate state, federal, and local agencies that are authorized to develop and enforce environmental standards must be made available to the governor, the environmental quality council, and the public and must accompany the proposal through the existing agency review processes.

(d) a transfer of an ownership interest in a lease, permit, license, certificate, or other entitlement for use or permission to act by an agency, either singly or in combination with other state agencies, does not trigger review under subsection (1)(b)(iv) if there is not a material change in terms or conditions of the entitlement or unless otherwise provided by law.

(2) The department of public service regulation, in the exercise of its regulatory authority over rates and charges of railroads, motor carriers, and public utilities, is exempt from the provisions of parts 1 through 3.

(3) (a) In any action challenging or seeking review of an agency's decision that a statement pursuant to subsection (1)(b)(iv) is not required or that the statement is inadequate, the burden of proof is on the person challenging the decision. Except as provided in subsection (3)(b), in a challenge to the adequacy of a statement, a court may not consider any issue relating to the adequacy or content of the agency's environmental review document or evidence that was not first presented to the agency for the agency's consideration prior to the agency's decision. A court may not set aside the agency's decision unless it finds that there is clear and convincing evidence that the decision was arbitrary or capricious or not in compliance with law. A customer fiscal impact analysis pursuant to 69-2-216 or an allegation that the customer fiscal impact analysis is inadequate may not be used as the basis of any action challenging or seeking review of the agency's decision.

(b) When new, material, and significant evidence or issues relating to the adequacy or content of the agency's environmental review document are presented to the district court that had not previously been presented to the agency for its consideration, the district court shall remand the new evidence or issue relating to the adequacy or content of the agency's environmental review document back to the agency for the agency's consideration and an opportunity to modify its findings of fact and administrative decision before the district court considers the evidence or issue relating to the adequacy or content of the agency's environmental review document within the administrative record under review. Immaterial or insignificant evidence or issues relating to the adequacy or content of the agency's environmental review document may not be remanded to the agency. The district court shall review the agency's findings

and decision to determine whether they are supported by substantial, credible evidence within the administrative record under review.

(4) To the extent that the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) are inconsistent with federal requirements, the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) do not apply to an environmental review that is being prepared by a state agency pursuant to this part and a federal agency pursuant to the National Environmental Policy Act or to an environmental review that is being prepared by a state agency to comply with the requirements of the National Environmental Policy Act.

(5) (a) The agency may not withhold, deny, or impose conditions on any permit or other authority to act based on parts 1 through 3 of this chapter.

(b) Nothing in this subsection (5) prevents a project sponsor and an agency from mutually developing measures that may, at the request of a project sponsor, be incorporated into a permit or other authority to act.

(c) Parts 1 through 3 of this chapter do not confer authority to an agency that is a project sponsor to modify a proposed project or action.

(6) (a) (i) A challenge to an agency action under this part may only be brought against a final agency action and may only be brought in district court or in federal court, whichever is appropriate.

(ii) Any action or proceeding challenging a final agency action alleging failure to comply with or inadequate compliance with a requirement under this part must be brought within 60 days of the action that is the subject of the challenge.

(iii) For an action taken by the board of land commissioners or the department of natural resources and conservation under Title 77, "final agency action" means the date that the board of land commissioners or the department of natural resources and conservation issues a final environmental review document under this part or the date that the board approves the action that is subject to this part, whichever is later.

(b) Any action or proceeding under subsection (6)(a)(ii) must take precedence over other cases or matters in the district court unless otherwise provided by law.

(c) Any judicial action or proceeding brought in district court under subsection (6)(a) involving an equine slaughter or processing facility must comply with [sections 1 and 2].

(7) The director of the agency responsible for the determination or recommendation shall endorse in writing any determination of significance made under subsection (1)(b)(iv) or any recommendation that a determination of significance be made.

(8) A project sponsor may request a review of the significance determination or recommendation made under subsection (7) by the appropriate board, if any. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208."

Section 4. Section 75-2-104, MCA, is amended to read:

"75-2-104. Limitations — personal cause of action unabridged — venue. (1) This chapter may not be construed to:

(a) grant to the board any jurisdiction or authority with respect to air contamination existing solely within commercial and industrial plants, works, or shops;

(b) affect the relations between employers and employees with respect to or arising out of any condition of air contamination or air pollution;

(c) supersede or limit the applicability of any law or ordinance relating to sanitation, industrial health, or safety; or

(d) abridge, limit, impair, create, enlarge, or otherwise affect substantively or procedurally the right of a person to damages or other relief on account of injury to persons or property and to maintain an action or other appropriate proceeding.

(2) A judicial challenge to a permit issued pursuant to this chapter by a party other than the permit applicant or permitholder must include the party to whom the permit was issued unless otherwise agreed to by the permit applicant or permitholder. All judicial challenges of permits for projects with a project cost, as determined by the court, of more than $1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action.

(3) An action to challenge a permit decision pursuant to this chapter must be brought in the county in which the permitted activity will occur. If an activity will occur in more than one county, the action may be brought in any of the counties in which the activity will occur.

(4) A judicial action or proceeding pursuant to this chapter for an equine slaughter or processing facility must comply with [sections 1 and 2]."

Section 5. Section 75-5-614, MCA, is amended to read:

"75-5-614. Injunctions authorized. (1) ~~The~~ *Except as provided in [section 1], the* department is authorized to commence a civil action seeking appropriate relief, including a permanent or temporary injunction, for a violation that would be subject to a compliance order under 75-5-613. An action under this subsection may be commenced in the district court of the county where a violation occurs or is threatened, and the court has jurisdiction to restrain the violation and to require compliance.

(2) ~~The~~ *Except as provided in [section 1], the* department may bring an action for an injunction against the continuation of an alleged violation of the terms or conditions of a permit issued by the department or any rule or effluent standard promulgated under this chapter or against a person who fails to comply with an emergency order issued by the department under 75-5-621 or a final order of the board. The court to which the department applies for an injunction may issue a temporary injunction if it finds that there is reasonable cause to believe that the allegations of the department are true, and it may issue a temporary restraining order pending action on the temporary injunction."

Section 6. Section 75-5-621, MCA, is amended to read:

"75-5-621. Emergencies. (1) Notwithstanding other provisions of this chapter, if the department finds that a person is committing or is about to commit an act in violation of this chapter or an order or rule issued under this chapter that, if it occurs or continues, will cause substantial pollution the harmful effects of which will not be remedied immediately after the commission

or cessation of the act, the department may order the person to stop, avoid, or moderate the act so that the substantial injury will not occur. The order is effective immediately upon receipt by the person to whom it is directed, unless the department provides otherwise.

(2) Notice of the order must conform to the requirements of 75-5-611(1) so far as practicable. The notice must indicate that the order is an emergency order.

(3) Upon issuing an order, the department shall fix a place and time for a hearing before the board, not later than 5 days after issuing the order unless the person to whom the order is directed requests a later time. The department may deny a request for a later time if it finds that the person to whom the order is directed is not complying with the order. The hearing must be conducted in the manner specified in 75-5-611. As soon as practicable after the hearing, the board shall affirm, modify, or set aside the order of the department. The order of the board must be accompanied by the information required in 75-5-611(6). An action for review of the order of the board may be initiated in the manner specified in 75-5-641. ~~The~~ *Except as provided in [section 1], the* initiation of an action or taking of an appeal may not stay the effectiveness of the order unless the court finds that the board did not have reasonable cause to issue an order under this section."

Section 7. Section 75-5-641, MCA, is amended to read:

"75-5-641. Appeals from board orders — review by district court. (1) An appeal of an order of the board ~~shall~~ *must* be in the district court of the county in which the alleged source of pollution is located.

(2) A person interested in the order may intervene, in the manner provided by the rules of civil procedure, if ~~he~~ *the person* shows good cause. An intervenor is a party for the purposes of this chapter.

(3) The attorney general shall represent the board if requested, or the department may appoint special counsel for the proceedings, subject to the approval of the attorney general.

(a) that refusal to grant a stay will cause serious harm to the affected party; and

(b) that ~~any~~ *a* violation found by the board will not continue or, if it does continue, ~~any~~ *the* harmful effects on state waters will be remedied immediately on the cessation of the violation.

(5) If a court does not stay the effectiveness of an order of the board, it may enforce compliance with that order by issuing a temporary restraining order or an injunction at the request of the board."

[HB 659]

AN ACT DIRECTING THE STATE ADMINISTRATION AND VETERANS' AFFAIRS INTERIM COMMITTEE TO EXAMINE AND RECOMMEND TO THE 62ND LEGISLATURE FUNDING AND BENEFIT CHANGES IN THE STATEWIDE PUBLIC EMPLOYEES' AND TEACHERS' RETIREMENT SYSTEMS; PROVIDING AN APPROPRIATION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Article VIII, section 15, of the Montana Constitution requires all public retirement systems to be funded on an actuarially sound basis; and

WHEREAS, the recent economic collapse of the financial markets in the United States has severely affected the market value of investments and adversely affected the funding of Montana's statewide retirement systems; and

WHEREAS, the July 1, 2008, actuarial valuation for the Teachers' Retirement System (TRS) showed that current contribution rates will not amortize the system's unfunded liability within the 30-year amortization period considered to be the benchmark for actuarial soundness; and

WHEREAS, if investment earnings for TRS continue to dramatically decline, even with contribution increases, the system's liabilities may not amortize in any length of time unless significant funding is provided and TRS is redesigned to reduce the accrual of benefit liabilities; and

WHEREAS, based on actuarial projections that take into consideration continued market declines since the actuarial valuation of July 1, 2008, for the retirement systems administered by the public employees' retirement board, the unfunded liabilities in the public employees', game wardens' and peace officers', and sheriffs' retirement systems may also not amortize in any length of time without increased contributions and benefit or plan design changes; and

WHEREAS, an appropriate interim committee of the Legislature should examine the funding and benefits in all of the statewide retirement systems, which include the public employees', teachers', judges', game wardens' and peace officers', sheriffs', firefighters' unified, municipal police officers', and volunteer firefighters' retirement systems, review options for changing benefits and plan design, consider the purpose of retirement plans as a part of an overall compensation package for public employees, and develop legislation for consideration by the next Legislature; and

WHEREAS, such an examination and the development of legislation to implement plan redesign and funding changes will require that the committee be authorized to hire actuarial and other expert consulting services.

Be it enacted by the Legislature of the State of Montana:

Section 1. Interim committee to examine and recommend changes to statewide retirement systems. (1) In addition to fulfilling its duties under 5-5-228(2)(a), the state administration and veterans' affairs interim committee established in 5-5-228 shall:

(d) provides benefits designed to attract and retain qualified and competent employees in a competitive labor market and to facilitate effective workforce management;

(e) complies with the federal Internal Revenue Code governing tax-qualified public pension plans;

(f) provides that the system is administered by the teachers' retirement board and provides that system assets are invested by the board of investments, as required by the Montana constitution; and

(g) provides a foundation for financial security in retirement, taking into consideration that:

(i) a retirement plan is only one part of an employee's compensation package that also includes salary, health insurance benefits, and other benefits;

(ii) an employer-sponsored public retirement plan is not intended to be the sole provider of income to an employee in retirement; and

(iii) deferred compensation, personal savings and investments, and social security should be part of an employee's financial planning for retirement.

(3) (a) The committee may hire consulting services as needed.

(b) The public employees' retirement and teachers' retirement boards and their respective staffs shall provide requested information and actuarial analysis to the extent feasible within the framework of the retirement boards' fiduciary and constitutional responsibilities.

CHAPTER NO. 421

[HB 670]

AN ACT PROVIDING FOR LOCAL GOVERNMENT AND SCHOOL DISTRICT DISCRETION TO ABATE PROPERTY TAXES ON CERTAIN COMMERCIAL OR INDUSTRIAL REAL PROPERTY AND PERSONAL PROPERTY TO FACILITATE THE CONTINUED OPERATION OF THE BUSINESS USING THE PROPERTY; REQUIRING JOINT APPROVAL OF THE ABATEMENT BY AFFECTED GOVERNING BODIES; PROVIDING FOR THE RECAPTURE OF THE TAX BENEFIT; AMENDING SECTIONS 15-6-134 AND 15-6-138, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. The purpose of [sections 1 through 3] is to facilitate the reopening and continued operation of a commercial or industrial property by reducing the taxable value of property subject to taxation under 15-6-134 and 15-6-138.

Section 2. Reduction in assessment of taxable value of commercial and industrial property — application — approval. (1) (a) For property tax years 2009, 2010, and 2011, the governing bodies of a county or consolidated local government unit, incorporated city or town, if the property is located in the city or town, and school district may jointly reduce by 95% the taxable value of commercial real property improvements, personal property, or any combination of that property, other than land, that is subject to taxation. The reduction in taxable value under this section applies only to commercial or industrial property taxed under 15-6-134 or 15-6-138. A taxpayer that has not been operating the property for at least 6 months immediately preceding the request for reduction in taxable value and that does not intend to use the property for at least 6 months following the reduction in taxable value qualifies under this section.

(b) (i) Except as provided in subsection (1)(b)(ii), an application for the reduction in taxable value allowed under this section must be made to the affected local governing bodies by April 15 of the property tax year.

(ii) An application for the reduction in taxable value allowed under this section for property tax year 2009 must be made to the affected local governing bodies by May 15, 2009.

(c) For the purposes of [section 3] and this section, a local governing body includes the board of trustees of a school district.

(2) (a) In order for a taxpayer to receive the tax benefits described in subsection (1), the governing bodies of the affected county or consolidated local government unit, incorporated city or town, if the property is located in the city or town, and school district must have approved by a separate, joint resolution for each commercial or industrial property, following due notice as defined in 76-15-103 and a public hearing, the taxable value reduction provided for in subsection (1) for the respective jurisdictions. The presiding officer of the governing body of the affected county or consolidated local government unit is the presiding officer of the joint meeting of the affected taxing jurisdictions. If the property is located in more than one county, the presiding officer of the governing body of the county in which most of the property is located is the presiding officer of the joint meeting.

(b) For the purpose of this subsection (2), each affected governing body shall provide due notice of the joint meeting.

(c) Subject to 15-10-420, the governing bodies may end the tax benefits by majority vote at any time, but the tax benefits may not be denied a commercial or industrial business that previously qualified for the benefits in the tax year.

(d) The joint resolution provided for in subsection (2)(a) must include a description of the improvements and personal property that qualify for the tax treatment that is to be allowed in the taxing jurisdictions. The joint resolution may provide that commercial real property improvements, personal property, or any combination of that property, other than land, is eligible for the tax benefits described in subsection (1).

(3) The joint resolution must state that the reduction in taxable value is in the best interest of the governing body, based on full disclosure of all pertinent financial information by the owner of the real and personal property as required by the local governing body. The joint resolution must be approved by a majority vote of the governing body of each affected taxing jurisdiction referred to in subsection (2)(a).

(4) The governing bodies may refuse to reduce the taxable value of the property if they determine that the business is restructuring the ownership of the property for the primary purpose of escaping payment of property taxes or if the governing bodies determine that the reduction in taxable value is not in the best interest of the local governments.

(5) The reduction in taxable value granted by the joint resolution may be only for the current tax year. The governing bodies may grant a reduction in taxable value for the same owner of the property in the subsequent tax year under the provisions of this section, but they may not grant a reduction in taxable value for more than 3 tax years as provided in this section. The tax benefit granted under this section applies for the entire tax year.

(6) The tax benefits may not be granted under this section if the business owes delinquent property taxes for prior tax years.

(7) (a) If the reduction in taxable value is granted by a majority vote of the governing body of each affected taxing jurisdiction, the reduction applies only to mills levied in the affected county or consolidated local government unit, the affected incorporated city or town, and the affected school district.

(b) The benefit described in subsection (1) does not apply to levies or assessments required under Title 15, chapter 10, 20-9-331, 20-9-333, or 20-9-360 or otherwise required under state law.

(8) Within 15 days of approving the joint resolution to grant a reduction of taxable value but not later than July 15 of the tax year the reduction is granted, the governing body of the affected county or consolidated local government unit shall notify the department of the approval by each of the affected governing bodies. Upon receipt of the notification of approval by the governing body of the affected county or consolidated local government unit, the department shall make the assessment change pursuant to this section for each affected taxing jurisdiction.

Section 3. Exclusions from other property tax reductions — recapture. (1) If a taxable value decrease is taken pursuant to [sections 1 through 3], other property tax reductions, including but not limited to 15-24-1402, 15-24-1501, and 15-24-1502, are not allowed in the tax year the decrease is taken under [sections 1 through 3].

(2) Property taxes abated from the reduction in taxable value allowed by [section 2] are subject to recapture by each local governing body if the ownership or use of the property does not meet the requirements of [section 2] or the joint resolution required by [section 2(2)(a)]. The recapture is equal to the amount of taxes avoided, plus interest and penalties for nonpayment of property taxes as provided in 15-16-102, during any period in which the abatement was in effect. The amount recaptured, including penalty and interest, must be distributed by the treasurer to funds and accounts subject to the abatement in the same ratio as the property tax was abated. A recapture of taxes abated is not allowed with regard to property ceasing to qualify for the abatement by reason of an involuntary conversion or if the property is transferred to another person and the person maintains the same or similar level of operation of the commercial or industrial property. The recapture of abated taxes may be canceled, in whole or in part, if a local governing body determines that the taxpayer's failure to meet the requirements of this section is a result of circumstances beyond the control of the taxpayer.

Section 4. Section 15-6-134, MCA, is amended to read:

CHAPTER NO. 424

[SB 396]

AN ACT PROVIDING AN EXEMPTION FOR A REPLACEMENT APPROPRIATION FOR A WATER RIGHT FOR CERTAIN CHANGES IN POINTS OF DIVERSION; AND AMENDING SECTION 85-2-402, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-402, MCA, is amended to read:

"85-2-402. Changes in appropriation rights — definition. (1) (a) The right to make a change in appropriation right subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change in appropriation right proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter. Except as provided in 85-2-410 and subsections (15) and (16) of this section, an appropriator may not make a change in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(b) If an application involves a change in a point of diversion, conveyance, or place of use located on national forest system lands, the application is not correct and complete until the applicant has submitted proof to the department of any written special use authorization required by federal law for the proposed change in occupancy, use, or traverse of national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(c) As used in this part, "national forest system lands" has the same meaning as that provided in 85-20-1401, Article I.

(2) Except as provided in subsections (4) through (6), (15), ~~and~~ (16)*, and (18)* and, if applicable, subject to subsection (17), the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed change in appropriation right will not adversely affect the use of the existing water rights of other persons or other perfected or planned

uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3.

(b) Except for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource pursuant to 85-2-436 or a temporary change in appropriation right authorization to maintain or enhance streamflows to benefit the fishery resource pursuant to 85-2-408 or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) Except for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource pursuant to 85-2-436 or a temporary change in appropriation right authorization pursuant to 85-2-408 or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320, the applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use or, if the proposed change involves a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met; and

(b) the proposed change in appropriation right is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and

comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in appropriation right in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change in appropriation right. The department shall provide notice and may hold one or more hearings upon any other proposed change in appropriation right if it determines that the proposed change in appropriation right might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change in appropriation right subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change in appropriation right. The department may extend time limits specified in the change in appropriation right approval under the applicable criteria and procedures of 85-2-312(3).

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change in appropriation right is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change in appropriation right approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change in appropriation right approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change in appropriation right approval.

(11) The original of a change in appropriation right approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(ii) (A) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.

(B) If the replacement well is located on national forest system lands, the notice is not correct and complete under this subsection (15) until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the replacement well.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. (ii) is required by a state or federal agency.

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.

(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion. If the redundant water supply well is located on national forest system lands, the notice is not correct and complete under this subsection until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the redundant water supply well.

(d) The provisions of subsections (9) and (10) do not apply to a change in appropriation right that meets the requirements of this subsection (16).

(vi) the replacement point of diversion replaces an existing point of diversion and the existing point of diversion will no longer be used;

(vii) the appropriator can show that the existing point of diversion has been used in the 10 years prior to the notice for change of appropriation right for a replacement point of diversion;

(viii) the appropriator can show the change will not increase access to water availability, change the method of irrigation, if applicable, or increase the amount of water diverted, used, or consumed; and

(ix) a timely, correct and complete notice of replacement point of diversion is submitted to the department as provided in subsection (18)(b).

(b) (i) Within 60 days after completion of a replacement point of diversion, the appropriator shall file a notice of replacement point of diversion with the department on a form provided by the department.

(ii) The department shall review the notice of replacement point of diversion and shall issue an authorization of a change in an appropriation right if all of the

criteria in subsection (18)(a) have been met and the notice is correct and complete. The department may inspect the diversion to confirm that the criteria under subsection (18)(a) have been met. (d) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (18)(a).

(e) (i) An appropriator may file a correct and complete objection with the department alleging that the change in appropriation right for a replacement point of diversion will adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under Title 85, chapter 2, part 3.

(ii) If the department determines after a contested case hearing between the appropriator and the objector that the rights of other appropriators have been or will be adversely affected, it may revoke the change or make the change subject to terms, conditions, restrictions, or limitations necessary to protect the rights of other appropriators.

(iii) The burden of proof to prove lack of adverse effect at the hearing is on the appropriator changing the point of diversion."

(3) As its own formal act or through an act of a board of stewards of a race meet, the board may suspend or revoke any license issued by the department to a licensee and assess a fine, not to exceed $1,000, against a licensee who violates any of the provisions of this chapter or any rule or order of the board. In addition to the suspension or revocation and fine, the board may prohibit application for relicensure for a 2-year period. Fines collected under this subsection must be deposited in the general fund.

(4) The board shall promulgate rules implementing this chapter, including the right to a hearing for individuals against whom action is taken or proposed under this chapter. The rules may include provisions for the following:

(a) summary imposition of penalty by the stewards of a race meet, including a fine and license suspension, subject to review under the contested case provisions of the Montana Administrative Procedure Act;

(5) The district court of the first judicial district of the state has exclusive jurisdiction for judicial review of cases arising under this chapter."

Section 6. Section 23-4-204, MCA, is amended to read:

"23-4-204. Race exclusively for Montana-bred horses — bonus for winner. (1) For the purpose of encouraging the breeding in this state of valuable registered horses, at least one race each day at each race meet must be limited to horses bred in this state unless, in the board's judgment, there is an insufficient number of Montana-bred horses for the race. If in the opinion of the board sufficient competition cannot be had among this class of horses, the race may be eliminated for the day and a substitute race provided instead. Races with exclusively Montana-bred horses must be run for 20% higher purses than

races in comparable conditions that are not run with exclusively Montana-bred horses.

(2) The licensee conducting the race meet shall pay a sum equal to 10% of the first money of every purse won by a horse bred in this state to the breeder of the horse within 30 days of the end of the race meet. Only the money contributed by the licensee conducting the race meet may be considered in computing the bonus.

(3) Three percent of exotic wagering on a simulcast race must be deposited in a state special revenue account. ~~Those funds are statutorily appropriated to the board as provided in 17-7-502.~~ The board shall then distribute all funds collected under this subsection to live race purses or for other purposes that the board considers appropriate for the good of the existing horseracing industry."

Section 7. Section 23-4-302, MCA, is amended to read:

"23-4-302. Distribution of deposits — breakage. (1) Each licensee conducting the parimutuel system for a simulcast race meet shall distribute all funds deposited in any pool to the winner of the parimutuel pool, less an amount that in the case of exotic wagering on races may not exceed 26% and in all other races may not exceed 20% of the total deposits plus the odd cents of all redistribution to be based on each dollar deposited exceeding a sum equal to the next lowest multiple of 10, known as "breakage".

(2) Each licensee conducting the parimutuel system for a simulcast race meet shall distribute all funds deposited with the licensee in any pool for the simulcast race meet, less an amount that in the case of exotic wagering on these races may not exceed 26%, unless the signal originator percentage is higher, in which case the Montana simulcast licensee may adopt the same percentage withheld as the place where the signal originated, and that in all other of these races may not exceed 20% of the total deposits plus the odd cents of all redistribution to be based on each dollar deposited exceeding a sum equal to the next lowest multiple of 10, known as "breakage".

(3) Each licensee conducting a parimutuel system for a simulcast race meet shall deduct 1% of the total amount wagered on the race meet and deposit it in a state special revenue account. ~~The funds deposited are statutorily appropriated to the board as provided in 17-7-502.~~ The board shall then distribute all funds collected under this subsection to live race purses or for other purposes that the board considers appropriate for the good of the existing horseracing industry.

(4) (a) Source market fees from licensed advance deposit wagering hub operators must be deposited by the board in the board's state special revenue account.

(b) The board shall pay 80% of the source market fees generated between May 1 and the following April 30 to live race meet licensees based on each live race meet licensee's percentage of the total annual on-track parimutuel handle during the previous live race season. Prior to the beginning of each year's live race season, the correct percentage must be distributed by the board to each live race meet licensee to be used for race purses or other purposes that the board considers appropriate for the good of the horseracing industry.

(c) Ten percent of the source market fees paid to the board in a calendar year may be retained by the board for the payment of administrative expenses. One-half of the remaining 10% of the source market fees paid to the board in a calendar year must, by January 31 of the following calendar year, be paid to the owner bonus program and the other one-half to the breeder bonus program.

(5) (a) The parimutuel network licensee conducting fantasy sports league wagering shall distribute all funds deposited in the pool to the winner of the parimutuel pool less the takeout amount of 26% of the total deposits.

(b) The takeout amount must be distributed as follows:

(i) 15.3846% to the parimutuel facility licensee;

(ii) 23.0769% to the parimutuel network licensee as an administrative fee; and

(iii) 61.5385% to the board's special revenue account. No more than ~~$316,000 for fiscal year 2008, or~~ 10% ~~for succeeding fiscal years,~~ of the amount collected under this subsection (5)(b)(iii) may be appropriated by the legislature for administration of this chapter. The remaining portion collected under this subsection (5)(b)(iii) ~~is statutorily appropriated, as provided in 17-7-502,~~ *must be deposited in a state special revenue account.* ~~to the~~ *The* board *shall then distribute this portion* ~~for distribution~~ to live race purses and for other purposes that the board considers appropriate for the good of the existing horseracing industry.

Section 8. Section 23-4-304, MCA, is amended to read:

"23-4-304. Gross receipts — department's percentage — collection and allocation. (1) (a) Each live race meet licensee shall pay to the department within 5 days following receipt by the licensee 1% of the gross receipts of each day's parimutuel betting at each race meet. At the end of each race meet the licensee shall prepare a report to the department showing the amount of the overpayments and underpayments. If the report shows the underpayments to be in excess of the overpayments, the balance must be paid to the department. Money paid to the department may be used for the expenses incurred in carrying out this chapter. The licensee shall, at the same time, pay to the department all funds collected under 23-4-202(4)(d) on exotic wagering on races. These funds must be deposited in a state special revenue account. The board shall then distribute all funds collected under 23-4-202(4)(d) to live race purses or for other purposes that the board considers appropriate for the good of the existing horseracing industry.

(b) Each licensed simulcast facility shall pay to the department either 1% of the gross receipts of each day's parimutuel betting at each race meet or the actual cost to the board of regulating the simulcast race meet, whichever is higher. The money must be paid to the department within 5 days after receipt of the money by the licensee. At the end of each race meet the licensed simulcast facility shall prepare a report to the department showing the amount of the overpayments and underpayments. If the report shows the underpayments to be in excess of the overpayments, the balance must be paid to the department. Money paid to the department must be deposited in an account in the state special revenue fund and must be used for the administration of this chapter. The licensed simulcast facility shall, at the same time, pay to the department all funds collected under 23-4-202(4)(d) on exotic wagering on races. These funds must be deposited in a state special revenue account. The board shall then distribute all funds collected under 23-4-202(4)(d) to live race purses or for other purposes that the board considers appropriate for the good of the existing horseracing industry.

(c) The licensed parimutuel network conducting fantasy sports league wagering shall pay the funds distributed pursuant to 23-4-302(5)(b)(iii) to the department within 10 days after receipt of the money by the licensee.

(2) Prior to the beginning of the live racing season, funds collected under 23-4-202(4)(d) must be distributed by the department, after first passing through a state special revenue account, to be used for race purses that are distributed to each live race meet by the board or for other purposes that the board considers appropriate for the good of the horseracing industry.

~~(3) Except for funds collected under subsection (1)(c), the funds collected under this section and deposited in a state special revenue account are statutorily appropriated to the board as provided in 17-7-502.~~"

Section 9. Section 44-1-504, MCA, is amended to read:

"44-1-504. Special revenue account to partially fund highway patrol officers' salaries — ~~statutory appropriation~~. (1) There is an account in the state special revenue fund provided for in 17-2-102.

(2) The money in the account is *for* ~~statutorily appropriated, as provided in 17-7-502, to~~ the department of justice to fund, pursuant to 2-18-303(6):

(2) A managed care community network may contract with the department to provide any combination of medicaid-covered health care services that is acceptable to the department.

(3) The department, prior to entering into a contract, shall require that a managed care community network demonstrate to the department its ability to bear the level of financial risk being assumed by servicing enrollees under a contract for comprehensive physical or mental health care services. The department shall by rule adopt criteria for assessing the financial solvency of a network. The rules must consider risk-bearing and management techniques and protections against financial insolvency if a managed care community network is declared insolvent or bankrupt, as determined appropriate by the department. The rules must also consider whether a network has sufficiently demonstrated its financial solvency and net worth. The department's criteria must be based on sound actuarial, financial, and accounting principles. The department is responsible for monitoring compliance with the rules. The department shall provide for independent review of any contract provisions and contract compliance with the financial solvency rules.

(4) A managed care community network may not begin operation before the approval of any necessary federal waivers and the completion of the review of an application submitted to the department. The department may charge the applicant an application review fee for the department's actual cost of review of the application. The fee must be adopted by rule by the department. Fees collected by the department must be deposited in an account in the special revenue fund ~~and are statutorily appropriated, as provided in 17-7-502,~~ to *be used by* the department to defray the cost of application review.

(5) A health care delivery system that contracts with the department under the program may not be required to provide or arrange for any health care or medical service, procedure, or product that violates religious or moral teachings and beliefs if that health care delivery system is owned, controlled, or sponsored by or affiliated with a religious institution or religious organization but must comply with the notice requirements of 53-6-705(4)(c)."

Section 12. Section 80-5-510, MCA, is amended to read:

"80-5-510. Administration of fees. Filing fees and reimbursed costs must be deposited in the seed account established in 80-5-132 for the purpose of funding costs of investigation and alternative dispute resolution. Funds deposited under this section are ~~statutorily appropriated, as provided in 17-7-502,~~ to pay actual expenses incurred by the department to administer the alternative dispute resolution program provided for in this part."

Section 13. Section 87-1-513, MCA, is amended to read:

The cost of advertising notice of sale, as required by 87-1-511, must be paid from the fish and game fund.

(2) The proceeds, after the department's cost of conducting the sale and costs incurred in donating game animal meat are deducted, from the sale of seized game animal meat must be deposited in the state special revenue fund to the credit of the department of public health and human services ~~and are statutorily appropriated, as provided in 17-7-502, to the department of public health and human services~~ for the purposes of awarding grants to the Montana food bank network in this state. Section 2. Section 23-1-126, MCA, is amended to read:

"23-1-126. Good neighbor policy — public recreational ~~lands~~ *land*. (1) The good neighbor policy of public land use, as applied to public recreational ~~lands~~ *land*, seeks a goal of no impact upon adjoining private and public ~~lands~~ *land* by preventing impact on ~~those~~ *the* adjoining ~~lands~~ *land* from noxious weeds, trespass, litter, noise and light pollution, streambank erosion, and loss of privacy. *To facilitate the good neighbor policy regarding impact to adjoining land from noxious weeds, the department of fish, wildlife, and parks shall, prior to purchasing any land where noxious weeds are present, develop a noxious weed management agreement that complies with the county weed management district's noxious weed management program, as required in 7-22-2154.*

(2) In order to implement the good neighbor policy expeditiously, the legislature finds it necessary to require the department of fish, wildlife, and parks to place maintenance as a priority*:*

Section 3. Section 23-1-127, MCA, is amended to read:

"23-1-127. Maintenance priority — maintenance defined. *(1)* With regard to state parks and fishing access sites, implementation of the good neighbor policy requires that priority is to be given to maintenance of existing facilities, rather than to development or improvement. The additional amount above the purchase price or $300,000, whichever is less, must be deposited in the account established in [section 5]. As used in this subsection, "maintenance" means that term as defined in and consistent with the good neighbor policy in 23-1-127(2).* The department may develop, operate, and maintain acquired ~~lands~~ *land* or ~~waters~~ *water rights*:

CHAPTER NO. 429

[SB 343]

AN ACT CREATING THE MONTANA AQUATIC INVASIVE SPECIES ACT; ESTABLISHING THE INVASIVE SPECIES ACCOUNT; DEFINING DEPARTMENTAL RESPONSIBILITIES; ENCOURAGING COOPERATION AMONG PUBLIC AND PRIVATE ENTITIES; GRANTING RULEMAKING AUTHORITY; AUTHORIZING THE USE OF MANAGEMENT AREAS TO PREVENT THE SPREAD OF AQUATIC INVASIVE SPECIES; PROVIDING FOR THE PREVENTION AND CONTROL OF INFESTATIONS; AUTHORIZING INSPECTION OF THE EXTERIOR OF VESSELS FOR AQUATIC INVASIVE SPECIES; PROHIBITING THE TRANSFER OR TRANSPORT OF AQUATIC INVASIVE SPECIES; PROVIDING EXCEPTIONS; AUTHORIZING EMERGENCY DECLARATIONS; PROVIDING CIVIL AND CRIMINAL PENALTIES; AMENDING SECTIONS 10-3-312, 87-1-506, AND 87-5-721, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, invasive species can wreak damage on the economy, environment, recreational opportunities, and human health; and

WHEREAS, aquatic invasive species, including Eurasian watermilfoil, the quagga mussel, and the zebra mussel, pose new and imminent threats, which if left unchecked could cost millions of dollars not only in damage to Montana waterways, rivers, and lakes, to water storage, delivery, and irrigation systems, to hydroelectric power structures and systems, and to aquatic ecosystems, but also to the entire state economy; and

WHEREAS, the enormous impact caused by the zebra mussel is clearly demonstrated in the eastern United States where the species was first observed in Lake Ontario in 1988 and spread to Lake Michigan and the Finger Lakes Region in New York State by the following year; and

WHEREAS, the United States Geological Survey estimates that $5 billion has been spent thus far in the Great Lakes Basin alone for damages caused by and control efforts for the zebra mussel; and

WHEREAS, the zebra mussel was first discovered in Lake Mead in January 2007 and has now spread to Lakes Mojave and Havasu and the Colorado River, impacting the states of Arizona, Nevada, and California, as well as to Pueblo Reservoir in Colorado, San Justo Reservoir in California, and Electric Lake in Utah; and

WHEREAS, Eurasian watermilfoil, the zebra mussel, and the quagga mussel are easily carried on vessels used in infested water and then transported to another body of water if the vessel has not been properly cleaned; and

WHEREAS, Eurasian watermilfoil is already present in Montana and unless Montana takes action now to prevent the infestation of its waters with the zebra mussel and quagga mussel it is only a matter of time before their introduction in this state occurs; and

WHEREAS, the most cost-effective way of dealing with an aquatic invasive species is preventing an infestation from occurring.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 14] may be cited as the "Montana Aquatic Invasive Species Act".

Section 2. Legislative findings and purpose. (1) The legislature finds that:

(a) invasive species can wreak damage on the economy, environment, recreational opportunities, and human health in Montana;

(b) there is reason to be concerned about the further introduction, importation, and infestation of Eurasian watermilfoil (Myriophyllum spicatum) and the introduction, importation, and infestation of additional invasive species not yet present in Montana, such as the zebra mussel (Dreissena polymorpha) and the quagga mussel (Dreissena bugensis), that could cause catastrophic damage to not only our waterways, rivers, and lakes, our water storage, delivery, and irrigation systems, our hydroelectric power structures and systems, and our aquatic ecosystems, but also to the entire state economy;

(c) as infestations of threatening invasive species move ever closer to Montana's borders, protecting Montana against these species is of utmost importance to the state economy, environment, recreational opportunities, and human health for the benefit of all Montanans;

(d) preventing the introduction, importation, and infestation of invasive species is the most effective and least costly strategy for combating invasive species that, once established, are often difficult to control or eradicate;

(e) the use of check stations, at which the exterior of vessels may be inspected for the presence of invasive species and cleaned if an invasive species is detected, is an effective way to prevent the introduction, importation, and infestation of invasive species that are easily transferred from infested areas to uninfested areas when proper precautions are not taken; and

(f) preventing the introduction, importation, and infestation of invasive species is best accomplished through coordinated educational and management activities.

(2) The purpose of [sections 1 through 14] is to establish a mechanism for Montana to take concerted action to detect, control, and manage invasive species, including preventing further introduction, importation, and infestation, by educating the public about the threat of these species, coordinating public and private efforts and expertise to combat these species, and authorizing the use of check stations to prevent the intrastate movement of invasive species from infested areas to uninfested areas to protect the state's economy, environment, recreational opportunities, and human health for the benefit of all Montanans.

Section 3. Definitions. As used in [sections 1 through 14], the following definitions apply:

(1) "Departments" means the department of agriculture and the department of fish, wildlife, and parks.

(2) "Invasive species" means, upon the mutual agreement of the directors of the departments of agriculture and fish, wildlife, and parks, a nonnative, aquatic species that has caused, is causing, or is likely to cause harm to the economy, environment, recreational opportunities, or human health.

(3) "Invasive species management area" means a designation made by a department for a specific area, for a body or bodies of water, or for the entire state for a specific or indeterminate amount of time that regulates invasive species or potential carriers of invasive species within the boundaries of that area.

(4) "Person" means an individual, partnership, corporation, association, limited partnership, limited liability company, governmental subdivision, agency, or public or private organization of any character.

(5) "Vessel" has the meaning provided in 61-1-101.

Section 4. Invasive species account. (1) There is an invasive species account in the state special revenue fund. The account is administered by the department of agriculture.

(2) Money transferred from the general fund or received from any other lawful source, including but not limited to gifts, grants, donations, securities, or other assets, public or private, may be deposited in the account.

(3) Subject to subsection (4), money deposited in the account must be used to accomplish the purposes of [sections 1 through 14].

(4) Any private contribution deposited in the account for a particular purpose, as stated by the donor, must be used exclusively for that purpose.

(5) Any interest and earnings on the account must be retained in the account.

Section 5. Cooperative agreement for invasive species detection and control. (1) In order to implement, administer, and accomplish the purposes of [sections 1 through 14], the departments, collectively or individually, shall enter into a cooperative agreement with each other or may enter into an agreement with any person with the appropriate expertise and administrative capacity to perform the obligations of the agreement.

(2) Prior to entering an agreement with a person other than a department, the departments shall work in collaboration with each other to coordinate their respective responsibilities in order to further the purposes of [sections 1 through 14].

(3) A cooperative agreement may include provisions for funding to implement the agreement.

(4) The overall coordinating authority is the department of agriculture.

Section 6. Departmental responsibilities. (1) The departments shall prepare a list of invasive species and identify those departments and other public agencies with jurisdiction over each species on the list. The jurisdiction of each department for the prevention and control of invasive species is according to the department's powers and duties as established by law.

(2) For those invasive species under the jurisdiction of more than one department, the departments with jurisdiction, through cooperative agreement, shall seek to clarify and coordinate their respective responsibilities.

(3) Working in collaboration with each other, the departments, individually or collectively, shall develop and adopt an invasive species strategic plan or plans to accomplish the purposes of [sections 1 through 14]. The plan or plans shall identify and prioritize threats and determine appropriate actions, in the following order of priority, related to:

(a) public awareness and education;

(b) prevention and detection of invasive species, including the use of invasive species management areas authorized under [section 8];

(c) management, control, and restoration of infested areas; and

(d) emergency response.

(4) The departments shall implement education and outreach programs that increase public knowledge and understanding of prevention, early detection, and control of invasive species.

Section 7. Rulemaking authority. Unless otherwise provided in Title 81, chapters 2 and 7, or this chapter each of the departments may adopt rules for the prevention, early detection, and control of invasive species under the departments' jurisdiction, including rules for the:

(1) implementation of an invasive species strategic plan;

(2) transportation of an invasive species or any agent likely to be a carrier of an invasive species;

(3) designation, regulation, and treatment of an invasive species management area, including rules pertaining to the movement of vessels within, to, or from the area and the inspection and cleaning of the exterior of vessels moving within, to, or from the area; and

(4) manner in which vessels, including bilges, livewells, bait containers, and other boating-related equipment, traveling in the state must be cleaned to ensure that they are free from the presence of an invasive species.

Section 8. Invasive species management area — authorization. (1) When an invasive species is identified as infesting or threatening an area, the department with jurisdiction over that invasive species may designate and administer an invasive species management area for a specific area of land, for a body or bodies of water, or for the entire state for a specific or indeterminate amount of time to prevent and control the infestation or spread of that invasive species.

(2) To the extent practicable, prior to the designation of an invasive species management area, the department making the designation shall coordinate with all of the departments in order to further the purposes of [sections 1 through 14].

(3) The designation of an invasive species management area must specify:

(a) the invasive species present or considered threatening; and

(b) (i) subject to subsection (3)(b)(ii), the method or methods for preventing the introduction of the species or controlling or eradicating the species, including regulations pertaining to the movement of vessels within, to, and from the area and whether check stations will be used to inspect and clean the exterior of vessels moving within, to, or from the area.

(ii) If the invasive species management area encompasses the entire state, departmental authority to prescribe requirements for cleaning and inspecting the exterior of vessels traveling within the state is limited to those vessels required to stop at a check station pursuant to [section 11(3)(b)].

(4) As far as practical, signs indicating that an invasive species management area is in place must be posted in an effective manner at access points to the designated area and along the boundaries and within the area. The signs must include information about the specific regulations that apply to the area. The signs must be paid for with funds from the invasive species account established

in [section 4]. The departments may coordinate with any other governmental entity for the posting of signs.

Section 9. Arrangements with landowners. (1) The department designating an invasive species management area pursuant to [section 8] shall work cooperatively with any affected land managers and landowners within the boundaries of the designated area to establish prevention, treatment, control, and eradication methods best suited for the invasive species infesting or threatening the area.

(2) If negotiations with a land manager or landowner fail, the designating department may arrange for the prevention, treatment, control, and eradication of the designated species as it relates to water infrastructure, including but not limited to hydroelectric, municipal, recreational, and irrigation equipment, without the consent of the land manager or landowner. To the extent possible, the arrangements by the department must be made in a manner best suited to preventing, treating, controlling, and eradicating the invasive species, while minimizing disturbances and adverse impacts to the landowner.

Section 10. Invasive species management area — regulation. (1) The owner, operator, or person in possession of any vessel authorized for use in an invasive species management area shall comply with any regulations imposed pursuant to [section 8(3)(b)].

(2) After use in a body of water within an invasive species management area, all vessels, bait containers, livewells, bilges, and other boating-related equipment, excluding marine sanitary systems, must be drained in a way that does not impact any state waters before being transported on land or a public highway, as defined in 61-1-101, except where allowed by the department of fish, wildlife, and parks.

(3) In a body of water designated as an invasive species management area, taking from the water or possessing any bait animal, dead or alive, including but not limited to crayfish, leeches, and minnows, is prohibited unless approved by the department of fish, wildlife, and parks.

Section 11. Check stations. (1) Departments shall establish a check station within or adjacent to an invasive species management area to prevent the introduction, importation, infestation, and spread of the invasive species for which the designation was issued.

(2) At a check station, the departments may examine the exterior of vessels for the presence of an invasive species and compliance with regulations imposed under [section 8(3)(b)] and with this section.

(3) (a) Except as provided in subsection (3)(b), the owner, operator, or person in possession of a vessel shall stop at any check station unless a medical emergency makes stopping likely to result in death or serious bodily injury.

(b) If a check station is established under regulations pertaining to a statewide invasive species management area, a stop at that check station is required only for a vehicle transporting a vessel, excluding vessels that have never been used.

(4) If during an inspection of the exterior of a vessel the presence of an invasive species is detected upon the exterior of the vessel, that vessel may not leave the check station until it is cleaned and decontaminated in a manner established in accordance with [section 8(3)(b)].

Section 12. Invasive species possession and transfer prohibited — exceptions. (1) Except as provided in subsection (2), a person may not import,

purchase, sell, barter, distribute, propagate, transport, introduce, or possess an invasive species except:

(a) when transporting a specimen to any of the departments or another destination as directed by any of the departments in a sealed container for the purpose of containing, identifying, or reporting the presence of the species or for an approved educational purpose;

(b) when done by a government agency for an approved purpose;

(c) with a proper permit issued by the state or federal government; or

(d) as allowed by rule.

(2) A person who learns of the presence of an invasive species on that person's vessel or property shall notify the department with primary jurisdiction of the species immediately. If the person complies with department requirements for the treatment, control, and eradication of the invasive species, the person must be considered to be in compliance with this section and is not subject to penalties under [section 14]. This subsection does not apply to a person who purposely or knowingly introduces or attempts to introduce an invasive species in Montana.

Section 13. Emergency response. (1) The governor may declare an invasive species emergency if the introduction or spread of an invasive species has occurred or is imminent.

(2) If an emergency is declared pursuant to subsection (1), the governor may authorize the expenditure of funds pursuant to 10-3-312.

Section 14. Penalty. (1) Except as provided in subsection (2), the following penalties apply:

A person convicted of violating this subsection (1)(c) may also be required to pay restitution for any cost incurred to mitigate the effect of the violation.

(d) A civil penalty not to exceed $250 may be imposed on any person who violates any other provision of [sections 10 through 12] or rules adopted under [sections 10 through 12] not enumerated in subsections (1)(a) through (1)(c).

(2) A warning without penalty may be issued to any person violating the provisions of [sections 10 through 12] or rules adopted under [sections 10 through 12] if it is determined that a warning best serves the public interest.

(3) Civil penalties collected under this section must be deposited in the general fund.

Section 15. Section 10-3-312, MCA, is amended to read:

"10-3-312. Maximum expenditure by governor — appropriation. (1) Whenever *a disaster or* an emergency, including an energy emergency as defined in 90-4-302 *or an invasive species emergency declared under [section 13]*, ~~or a disaster~~ is declared by the governor, there is statutorily appropriated to the office of the governor, as provided in 17-7-502, and, subject to subsection (2), the governor is authorized to expend from the general fund an amount not to exceed $16 million in any biennium, minus any amount appropriated pursuant to 10-3-310 in the same biennium. CHAPTER NO. 430

[SB 399]

AN ACT PROVIDING CHILDREN WITH MENTAL HEALTH NEEDS WITH IN-STATE SERVICE ALTERNATIVES TO OUT-OF-STATE PLACEMENT; ESTABLISHING DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES INFORMATION COLLECTION AND REPORTING REQUIREMENTS REGARDING HIGH-RISK CHILDREN WITH MULTIAGENCY SERVICE NEEDS; AND AMENDING SECTION 52-2-302, MCA.

WHEREAS, the 1993 Montana Legislature recognized that some Montana children have mental health and other needs that require services from multiple agencies; and

WHEREAS, the 1993 Legislature expressed a desire to provide services to these children in their homes or communities whenever possible and to use out-of-state providers as a last resort; and

WHEREAS, subsequent legislatures have strengthened the policy first established in 1993 by encouraging development of an array of in-state services so that children placed out of state may return home and children in the state can remain in their homes, community, or state; and

WHEREAS, the state of Montana has sought and obtained federal funds to help plan for local services that can keep children with multiagency service needs in their homes and communities; and

WHEREAS, information from the Department of Public Health and Human Services indicates that out-of-state placement of children continues and has increased in recent years.

Be it enacted by the Legislature of the State of Montana:

Section 1. Development and use of in-state pool of providers. In order to accomplish the goals of 52-2-301, the department shall establish a pool of qualified in-state providers identified as willing and able to meet the significant needs of high-risk children with multiagency service needs who are currently placed or may be placed out of state. The department shall design a process in which licensed providers qualify for the pool by demonstrating their ability to provide mental health services for children:

(1) through use of available federal and state special revenue and state general fund money; and

(2) in accordance with the state's goal of using a wraparound philosophy of care.

Section 2. Out-of-state placement monitoring and reporting. (1) The department shall collect the following information regarding high-risk children with multiagency service needs:

(a) the number of children placed out of state;

(b) the reasons each child was placed out of state;

(c) the costs for each child placed out of state;

(d) the efforts the department made to avoid out-of-state placements, including:

(i) the number of in-state providers the department contacted about developing service alternatives for a child in or at risk of being placed in an out-of-state facility;

(ii) whether any in-state providers submitted a plan for service alternatives for the child to the department; and

(iii) if a plan for service alternatives was submitted, the reasons the plan was not implemented and the out-of-state placement was determined to be necessary;

(e) the number of children for whom plans for service alternatives were developed, implemented, and resulted in the return of a child from an out-of-state placement or prevented a child from being placed out of state; and

(f) other planning efforts to prepare for a child's return to the state.

AN ACT PROVIDING THAT COSTS OF WASHING AND CLEANING OF COAL MINED FROM AN UNDERGROUND MINE ARE NOT INCLUDED IN THE CONTRACT SALES PRICE OF COAL; REVISING WHEN THE DEPARTMENT MAY IMPUTE THE VALUE OF COAL; AMENDING SECTIONS 15-23-701, 15-23-703, 15-35-102, AND 15-35-107, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE, AN APPLICABILITY DATE, AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-23-701, MCA, is amended to read:

"15-23-701. Reporting gross yield from coal. ~~(1)~~ Each person engaged in mining coal must, on or before March 31 each year, file with the department of revenue a statement of the gross yield from each coal mine owned or worked by ~~such~~ *the* person in the preceding calendar year and the value ~~thereof~~ *of the coal*. The statement ~~shall~~ *must* be in the form prescribed by the department, which may be coordinated with the form used under 15-35-104 and must be verified by an officer of the firm. The statement ~~shall~~ *must* include:

~~(a)~~*(1)* the name and address of the owner or lessee or operator of the mine;

~~(b)~~*(2)* the location of the mine;

~~(c)~~*(3)* the tons of coal extracted, treated, and sold from the mine during the ~~taxable~~ *tax* period;

~~(d)~~*(4)* the gross yield or value in dollars and cents derived from the contract sales price as defined in 15-35-102.

~~(2) Whenever value is imputed under 15-35-107(1)(b), that value shall be used for purposes of reporting the value of the gross yield of coal under this section.~~"

Section 2. Section 15-23-703, MCA, is amended to read:

"15-23-703. Taxation of gross proceeds — taxable value for county classification and guaranteed tax base aid to schools. (1) The department shall compute from the reported gross proceeds from coal a tax roll that must be transmitted to the county treasurer on or before September 15 each year. The department may not levy or assess any mills against the reported gross proceeds of coal but shall levy a tax of 5% against the value of the reported gross proceeds as provided in 15-23-701~~(1)(d)~~*(4)*. The county treasurer shall give full notice to each coal producer of the taxes due and shall collect the taxes.

(2) For county classification and all nontax purposes, the taxable value of the gross proceeds of coal is 45% of the contract sales price as defined in 15-35-102.

(3) Except as provided in subsection (6), the county treasurer shall calculate and distribute to the state, county, and eligible school districts in the county the amount of the coal gross proceeds tax, determined by multiplying the unit value calculated in 15-23-705 times the tons of coal extracted, treated, and sold on which the coal gross proceeds tax was owed during the preceding calendar year.

(4) Except as provided in subsections (5), (6), and (8), the county treasurer shall credit the amount determined under subsection (3) and the amounts received under 15-23-706:

(a) to the state and to the counties that levied mills in fiscal year 1990 against 1988 production in the relative proportions required by the levies for state and county purposes in the same manner as property taxes were distributed in fiscal year 1990 in the taxing jurisdiction; and

(b) to school districts in the county that either levied mills in school fiscal year 1990 against 1988 production or used nontax revenue, such as impact aid money, as provided in 20 U.S.C. 7701, et seq., in lieu of levying mills against production, in the same manner that property taxes collected or property taxes that would have been collected would have been distributed in the 1990 school fiscal year in the school district.

(5) (a) If the total tax liability in a taxing jurisdiction exceeds the amount determined in subsection (3), the county treasurer shall, immediately following the distribution from taxes paid on May 31 of each year, send the excess revenue, excluding any protested coal gross proceeds tax revenue, to the department for redistribution as provided in 15-23-706.

(b) If the total tax liability in a taxing jurisdiction is less than the amount determined in subsection (3), the taxing jurisdiction is entitled to a redistribution as provided by 15-23-706.

(6) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds taxes that would have gone to a taxing unit, as provided in subsection (4)(a), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

(a) The county treasurer shall first allocate the coal gross proceeds taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in fiscal year 1990.

(b) If the allocation in subsection (6)(a) exceeds the total budget for a taxing unit, the commissioners may direct the county treasurer to allocate the excess to any taxing unit within the county.

(7) The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county treasurer under the following conditions:

(a) The district shall first allocate the coal gross proceeds taxes to the budgeted funds of the district in the same proportion that all other property tax proceeds were distributed in the district in fiscal year 1990.

(b) If the allocation under subsection (7)(a) exceeds the total budget for a fund, the trustees may allocate the excess to any budgeted fund of the school district.

(8) The county treasurer shall credit all taxes collected under this part from coal mines that began production after December 31, 1988, in the relative proportions required by the levies for state, county, and school district purposes

in the same manner as property taxes were distributed in the previous fiscal year."

Section 3. Section 15-35-102, MCA, is amended to read:

"15-35-102. Definitions. As used in this chapter, the following definitions apply:

(1) "Agreement" means a signed contract that is valid under Montana law between a coal mine operator and a purchaser or broker for the sale of coal that is produced in Montana.

(2) (a) "Base consumption level" for a purchaser, except as provided in subsection (2)(b), applies only for the term of an agreement in effect as of December 31, 1984, and means the lesser of:

(i) the volume of coal purchased during calendar year 1986 from all Montana coal mine operators; or

(ii) the greater of:

(A) the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators; or

(B) 90% of the maximum tonnage provided for in any agreement executed prior to January 1, 1985, for which the highest scheduled minimum quantity of coal stipulated by the terms of the agreement as they existed on January 1, 1985, has not been purchased at any time during the term of the agreement, plus the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators under all other agreements.

(b) If the volume calculated in subsection (2)(a)(i) is less than one-third of the volume calculated in subsection (2)(a)(ii), the base consumption level is the volume calculated in subsection (2)(a)(ii).

(3) (a) Except as provided in subsection (3)(b), "base production level" for a coal mine operator applies only for the term of an agreement in effect as of December 31, 1984, and means the lesser of:

(i) the arithmetic average volume of coal produced in Montana and sold to a purchaser in calendar years 1983 and 1984; or

(ii) the volume of coal produced in Montana and sold to a purchaser in 1986.

(b) If the amount calculated in subsection (3)(a)(ii) is less than one-third of the amount calculated in subsection (3)(a)(i), the base production level is the amount calculated in subsection (3)(a)(i).

(4) "Broker" means any person who resells Montana coal.

(5) "Coal washing" means any treatment to remove impurities from underground mined coal. Coal washing may include but is not limited to operations such as flotation, air, water, or heavy media separation, drying, and related handling.

~~(5)~~*(6)* "Contract sales price" means either the price of coal extracted and prepared for shipment f.o.b. mine, excluding that amount charged by the seller to pay taxes paid on production, or a price imputed by the department under 15-35-107. Contract sales price includes all royalties paid on production, no matter how the royalties are calculated. However, with respect to royalties paid to the government of the United States, the state of Montana, or a federally recognized Indian tribe, the contract sales price includes 15 cents per ton. *Contract sales price does not include the costs specific to the act of coal washing.*

~~(6)~~*(7)* "Department" means the department of revenue.

~~(7)~~*(8)* "Energy conversion process" includes any process by which coal in the solid state is transformed into slurry, gas, electrical energy, or any other form of energy.

~~(8)~~*(9)* "Incremental production" means that quantity of coal produced annually by a coal mine operator and sold to a qualified purchaser that exceeds the base production level of the coal mine operator for that purchaser, but only to the extent the quantity of coal exceeds that purchaser's base consumption level from all Montana producers.

(10) "Prepared for shipment" includes but is not limited to services such as in-mine movement, crushing, sizing, screening, storing, mixing, loading, treatment with substances including chemicals or oils, and other preparation of the coal for disposition.

~~(9)~~*(11)* "Produced" means severed from the earth.

~~(10)~~*(12)* "Purchaser" means a person who purchases or contracts to purchase Montana coal directly from a coal mine operator or indirectly from a broker and who utilizes that coal in any industrial, commercial, or energy conversion process. A coal broker or any other third party intermediary is not a purchaser under the provisions of this chapter.

~~(11)~~*(13)* "Qualified purchaser" means a purchaser whose purchases of Montana coal in any given year exceed the purchaser's base consumption level. A purchaser of Montana coal who enters into a coal agreement with another purchaser or a broker that causes a reduction in the base consumption level of a purchaser is not a qualified purchaser.

~~(12)~~*(14)* "Strip mining" is defined in 82-4-203 and includes "surface mining".

~~(13)~~*(15)* "Taxes paid on production" includes any tax paid to the federal, state, or local governments upon the quantity of coal produced as a function of either the volume or the value of production and does not include any tax upon the value of mining equipment, machinery, or buildings and lands, any tax upon a person's net income derived in whole or in part from the sale of coal, or any license fee.

~~(14)~~*(16)* "Ton" means 2,000 pounds.

~~(15)~~*(17)* "Underground mining" means a coal mining method utilizing shafts and tunnels and as further defined in 82-4-203."

Section 4. Section 15-35-107, MCA, is amended to read:

"15-35-107. When value of coal may be imputed — procedure. (1) The department may ~~or shall at the request of the taxpayer~~ impute a value to the coal ~~which~~ *that* approximates market value f.o.b. mine in a case where:

(a) the operator of a coal mine is using the produced coal in an energy-conversion or other manufacturing process; *or*

~~(b) the operator of a coal mine refines the coal by drying, cleaning, or other processing designed to improve the quality of the coal;~~

~~(c)~~*(b)* a person sells coal under a contract ~~which~~ *that* is not an arm's-length agreement~~; or~~

~~(d) a person neglects or refuses to file a statement under 15-23-701 or a statement and tax return under this chapter~~.

(2) For purposes of subsection (1)~~(b)~~, "market value f.o.b. mine" means the value of the coal subsequent to ~~primary and secondary crushing but prior to drying, cleaning, or other processing~~ *being prepared for shipment on the mode of transportation taken to its final destination*.

(3) When imputing value, the department may apply the factors used by the federal government under 26 U.S.C. 613, or that provision as it may be labeled or amended, in determining gross income from mining or the department may apply any other or additional criteria it considers appropriate. Each subject taxpayer shall upon request by the department furnish a copy of its federal income tax return, with any amendments, filed for the year in which the value of coal is being imputed and copies of the contracts under which it is selling coal at the time. When the department's estimate of market value is contested in any proceeding, the burden of proof is on the contesting party."

In responding to the request for proposals, each vendor shall identify whether the vendor's proposed solution is substantially similar to a project that has been installed in another state, how long the project has been in production, and whether the project has been approved by the centers for medicare and medicaid services.

Section 3. Information technology appropriations. (1) The following projects and funds are appropriated for the biennium ending June 30, 2011, to the indicated agency to be used only for the specified projects:

Agency/Project	General Fund	Federal Special Revenue	Total
DEPARTMENT OF ADMINISTRATION			
Interoperability Montana Equipment	1,000,000		1,000,000
Enterprise System Services Center Equipment	3,500,000		3,500,000

(2) For the item in subsection (1) for Interoperability Montana Equipment, the department shall exercise due diligence in determining the appropriateness, effectiveness, and reliability of technology and equipment, taking into consideration input and advice from system users, including field personnel and a broad representation of use groups. Recommendations for acquisition of technology and equipment should be reported to the information technology board established in 2-15-1021.

Section 4. Fund transfers. The following amounts are transferred from the general fund to the LRITP:

(1) $3,433,089 for fiscal year 2010; and

(2) $3,433,089 for fiscal year 2011.

Section 5. Bond authorization. The board of examiners may issue and sell employment security revenue bonds of the state, in accordance with the provisions of [sections 5 through 12], in an aggregate principal amount not to exceed $15 million for the unemployment insurance tax modernization project approved in [section 2] and to pay costs associated with the sale and issuance of the bonds, including funding a debt service reserve.

Section 6. Employment security revenue bond debt service account — deposit of bond proceeds. (1) There is an employment security revenue bond debt service account in the debt service fund type. The state treasurer shall transfer proceeds of employment security assessments deposited in the employment security account, established in 39-51-409, to the employment security revenue bond debt service account as required by the resolution authorizing the bonds or the trust indenture.

(2) The proceeds of the bonds, other than premiums and accrued interest received, must be deposited in an unemployment insurance tax modernization account to fund the unemployment insurance tax modernization project approved in [section 2].

(3) Premiums and accrued interest must be deposited in the employment security revenue bond debt service account. No more than the principal and interest on the bonds due in any year may be retained in the employment security revenue bond debt service account.

(4) Interest and investment earnings on the debt service account must be retained in the account.

Section 7. State pledge of employment security assessments — use of employment security account. The employment security assessments imposed pursuant to 39-51-404 must be pledged to the payment of the principal, interest, and redemption premium, if any, of the employment security revenue bonds authorized in [section 5]. The pledge is and remains at all times a first lien and prior charge upon the pledged employment security assessments. Funds in the employment security account may be used for the payment of employment security revenue bonds to the extent that employment security assessments deposited in the employment security revenue bond debt service account is not sufficient for payment of the bonds.

Section 8. Continued assessment and collection — deposit in employment security account. The legislature shall provide for the continued assessment, collection, and deposit of the employment security assessments described in 39-51-404 in the amounts necessary to pay the principal of and premium and interest on the employment security revenue bonds as long as they are outstanding. The payment of principal, interest, and premium of the employment security revenue bonds is considered an administrative expense.

Section 9. Form — principal and interest — fiscal agent — bonds authorized. (1) The employment security revenue bonds may be issued by the board of examiners in one or more series, at public or private sale, in denominations and form, in fully registered form, with provisions for the conversion or exchange, bearing interest at a rate or rates or the method of determining the rate or rates, maturing at times, not more than 10 years from date of issue, subject to redemption at earlier times and prices and upon notice, and payable at the office of a fiscal agency of the state that the board shall determine, subject to the limitations contained in [sections 5 through 12]. Any action taken by the board of examiners under [sections 5 through 12] must be approved by at least a majority vote of its members.

(2) In all other respects, the board of examiners is authorized to prescribe the form and terms of the bonds and shall do whatever is lawful and necessary for their issuance and payment.

(3) Bonds and any interest coupons attached to the bonds must be signed by the members of the board of examiners, and the bonds must be issued under the great seal of the state of Montana. The bonds and coupons may be executed with facsimile signatures and seal in the manner and subject to the limitations prescribed by law. The state treasurer shall keep a record of all bonds issued and sold.

(4) The board of examiners may employ a fiscal agent and a bond registrar and transfer agent to assist in the performance of its duties under [sections 5 through 12].

(5) In connection with the issuance and sale of bonds, the board of examiners may arrange for lines of credit or letters of credit with any bank, firm, or person for the purpose of providing an additional source of repayment for bonds issued pursuant to [sections 5 through 12]. Amounts drawn on the lines of credit may be evidenced by negotiable or nonnegotiable notes or other evidences of indebtedness, containing terms and conditions that the board of examiners may authorize in the resolution approving the bonds.

(6) Additional employment security revenue bonds, other than refunding bonds, may not be issued until the pledge in favor of the employment security revenue bonds is satisfied and discharged.

Section 10. Trust indenture. (1) In the discretion of the board of examiners, bonds issued under [sections 5 through 12] may be secured by a trust indenture by and between the board and a trustee, which may be any trust company or bank having the powers of a trust company inside or outside of the state. In addition to provisions that the board of examiners determines to be necessary and appropriate to secure the bonds, provide for the rights of the bondholders, and ensure compliance with all applicable law, the trust indenture must contain provisions that:

(a) govern the custody, safeguarding, and disbursement of all money held by the trustee under the trust indenture; and

(b) permit representatives of the state treasurer, department of administration, or department of labor and industry, upon reasonable notice and at reasonable times, to inspect the trustee's books and records concerning the trust indenture.

(2) A trust indenture or an executed counterpart of a trust indenture developed pursuant to [sections 5 through 12] must be filed with the secretary of state. The filing of a trust indenture or an executed counterpart in the office of the secretary of state is constructive notice of its content to all persons from the time of filing, and the recording of the trust indenture or its content is not necessary.

Section 11. Provisions for protecting bondholders. The resolution of the board of examiners providing for the issuance of bonds or the trust indenture may contain provisions for protecting and enforcing the rights and remedies of the bondholders that are reasonable, proper, and not in violation of law, including covenants setting forth the duties of the state, the board, and the departments, boards, or agencies of state government in relation to the unemployment insurance tax modernization project financed with the proceeds of the bonds and the custody, safeguarding, and application of all money. The trust indenture may set forth the rights and remedies of the bondholders customary in trust indentures, deeds of trusts, and mortgages securing bonds or debentures of corporations. The enumeration of particular powers granted by this section does not impair any general grant of power contained in [sections 5 through 12].

Section 12. Pledge of the state. In accordance with the constitutions of the United States and the state of Montana, the state pledges that it will not in any way impair the obligations of any agreement between the state and the holders of notes and bonds issued by the state under [sections 5 through 12].

Section 13. Section 39-51-409, MCA, is amended to read:

"39-51-409. Employment security account. (1) There is an account in the state special revenue fund called the employment security account.

(2) Money deposited in the employment security account may be appropriated to the department for payment of:

(a) unemployment insurance benefits;

(c) expenses incurred in collecting money deposited in the account;

(d) expenses incurred for the employment offices established in 39-51-307, including expenses for providing services to the business community;

(e) expenses incurred for the apprenticeship and training program;

(h) expenses for department functions pertaining to wage and hour laws, prevailing wages, and collective bargaining*; and*

(i) principal, interest, and redemption premium on employment security revenue bonds authorized in [section 5].

(3) ~~The~~ *Except as provided in [sections 6 and 12], the* department may transfer funds from the employment security account to the unemployment insurance fund account provided for in 39-51-402 upon receiving approval from the budget director that the transfer will not decrease the money in the account below the level appropriated by the legislature to provide for the employment services programs identified in subsection (2).

(4) The department may transfer appropriation authority in employment services programs between the federal special revenue and the state special revenue fund types."

Section 14. Two-thirds vote required. Because [section 5] authorizes the creation of state debt, Article VIII, section 8, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage.

Section 15. Contingent voidness — reduction of appropriation. If a vote of two-thirds of the members of each house of the legislature is not received, then [sections 5 through 13] are void and the state special revenue fund appropriation in [section 2] to the department of labor and industry for the unemployment insurance tax modernization project is reduced by $14 million.

Section 16. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

AN ACT CREATING A GRANT PROGRAM FOR EMERGENCY MEDICAL SERVICE PROVIDERS; ESTABLISHING ELIGIBILITY REQUIREMENTS AND REVIEW CRITERIA; AUTHORIZING THE DEPARTMENT OF TRANSPORTATION TO ADOPT RULES; PROVIDING A CONTINGENT APPROPRIATION; PROVIDING DEFINITIONS; AND PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative findings — purpose. The legislature finds that the provision of prehospital emergency medical service is a critical component of Montana's health care system because these prehospital services can improve the medical outcomes for people suffering medical emergencies and may improve the safety of motorists on Montana roads by providing emergency response to vehicle crashes. The legislature further finds that emergency medical service providers in many of Montana's rural areas have difficulty in continuing their operations because of demographic and economic circumstances. It is the purpose of [sections 1 through 7] to establish a grant program that will support emergency medical service providers by creating a source of funds to cover the costs of buying and maintaining the equipment that an emergency medical service needs in order to be ready to respond to calls.

Section 2. Definitions. As used in [sections 1 through 7], the following definitions apply:

(1) "Aircraft" has the same meaning given in 67-1-101. The term includes any fixed-wing airplane or helicopter.

(b) The term does not include:

(i) a motor vehicle or aircraft owned by or operated under the direct control of the United States; or

(7) (a) "Emergency response vehicle" means a vehicle used for the dedicated purpose of responding to emergency medical calls.

(b) The term does not include a vehicle used for an individual's personal purposes.

(8) "Nontransporting medical unit" means an aggregate of persons who are organized to respond to a call for emergency medical service and to treat a patient until the arrival of an ambulance. Nontransporting medical units provide any one of varying types and levels of service defined by department of public health and human services rule but may not transport patients.

(9) (a) "Patient" means an individual who is sick, injured, wounded, or otherwise incapacitated or helpless.

(b) The term does not include an individual who is nonambulatory and who needs transportation assistance solely because that individual is confined to a wheelchair as the individual's usual means of mobility.

(10) "Person" means an individual, firm, partnership, association, corporation, company, group of individuals acting together for a common purpose, or organization of any kind, including a governmental agency other than the United States.

(1) In a documented situation that the department considers to be an emergency for which an eligible emergency medical service provider cannot pay, the department may provide funding to repair or replace a vehicle or equipment that has been damaged or destroyed.

(2) Emergency funding may be provided only for vehicles or equipment eligible for grant funding, as provided in [section 3].

(3) Normal replacement of an ambulance or equipment may not be considered an emergency.

Section 8. Coordination instruction. (1) If House Bill No. 2 is not passed and approved or if House Bill No. 2 does not contain an appropriation of $1 million for each fiscal year for the purposes of [this act], then there is appropriated from the highway nonrestricted account provided for in 15-70-125 to the department of transportation the difference between $1 million in each fiscal year and the amount appropriated in House Bill No. 2 for the purposes of [this act].

Section 7. Section 90-4-1104, MCA, is amended to read:

"90-4-1104. Selection of qualified providers for energy performance contracts. The notice must be published at least once a week for 2 consecutive weeks in a newspaper of general circulation in the area where the local government unit *or the state agency* intends to institute the conservation measures, and requests for proposals must be sent to at least three vendors known to be offering energy performance contracts. The notice must invite qualified providers to submit qualifications and proposals for investment grade energy audits.

(2) The local government unit *or the state agency* shall evaluate qualifications and proposals according to the following capabilities and criteria:

(a) knowledge of design, engineering, installation, maintenance, and repairs associated with energy performance contracts;

Section 8. Section 90-4-1105, MCA, is amended to read:

"90-4-1105. Alternative selection process. The department may solicit requests for qualifications and proposals for qualified providers to offer energy performance contracts to local government units *or state agencies*. The notice must be published at least once a week for 2 consecutive weeks in at least two major daily newspapers in Montana, posted on the department's website, and sent to vendors known by the department to be offering energy performance contracts. The department shall evaluate the qualifications on the basis of the capabilities and criteria contained in 90-4-1104(2). (3) If the local government unit *or the state agency* determines that the investment grade energy audit does not provide sufficient conservation-related cost savings, it shall pay the cost of the investment grade energy audit and decline to enter into the energy performance contract.

(4) If the local government unit *or the state agency* determines that the investment grade energy audit provides sufficient conservation-related cost savings, it shall notify the qualified provider. The qualified provider shall provide the local government unit *or the state agency* with plans for the proposed conservation measures that have been prepared by an engineer licensed to practice in Montana and that comply with applicable building and safety codes.

(5) Upon receipt of the information required by subsection (4), the local government unit *or the state agency* may negotiate the conservation measures to be included in the energy performance contract and enter into the energy

performance contract. The energy performance contract may include the option of payment of the costs of the investment grade energy audit and plans provided pursuant to subsection (4) through project financing."

Section 10. Section 90-4-1107, MCA, is amended to read:

"90-4-1107. Term and conditions of energy performance contracts. (1) The term of an energy performance contract must be a minimum of 3 years and may be up to the useful life of the conservation measures or 20 years, whichever is less.

[HB 483]

AN ACT REVISING ENVIRONMENTAL LAWS RELATED TO ENERGY DEVELOPMENT PROJECTS; REVISING BOARD OF ENVIRONMENTAL REVIEW HEARING REQUEST PROCEDURES; REQUIRING A WRITTEN UNDERTAKING TO BE GIVEN BY CERTAIN PARTIES REQUESTING A HEARING OR A STAY BEFORE A COURT OR THE BOARD OF

ENVIRONMENTAL REVIEW; MODIFYING THE EXPIRATION DATE REQUIREMENTS FOR A PERMIT OR LICENSE UNDER THE AIR QUALITY LAWS; CLARIFYING THE USE OF BEST AVAILABLE CONTROL TECHNOLOGY REGULATIONS AND GUIDANCE; ESTABLISHING DEADLINES FOR THE BOARD OF ENVIRONMENTAL REVIEW TO ISSUE A FINAL DECISION UNDER THE AIR QUALITY LAWS AND THE MAJOR FACILITY SITING ACT; AMENDING SECTIONS 2-4-623, 2-4-702, 75-2-103, 75-2-211, 75-5-103, AND 75-20-223, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Energy development project — hearing and procedures. (1) (a) When the department approves or denies the application for a permit under 75-2-211 for an energy development project, the applicant or a person who has provided the department with formal comments and who is directly and adversely affected by the department's decision may request a hearing before the board. If the department provided an opportunity for public comment on the application, the request for a hearing must be limited to those issues raised in comments made to the department during the comment period unless the issues are related to a material change in federal or state law made during the comment period, to a judicial decision issued after the comment period, or to a material change to the draft permit, which was submitted for public comment, made by the department in the final permit decision and upon which the public did not have a meaningful opportunity to comment. The request for hearing must be filed within 30 days after the department renders its decision. An affidavit setting forth the grounds for the request must be filed with the request for a hearing.

(b) (i) If a hearing is requested by a person other than the applicant for or permittee of an energy development project, the applicant or permittee may, by filing a written election with the board within 15 days of receipt of the request for hearing, elect to have the matter proceed to hearing before the board or to have the matter submitted directly to the district court for judicial review of the agency decision. The party who requests the hearing may elect to have the matter submitted either to the board for a hearing or to the district court for judicial review by submitting a written election to the board with the request for hearing. If there are conflicting elections between the parties, the matter must proceed to district court.

(ii) If the applicant or permittee is not the person who requested the hearing and has elected to have the matter submitted to the district court, the person who submitted the request for a hearing shall file a petition for review of the permit decision within 15 days of receipt of notice from the permittee. If the person who requested the hearing has elected to have the matter proceed to district court, that person shall file a petition in district court within 15 days of filing the request.

(iii) The petition must be limited to matters raised in the request for hearing and must be filed in the county in which the facility is located.

(iv) If a party does not elect to submit the matter directly to district court, the matter must proceed through the contested case process before the board pursuant to the Montana Administrative Procedure Act.

(v) The board or the district court shall apply the laws and rules in place when the department issued its decision, and the board or the district court may not consider any issue that was not presented to the department for the

department's consideration during the formal comment period unless the issue is related to a material change in federal or state law made during the comment period, to a judicial decision issued after the comment period or to a material change to the draft permit, which was submitted for public comment, made by the department in the final permit decision and upon which the public did not have a meaningful opportunity to comment.

(c) (i) Except as provided in subsection (1)(c)(ii), if the person requesting the hearing is not the applicant or permittee of an energy development project, the board or the district court shall require a written undertaking to be given by the party requesting the hearing for the payment of costs and damages incurred by the permit applicant and its employees if the request for a hearing or judicial review was for an improper purpose designed to harass, cause unnecessary delay, or improperly interfere with the issuance of the permit without a reasonable basis in law or fact.

(ii) The board or the district court may not require a written undertaking if the party requesting the hearing is an indigent person.

(d) If grounds for requesting the hearing are based on alleged error in applying best available control technology requirements, the board or the district court shall give deference to the best available control technology determination made by the department. The board or the district court may not reject the best available control technology determination unless the determination was incorrect as a matter of law or the factual basis for the determination was clearly erroneous.

(2) The board shall issue a final decision within 4 months from the close of the hearing on the merits or, if no hearing is held, within 3 months from the date that briefing by the parties is complete unless the applicant or permittee and the party other than the applicant or permittee agree in writing to an extension of time. The board shall require the parties to prepare the case for hearing without unreasonable delay.

(3) (a) Any requirement in a permit to commence construction, installation, or alteration within a certain time period is tolled during a contested case or judicial review proceeding, but not by more than 12 months, unless the applicant or permittee in its discretion waives the tolling in writing.

(b) If there are multiple appeals of one permit, tolling under this subsection (3) may not exceed a total of 12 months for all appeals.

(c) The applicant may not engage in construction during the period that the time period is tolled under subsection (3)(a).

(4) The department shall, for good cause shown, waive for up to 1 year any requirement that construction of an energy development project must proceed with due diligence. During the period that a waiver is in effect, an air quality permit does not expire because construction of an energy development project failed to proceed with due diligence.

Section 2. Section 2-4-623, MCA, is amended to read:

"2-4-623. Final orders — notification — availability. (1) (a) A final decision or order adverse to a party in a contested case must be in writing. A final decision must include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, must be accompanied by a concise and explicit statement of the underlying facts supporting the findings. ~~A~~ *Except as provided in [section 1] and 75-20-223, a* final decision must be issued within 90 days after a contested case is considered to be submitted for a final

decision unless, for good cause shown, the period is extended for an additional time not to exceed 30 days.

(b) If an agency intends to issue a final written decision in a contested case that grants or denies relief and the relief that is granted or denied differs materially from a final agency decision that was orally announced on the record, the agency may not issue the final written decision without first providing notice to the parties and an opportunity to be heard before the agency.

(2) Findings of fact must be based exclusively on the evidence and on matters officially noticed.

(3) Each conclusion of law must be supported by authority or by a reasoned opinion.

(4) If, in accordance with agency rules, a party submitted proposed findings of fact, the decision must include a ruling upon each proposed finding.

(5) Parties must be notified by mail of any decision or order. Upon request, a copy of the decision or order must be delivered or mailed in a timely manner to each party and to each party's attorney of record.

(6) Each agency shall index and make available for public inspection all final decisions and orders, including declaratory rulings under 2-4-501. An agency decision or order is not valid or effective against any person or party, and it may not be invoked by the agency for any purpose until it has been made available for public inspection as required in this section. This provision is not applicable in favor of any person or party who has actual knowledge of the decision or order or when a state statute or federal statute or regulation prohibits public disclosure of the contents of a decision or order."

Section 3. Section 2-4-702, MCA, is amended to read:

"2-4-702. Initiating judicial review of contested cases. (1) (a) ~~A~~ *Except as provided in [section 1] and 75-20-223, a* person who has exhausted all administrative remedies available within the agency and who is aggrieved by a final written decision in a contested case is entitled to judicial review under this chapter. This section does not limit use of or the scope of judicial review available under other means of review, redress, relief, or trial de novo provided by statute.

(b) A party who proceeds before an agency under the terms of a particular statute may not be precluded from questioning the validity of that statute on judicial review, but the party may not raise any other question not raised before the agency unless it is shown to the satisfaction of the court that there was good cause for failure to raise the question before the agency.

(2) (a) Except as provided in *[section 1], 75-2-211, and* subsection (2)(c) *of this section*, proceedings for review must be instituted by filing a petition in district court within 30 days after service of the final written decision of the agency or, if a rehearing is requested, within 30 days after the written decision is rendered. Except as otherwise provided by statute or subsection (2)(d), the petition must be filed in the district court for the county where the petitioner resides or has the petitioner's principal place of business or where the agency maintains its principal office. Copies of the petition must be promptly served upon the agency and all parties of record.

(b) The petition must include a concise statement of the facts upon which jurisdiction and venue are based, a statement of the manner in which the petitioner is aggrieved, and the ground or grounds specified in 2-4-704(2) upon which the petitioner contends to be entitled to relief. The petition must demand

the relief to which the petitioner believes the petitioner is entitled, and the demand for relief may be in the alternative.

(c) If a petition for review is filed pursuant to 33-16-1012(2)(c), the workers' compensation court, rather than the district court, has jurisdiction and the provisions of this part apply to the workers' compensation court in the same manner as the provisions of this part apply to the district court.

(d) If a petition for review is filed challenging a licensing or permitting decision made pursuant to Title 75 or Title 82, the petition for review must be filed in the county where the facility is located or proposed to be located or where the action is proposed to occur.

(3) Unless otherwise provided by statute, the filing of the petition may not stay enforcement of the agency's decision. The agency may grant or the reviewing court may order a stay upon terms that it considers proper, following notice to the affected parties and an opportunity for hearing. A stay may be issued without notice only if the provisions of 27-19-315 through 27-19-317 are met.

(4) Within 30 days after the service of the petition or within further time allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be required by the court to pay the additional costs. The court may require or permit subsequent corrections or additions to the record."

(j) requirements and procedures for issuing a single permit authorizing emissions from similar operations at multiple temporary locations, which permit may include conditions necessary to ensure compliance with the requirements of this chapter at all authorized locations and a requirement that the owner or operator notify the department in advance of each change in location.

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) Except as provided in 75-1-205(4) and 75-1-208(4)(b), if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application:

(i) within 180 days after the department's receipt of a filed application, as provided in subsection (8), if the department prepares the environmental impact statement;

(ii) within 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement; or

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, within 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, is not subject to the provisions of 75-2-215, and is not subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application, except as provided in subsection (14).

(c) If an application does not require the preparation of an environmental impact statement and is subject to the federal air permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

(d) Except as provided in subsection (9)(e), if an application does not require the preparation of an environmental impact statement and is subject to the provisions of 75-2-215, the department shall notify the applicant of its approval or denial of the application, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8).

(e) If an application for a permit is for the construction, installation, alteration, or use of a source that is also required to obtain a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, the department shall prepare a single environmental review document pursuant to Title 75, chapter 1, for the permit required under this section and the license or permit required under 75-10-221 or 75-10-406 and act on the applications within the time period provided for in 75-2-215(3)(e).

(f) The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department upon the request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

(g) Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) ~~When~~ *Except as provided in [section 1], when* the department approves or denies the application for a permit under this section, a person who is ~~jointly~~

~~or severally~~ *directly and* adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision. An affidavit setting forth the grounds for the request must be filed within 30 days after the department renders its decision. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) *Except as provided in [section 1]:*

(a) ~~The~~ *the* department's decision on the application is not final until 15 days have elapsed from the date of the decision.*;*

(b) ~~The~~ *the* filing of a request for hearing does not stay the department's decision. However, the board may order a stay upon receipt of a petition and a finding, after notice and opportunity for hearing, that:

(i) the person requesting the stay is entitled to the relief demanded in the request for a hearing; or

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the stay.

(c) ~~Upon~~ *upon* granting a stay, the board may require a written undertaking to be given by the party requesting the stay for the payment of costs and damages incurred by the permit applicant and its employees if the board determines that the permit was properly issued. When requiring an undertaking, the board shall use the same procedures and limitations as are provided in 27-19-306(2) through (4) for undertakings on injunctions.

(12) The board shall provide, by rule, a period of 30 days in which the public may submit comments on draft air quality permits for applications that:

(a) are subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661;

(b) are subject to the requirements of 75-2-215; or

(c) require the preparation of an environmental impact statement.

(13) The board shall provide, by rule, a period of 15 days in which the public may submit comments on draft air quality permits not subject to subsection (12).

(14) The board shall provide, by rule, the basis upon which the department may extend by 15 days:

(a) the period as provided in subsection (13) in which the public may submit comments on draft air quality permits not subject to subsection (12); and

(b) the period for notifying an applicant of its final decision on approval or denial of an application, as provided in subsection (9)(b).

(15) (a) The board may adopt rules for issuance, modification, suspension, revocation, renewal, or creation of:

(i) general permits covering multiple similar sources; or

(ii) other permits covering multiple similar sources.

(b) Rules adopted pursuant to subsection (15)(a) may provide for construction and operation under the permit upon authorization by the department or upon notice to the department."

(d) prescribe the form and contents of preliminary plats and the documents to accompany final plats;

(e) provide for the identification of areas that, because of natural or human-caused hazards, are unsuitable for subdivision development. The regulations must prohibit subdivisions in these areas unless the hazards can be eliminated or overcome by approved construction techniques or other mitigation measures authorized under 76-3-608(4) and (5). Approved construction techniques or other mitigation measures may not include building regulations as defined in 50-60-101 other than those identified by the department of labor and industry as provided in 50-60-901.

(i) provide for the review of subdivision applications by affected public utilities and those agencies of local, state, and federal government identified during the preapplication consultation conducted pursuant to subsection (1)(q) or those having a substantial interest in a proposed subdivision. A public utility or agency review may not delay the governing body's action on the application beyond the time limits specified in this chapter, and the failure of any agency to complete a review of an application may not be a basis for rejection of the application by the governing body.

(j) when a subdivision creates parcels with lot sizes averaging less than 5 acres, require the subdivider to:

(i) reserve all or a portion of the appropriation water rights owned by the owner of the land to be subdivided and transfer the water rights to a single entity for use by landowners within the subdivision who have a legal right to the water and reserve and sever any remaining surface water rights from the land;

(ii) if the land to be subdivided is subject to a contract or interest in a public or private entity formed to provide the use of a water right on the subdivision lots, establish a landowner's water use agreement administered through a single

(B) are a sufficient distance from the centerline of the ditch to allow for construction, repair, maintenance, and inspection of the ditch; and

(C) prohibit the placement of structures or the planting of vegetation other than grass within the ditch easement without the written permission of the ditch owner.

(ii) Establishment of easements pursuant to this subsection (1)(k) is not required if:

(A) the average lot size is 1 acre or less and the subdivider provides for disclosure, in a manner acceptable to the governing body, that adequately notifies potential buyers of lots that are classified as irrigated land and may continue to be assessed for irrigation water delivery even though the water may not be deliverable; or

(B) the water rights are removed or the process has been initiated to remove the water rights from the subdivided land through an appropriate legal or administrative process and if the removal or intended removal is denoted on the preliminary plat. If removal of water rights is not complete upon filing of the final plat, the subdivider shall provide written notification to prospective buyers of the intent to remove the water right and shall document that intent, when applicable, in agreements and legal documents for related sales transactions.

(l) require the subdivider, unless otherwise provided for under separate written agreement or filed easement, to file and record ditch easements for unobstructed use and maintenance of existing water delivery ditches, pipelines, and facilities in the subdivision that are necessary to convey water through the subdivision to lands adjacent to or beyond the subdivision boundaries in quantities and in a manner that are consistent with historic and legal rights;

(m) require the subdivider to describe, dimension, and show public utility easements in the subdivision on the final plat in their true and correct location. (p) establish criteria that the governing body or reviewing authority will use to determine whether a proposed method of disposition using the exemptions

provided in 76-3-201 or 76-3-207 is an attempt to evade the requirements of this chapter. The regulations must provide for an appeals process to the governing body if the reviewing authority is not the governing body.

(q) establish a preapplication process that:

(i) requires a subdivider to meet with the *authorized* agent or agency, other than the governing body, that is designated by the governing body to review subdivision applications prior to the subdivider submitting the application;

(ii) requires, for informational purposes only, identification of the state laws, local regulations, and growth policy provisions, if a growth policy has been adopted, that may apply to the subdivision review process;

(iii) requires a list to be made available to the subdivider of the public utilities, those agencies of local, state, and federal government, and any other entities that may be contacted for comment on the subdivision application and the timeframes that the public utilities, agencies, and other entities are given to respond. If, during the review of the application, the agent or agency designated by the governing body contacts a public utility, agency, or other entity that was not included on the list originally made available to the subdivider, the agent or agency shall notify the subdivider of the contact and the timeframe for response.

(iv) requires that a preapplication meeting take place no more than 30 days from the date that the *authorized* agent or agency receives a written request for a preapplication meeting from the subdivider; and

(v) establishes a time limit after a preapplication meeting by which an application must be submitted as provided in 76-3-604.*;*

(r) requires that the written decision required by 76-3-620 must be provided to the applicant within 30 working days following a decision by the governing body to approve, conditionally approve, or deny a subdivision.

(2) In order to accomplish the purposes described in 76-3-501, the subdivision regulations adopted under 76-3-509 and this section may include provisions that are consistent with this section that promote cluster development.

(3) The governing body may establish deadlines for submittal of subdivision applications."

Section 14. Section 76-3-506, MCA, is amended to read:

"76-3-506. Provision for granting variances. *(1)* Subdivision regulations may authorize the governing body*, after a public hearing on the variance request before the governing body or its designated agent or agency,* to grant variances from the regulations when strict compliance will result in undue hardship and when it is not essential to the public welfare.

(2) Any variance granted pursuant to this section must be based on specific variance criteria contained in the subdivision regulations.

(3) A minor subdivision as provided for in 76-3-609(2) is not subject to the public hearing requirement of this section."

Section 15. Section 76-3-507, MCA, is amended to read:

(1) Except as provided in ~~subsection~~ *subsections* (2) *and (4)*, the governing body shall require the subdivider to complete required improvements within the *proposed* subdivision prior to the approval of the final plat.

(2) (a) In lieu of the completion of the construction of any public improvements prior to the approval of a final plat, the governing body shall at the subdivider's option allow the subdivider to provide or cause to be provided a bond or other reasonable security, in an amount and with surety and conditions satisfactory to the governing body, providing for and securing the construction and installation of the improvements within a period specified by the governing body and expressed in the bonds or other security. The governing body shall reduce bond *or security* requirements commensurate with the completion of improvements.

(b) In lieu of requiring a bond or other means of security for the construction or installation of all the required public improvements under subsection (2)(a), the governing body may approve an incremental payment or guarantee plan. The improvements in a prior increment must be completed or the payment or guarantee of payment for the costs of the improvements incurred in a prior increment must be satisfied before development of future increments.

(3) Approval by the governing body of a final plat prior to the completion of required improvements and without the provision of the security required under subsection (2) is not an act of a legislative body for the purposes of 2-9-111.

(4) The governing body may require a percentage of improvements or specific types of improvements necessary to protect public health and safety to be completed before allowing bonding or other reasonable security under subsection (2)(a) for purposes of filing a final plat. The requirement is applicable to approved preliminary plats."

Section 16. Section 76-3-510, MCA, is amended to read:

"76-3-510. Payment for extension of capital facilities. *(1)* A local government may require a subdivider to pay or guarantee payment for part or all of the costs of extending capital facilities related to public health and safety, including but not limited to public roads, sewer lines, water supply lines, and storm drains to a subdivision. The costs must reasonably reflect the expected impacts directly attributable to the subdivision. A local government may not require a subdivider to pay or guarantee payment for part or all of the costs of constructing or extending capital facilities related to education.

Section 17. Section 76-3-608, MCA, is amended to read:

"76-3-608. Criteria for local government review. (1) The basis for the governing body's decision to approve, conditionally approve, or deny a proposed subdivision is whether the subdivision application, preliminary plat, applicable environmental assessment, public hearing, planning board recommendations, or additional information demonstrates that development of the proposed subdivision meets the requirements of this chapter. A governing body may not deny approval of a proposed subdivision based solely on the subdivision's impacts on educational services.

(2) The governing body shall issue written findings of fact that weigh the criteria in subsection (3), as applicable.

(3) A subdivision proposal must undergo review for the following primary criteria:

(a) except when the governing body has established an exemption pursuant to subsection (6) of this section or except as provided in 76-3-509, 76-3-609(2) or (4), or 76-3-616, the impact on agriculture, agricultural water user facilities,

local services, the natural environment, wildlife, ~~and~~ wildlife habitat, and public health and safety;

(b) compliance with:

(i) the survey requirements provided for in part 4 of this chapter;

(ii) the local subdivision regulations provided for in part 5 of this chapter; and

(iii) the local subdivision review procedure provided for in this part;

(c) the provision of easements *within and to the proposed subdivision* for the location and installation of any planned utilities; and

(d) the provision of legal and physical access to each parcel within the proposed subdivision and the required notation of that access on the applicable plat and any instrument of transfer concerning the parcel.

(4) The governing body may require the subdivider to design the proposed subdivision to reasonably minimize potentially significant adverse impacts identified through the review required under subsection (3). The governing body shall issue written findings to justify the reasonable mitigation required under this subsection (4).

(5) (a) In reviewing a proposed subdivision under subsection (3) and when requiring mitigation under subsection (4), a governing body may not unreasonably restrict a landowner's ability to develop land, but it is recognized that in some instances the unmitigated impacts of a proposed development may be unacceptable and will preclude approval of the subdivision.

(b) When requiring mitigation under subsection (4), a governing body shall consult with the subdivider and shall give due weight and consideration to the expressed preference of the subdivider.

~~(6) The governing body may exempt proposed subdivisions that are entirely within the boundaries of designated geographic areas from the review criteria in subsection (3)(a) if all of the following requirements have been met:~~

~~(a) the governing body has adopted a growth policy pursuant to chapter 1 that:~~

~~(i) addresses the criteria in subsection (3)(a);~~

~~(ii) evaluates the impact of development on the criteria in subsection (3)(a);~~

~~(iii) describes zoning regulations that will be implemented to address the criteria in subsection (3)(a); and~~

~~(iv) identifies one or more geographic areas where the governing body intends to authorize an exemption from review of the criteria in subsection (3)(a); and~~

~~(b) the governing body has adopted zoning regulations pursuant to chapter 2, part 2 or 3, that:~~

~~(i) apply to the entire area subject to the exemption; and~~

~~(ii) address the criteria in subsection (3)(a), as described in the growth policy~~.

~~(7)~~*(6)* A governing body may conditionally approve or deny a proposed subdivision as a result of the water and sanitation information provided pursuant to 76-3-622 or public comment received pursuant to 76-3-604 on the information provided pursuant to 76-3-622 only if the conditional approval or denial is based on existing subdivision, zoning, or other regulations that the governing body has the authority to enforce."

Section 18. Section 76-3-609, MCA, is amended to read:

"76-3-609. Review procedure for minor subdivisions — determination of sufficiency of application — governing body to adopt regulations. (1) Minor subdivisions must be reviewed as provided in this section and subject to the applicable local regulations adopted pursuant to 76-3-504.

(2) If the tract of record proposed to be subdivided has not been subdivided or created by a subdivision under this chapter or has not resulted from a tract of record that has had more than five parcels created from that tract of record under 76-3-201 or 76-3-207 since July 1, 1973, then the proposed subdivision is a first minor subdivision from a tract of record and, when legal and physical access to all lots is provided, must be reviewed as follows:

(a) Except as provided in subsection (2)(b), the governing body shall approve, conditionally approve, or deny the first minor subdivision from a tract of record within 35 working days of a determination by the reviewing agent or agency that the application contains required elements and sufficient information for review. The determination and notification to the subdivider must be made in the same manner as is provided in 76-3-604(1) through (3).

(b) The subdivider and the reviewing agent or agency may agree to an extension or suspension of the review period, not to exceed 1 year.

(c) Except as provided in subsection ~~(2)(d)(iii)~~ *(2)(d)(ii)*, an application must include a summary of the probable impacts of the proposed subdivision based on the criteria described in 76-3-608(3).

(d) The following requirements do not apply to the first minor subdivision from a tract of record as provided in subsection (2):

(i) the requirement to prepare an environmental assessment;

~~(ii) the requirement to hold a hearing on the subdivision application pursuant to 76-3-605;~~ and

~~(iii)~~*(ii)* the requirement to review the subdivision for the criteria contained in 76-3-608(3)(a) if the minor subdivision is proposed in the portion of a jurisdictional area that has adopted zoning regulations that address the criteria in 76-3-608(3)(a).

(e) *The governing body or its authorized agent or agency may not hold a public hearing or a subsequent public hearing under 76-3-615 for a first minor subdivision from a tract of record as described in subsection (2).*

(f) The governing body may adopt regulations that establish requirements for the expedited review of the first minor subdivision from a tract of record. The following apply to a proposed subdivision reviewed under the regulations:

(i) *except as provided in subsection (2)(d), the provisions of* 76-3-608(3); and

(ii) the provisions of Title 76, chapter 4, part 1, whenever approval is required by those provisions.

(3) Except as provided in 76-3-616 and subsection (4) of this section, any minor subdivision that is not a first minor subdivision from a tract of record, as provided in subsection (2), is a subsequent minor subdivision and must be reviewed as provided in 76-3-601 through 76-3-605, 76-3-608, 76-3-610 through 76-3-614, and 76-3-620.

(4) The governing body may adopt subdivision regulations that establish requirements for review of subsequent minor subdivisions that meet or exceed

the requirements that apply to the first minor subdivision, as provided in subsection (2) and this chapter.

(5) (a) Review and approval, conditional approval, or denial of a subdivision under this chapter may occur only under those regulations in effect at the time that a subdivision application is determined to contain sufficient information for review as provided in subsection (2).

(b) If regulations change during the period that the application is reviewed for required elements and sufficient information, the determination of whether the application contains the required elements and sufficient information must be based on the new regulations."

Section 19. Section 76-3-610, MCA, is amended to read:

"76-3-610. Effect of approval of application and preliminary plat. (1) Upon approving or conditionally approving an application and preliminary plat, the governing body shall provide the subdivider with a dated and signed statement of approval. This approval must be in force for not more than 3 calendar years or less than 1 calendar year. At the end of this period the governing body may, at the request of the subdivider, extend its approval for no more than 1 calendar year, except that the governing body may extend its approval for a period of more than 1 year if that approval period is included as a specific condition of a written agreement between the governing body and the subdivider, according to 76-3-507.

(2) ~~After~~ *Except as provided in 76-3-507, after* the application and preliminary plat are approved, the governing body and its subdivisions may not impose any additional conditions as a prerequisite to final plat approval if the approval is obtained within the original or extended approval period as provided in subsection (1)."

Section 20. Section 76-3-620, MCA, is amended to read:

"76-3-620. Review requirements — written statement. In addition to the requirements of 76-3-604 and 76-3-609, following any decision by the governing body to deny or conditionally approve a proposed subdivision, the governing body shall*, in accordance with the time limit established in 76-3-504(1)(r),* prepare a written statement that must be provided to the applicant, that must be made available to the public, and that:

When a combination of land donation and cash donation is required, the cash donation may not exceed the proportional amount not covered by the land donation.

(5) (a) In accordance with the provisions of subsections (5)(b) and (5)(c), the governing body shall use the dedicated money or land for development, acquisition, or maintenance of parks to serve the subdivision.

(b) The governing body may use the dedicated money to acquire, develop, or maintain, within its jurisdiction, parks or recreational areas or for the purchase of public open space or conservation easements only if:

Participants in the program may be required to pay a portion of the costs for participation. The purpose of the program is to support employment for individuals with disabilities by providing medicaid coverage to individuals who would otherwise be ineligible for medicaid due to earnings that exceed the medicaid program's income limits.

(2) The department shall adopt rules that are necessary to further define for the purposes of this part the services provided under 53-6-101 and to provide that services being used are medically necessary and that the services are the most efficient and cost-effective available. The rules may establish the amount, scope, and duration of services provided under the Montana medicaid program, including the items and components constituting the services.

(3) The department shall establish by rule the rates for reimbursement of services provided under this part. The department may in its discretion set rates of reimbursement that it determines necessary for the purposes of the program. In establishing rates of reimbursement, the department may consider but is not limited to considering:

Rules may include but are not limited to financial standards and criteria for income and resources, treatment of resources, nonfinancial criteria, family responsibilities, residency, application, termination, definition of terms, confidentiality of applicant and recipient information, and cooperation with the state agency administering the child support enforcement program under Title IV-D of the Social Security Act, 42 U.S.C. 651, et seq. The department may not apply financial criteria below $15,000 for resources other than income in determining the eligibility of a child under 19 years of age for poverty level-related children's medicaid coverage groups, as provided in 42 U.S.C. 1396a(l)(1)(B) through (l)(1)(D).

(7) The department may adopt rules limiting eligibility based on criteria more restrictive than that provided in 53-6-131 if required by Title XIX of the

Social Security Act, 42 U.S.C. 1396, et seq., as may be amended, or if funds appropriated are not sufficient to provide medical care for all eligible persons.

(8) The department may adopt rules necessary for the administration of medicaid managed care systems. Rules to be adopted may include but are not limited to rules concerning:

(a) participation in managed care;

(b) selection and qualifications for providers of managed care; and

Section 2. Approval of grants — completion of biennial appropriation. (1) The legislature, pursuant to 90-6-701, authorizes grants for the projects identified in [section 1(3)].

(2) The authorization of these grants completes a biennial appropriation from the treasure state endowment special revenue account provided for in 17-5-703(3)(c).

Section 3. Conditions of grants — disbursement of funds. (1) The disbursement of grant funds under [sections 1 through 3] for the projects specified in [section 1(3)] is subject to completion of the following conditions:

(b) authorize the use of the remaining authorized grant amounts for the construction of additional infrastructure components directly related to the approved project that will further enhance the overall system; or

(c) reduce the amount of grant funds to be provided so that the grant recipient's projected average residential user rates do not become lower than their target rate as determined by the department.

(3) If the grant recipient obtains a greater amount of grant funds than was contained in the treasure state endowment program application, the department may reduce the amount of the treasure state endowment program grant funds to be provided to ensure that the grant recipient continues to meet the threshold requirements contained in program guidelines for receiving the larger treasure state endowment program grant.

Section 5. Appropriations from treasure state endowment state special revenue account for emergency grants. There is appropriated to the department of commerce $100,000 for the biennium beginning July 1, 2009, from the interest earnings of the treasure state endowment state special revenue account for the purpose of providing local governments, as defined in 90-6-701, with emergency grants for infrastructure projects, as defined in 90-6-701.

(a) the state funds necessary to take full advantage of available federal matching funds in order to maximize enrollment of eligible children under the children's health insurance program, provided for under Title 53, chapter 4, part 10, and to provide outreach to the eligible children. The increased revenue in this account is intended to increase enrollment rates for eligible children in the program and not to be used to support existing levels of enrollment based upon appropriations for the biennium ending June 30, 2005.

(b) a new need-based prescription drug program established by the legislature for children, seniors, chronically ill, and disabled persons that does not supplant similar services provided under any existing program;

(c) increased medicaid services and medicaid provider rates. The increased revenue is intended to increase medicaid services and medicaid provider rates and not to supplant the general fund in the trended traditional level of appropriation for medicaid services and medicaid provider rates.

~~(b)~~*(a)* On or before July 1, the budget director shall calculate a balance required to sustain each program in subsection (3) for each fiscal year of the biennium. If the budget director certifies that the reserve balance will be sufficient, then the agencies may expend the revenue for the programs as appropriated. If the budget director determines that the reserve balance of the revenue will not support the level of appropriation, the budget director shall notify each agency. Upon receipt of the notification, the agency shall adjust the operating budget for the program to reflect the available revenue as determined by the budget director.

~~(c)~~*(b)* Until the programs or credits described in subsections (3)(b) and (3)(d) through (3)(g) are established, the funding must be used exclusively for the purposes described in subsections (3)(a) and (3)(c).

(5) The phrase "trended traditional level of appropriation", as used in subsection (3)(c), means the appropriation amounts, including supplemental appropriations, as those amounts were set based on eligibility standards, services authorized, and payment amount during the past five biennial budgets.

(6) The department of public health and human services may adopt rules to implement this section."

Section 10. Effective dates. (1) Except as provided in subsection (2), [this act] is effective on passage and approval.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-2-107, MCA, is amended to read:

"17-2-107. Accurate accounting records and interentity loans. (1) The department shall record receipts and disbursements for treasury funds and for accounting entities within treasury funds and shall maintain records in a manner that reflects the total cash and invested balance of each fund and each accounting entity. The department shall adopt the necessary procedures to ensure that interdepartmental or intradepartmental transfers of money or loans do not result in inflation of figures reflecting total governmental costs and revenue.

(2) (a) ~~Subject~~ *Except as provided in 77-1-108 and subject* to 17-2-105, when the expenditure of an appropriation from a fund designated in 17-2-102(1) through (3) is necessary and the cash balance in the accounting entity from which the appropriation was made is insufficient, the department may authorize a temporary loan, bearing no interest, of unrestricted money from other accounting entities if there is reasonable evidence that the income will be sufficient to repay the loan within 1 calendar year and if the loan is recorded in the state accounting records. An accounting entity receiving a loan or an accounting entity from which a loan is made may not be so impaired that all proper demands on the accounting entity cannot be met even if the loan is extended.

(b) (i) When an expenditure from a fund or subfund designated in 17-2-102(4) is necessary and the cash balance in the fund or subfund from which the expenditure is to be made is insufficient, the commissioner of higher education may authorize a temporary loan, bearing interest as provided in

subsection (4) of this section, of money from the agency's other funds or subfunds if there is reasonable evidence that the income will be sufficient to repay the loan within 1 calendar year and if the loan is recorded in the state accounting records. A fund or subfund receiving a loan or from which a loan is made may not be so impaired that all proper demands on the fund or subfund cannot be met even if the loan is extended.

(ii) One accounting entity within each fund or subfund designated in 17-2-102(4) must be established for the sole purpose of recording loans between the funds or subfunds. This accounting entity is the only accounting entity within each fund or subfund that may receive a loan or from which a loan may be made.

(c) A loan made under subsection (2)(a) or (2)(b) must be repaid within 1 calendar year of the date on which the loan is approved unless it is extended under subsection (3) or by specific legislative authorization.

(3) Under unusual circumstances, the director of the department or the board of regents may grant one extension for up to 1 year for a loan made under subsection (2)(a) or (2)(b). The director or board shall prepare a written justification and proposed repayment plan for each loan extension authorized and shall furnish a copy of the written justification and proposed repayment plan to the house appropriations and senate finance and claims committees at the next legislative session.

(4) Any loan from the current unrestricted subfund to funds designated in 17-2-102(4)(a)(iv) and (4)(b) through (4)(f) must bear interest at a rate equivalent to the previous fiscal year's average rate of return on the board of investments' short-term investment pool.

(5) If for 2 consecutive fiscal yearends a loan or an extension of a loan has been authorized to the same accounting entity as provided in subsection (2) or (3), the department or the commissioner of higher education shall submit to the legislative finance committee by September 1 of the following fiscal year a written report containing an explanation as to why the second loan or extension was made, an analysis of the solvency of the accounting entity or accounting entities within the university fund or subfund, and a plan for repaying the loans.

(6) If for 2 consecutive fiscal yearends an accounting entity in a fund or subfund designated in 17-2-102(4) has a negative cash balance, the commissioner of higher education shall submit to the legislative finance committee by September 1 of the following fiscal year a written report containing an explanation as to why the accounting entity has a negative cash balance, an analysis of the solvency of the accounting entity, and a plan to address any problems concerning the accounting entity's negative cash balance or solvency.

(7) (a) An accounting entity in a fund designated in 17-2-102(1) through (3) may not have a negative cash balance at fiscal yearend. The department may, however, allow a fund type within each agency to carry a negative balance at any point during the fiscal year if the negative cash balance does not exist for more than 7 working days.

(b) (i) Except as provided in subsection (7)(b)(ii) of this section, a unit of the university system shall maintain a positive cash balance in the funds and subfunds designated in 17-2-102(4).

(ii) If a fund or subfund inadvertently has a negative cash balance, the department may allow the fund or subfund to carry the negative cash balance for no more than 7 working days. If the negative cash balance exists for more

than 7 working days, a transaction may not be processed through the statewide accounting system for that fund or subfund.

(8) Notwithstanding the provisions of subsections (2) through (4), the department may authorize loans to accounting entities in the federal and state special revenue funds with long-term repayment whenever necessary because of the timing of the receipt of agreed-upon reimbursements from federal, private, or other governmental entity sources for disbursements made. If possible, the loans must be made from funds other than the general fund. The department may approve the loans if the requesting agency can demonstrate that the total loan balance does not exceed total receivables from federal, private, or other governmental entity sources and receivables have been billed on a timely basis. The loan must be repaid under terms and conditions that may be determined by the department or by specific legislative authorization.

(9) A loan may not be authorized under this section to any fund or accounting entity that is owed federal or other third-party funds unless the requesting agency certifies to the agency approving the loan that it has and will continue to bill the federal government or other third party for the requesting agency's share of costs incurred in the fund or accounting entity on the earliest date allowable under federal or other third-party regulations applicable to the program. The requesting agency shall recertify its timely billing status to the agency that approved the loan at least monthly during the term of the loan. If at any time the requesting agency fails to recertify the timely billing, the agency that approved the loan shall cancel the loan and return the money to its original source."

Section 2. Section 17-3-1003, MCA, is amended to read:

"17-3-1003. Support of state institutions. (1) For the support and endowment of each state institution, there is annually and perpetually appropriated, after any deductions made under 77-1-109, ~~Title 77, chapter 1, part 6, and 77-2-362,~~ the income from all permanent endowments for the institution and from all land grants as provided by law. (2) Except as provided in subsections (1) and (3), all money received from the investment of grants of a state institution and all money received from the leasing of lands granted to a state institution must be deposited with the state treasurer of Montana for each institution, to the credit of the state special revenue fund.

(4) The board of regents shall designate, at least once a biennium, whether the timber sale proceeds from Montana university system lands must be distributed to the beneficiaries or placed in the permanent fund."

Section 3. Section 18-2-107, MCA, is amended to read:

"18-2-107. Deposit of capitol building grant revenue. (1) The state treasurer shall deposit in a capital projects fund all revenue from the capitol building land grant after any deductions made under 77-1-109~~, Title 77, chapter 1, part 6, and 77-2-362~~.

(3) All means derived from other public or private bounty must be exclusively devoted to the specific objects designated by the donor."

Section 7. Section 77-1-101, MCA, is amended to read:

Section 8. Section 77-1-108, MCA, is amended to read:

"77-1-108. Trust land administration account — *administrative costs — appropriation.* (1) There is a trust land administration account in the state special revenue fund. Money in the account is available to the department by appropriation and must be used to pay the costs of administering state trust lands. *This includes the cost of managing assets, including but not limited to real property and monetary assets.*

(2) Appropriations from the account for each fiscal year may not exceed ~~the sum of 1 1/8% of the book value balance in the permanent funds administered by the department,~~ *an amount equal to 25% of the distributable revenue, as defined in 77-1-101, generated in the fiscal year completed prior to the legislative session that will appropriate money for the next biennium. This excludes revenue generated by the forest improvement fee provided for in 77-5-204* ~~other than the fund containing proceeds derived from land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329, on the first day of January preceding the new biennium and 10% of the revenue deposited in the capitol building land grant trust fund in the last-completed fiscal year prior to the new biennium~~.

(3) (a) Pursuant to subsection (1), the administrative costs must be determined for each land trust. The department may adopt rules regarding the calculation of administrative costs as necessary.

(b) Each fiscal year, the department shall compare administrative costs for each land trust to the amount of revenue that land trust generates for the account. If the amount of revenue deposited pursuant to 77-1-109(2) exceeds the administrative costs for a specific land trust, the excess revenue must be distributed as provided in subsection (4) of this section.

(c) If revenue deposited from a specific land trust is insufficient to defray the administrative costs associated with managing that land trust and the money held for that trust in the earnings reserve account, established in [section 23], is also insufficient, the board may receive a general fund loan pursuant to 17-2-107 to offset the difference. A general fund loan made pursuant to this subsection

(3)(c) must be repaid within 5 years and must bear interest at a rate of return equal to that earned by the board of investments' short-term investment pool during that period.

~~(3)~~*(4) (a)* Except as provided in ~~subsection (4)~~ *subsections (4)(b) and (5), up to one-third of the* unreserved *distributable revenue* ~~funds~~ remaining in the account at the end of a fiscal year ~~must~~ *may* be transferred to *the earnings reserve account, provided for in [section 23], and accounted for by trust. The remaining unreserved revenue must be transferred to* each of the permanent funds in proportionate shares to each fund's contribution to the account ~~as calculated in 77-1-109(3)~~.

(b) At the end of the fiscal year, unreserved funds received pursuant to 77-1-109(2)(a)(ii) and (2)(a)(iii) must be transferred to each of the permanent funds or to the appropriate trust or distributed to the beneficiary in proportionate shares to each fund's contribution to the account.

~~(4)(a)~~*(5) (a)* The amount of $80,000 each biennium is transferred from the state general fund to an account in the state special revenue fund. The account is statutorily appropriated, as provided in 17-7-502, to the department for the purposes of administering the land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329. Any unexpended portion of the statutory appropriation may be retained in the account and used for the administration of the Morrill Act land.

(b) At the end of each fiscal year, the department shall pay from the appropriation in subsection ~~(4)~~ *(5)*(a) to the trust containing proceeds derived from land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329, an amount calculated to be the cost of administering the investment of the fund derived from that trust. The payment must be based upon the percentage that the Morrill Act fund constitutes of the total fund derived from all trust lands. *If the appropriation in subsection (5)(a) is insufficient to pay the calculated administrative cost, a general fund loan may be used pursuant to 17-2-107 to offset the difference.*"

Section 9. Section 77-1-109, MCA, is amended to read:

"77-1-109. Deposits of proceeds in trust land administration account. *(1) The amount of money that is deposited into the trust land administration account established in 77-1-108 may not exceed an amount equal to 25% of distributable revenue generated in the fiscal year completed prior to the legislative session that will appropriate money for the next biennium. This excludes revenue generated by the forest improvement fee provided for in 77-5-204.*

~~(1)~~*(2)* (a) *Subject to subsection (1), the* ~~The~~ department shall~~, until the deposit equals the amount appropriated for the fiscal year pursuant to 77-1-108,~~ deposit into the trust land administration account ~~created by 77-1-108~~ the following:

(iii) ~~5% of the interest and income annually credited to the public school fund in accordance with 20-9-341~~ *mineral royalties*; and

(iv) fees collected pursuant to 77-2-328.

(b) As deposits are made, they must be identified and accounted for by trust.

~~(2)~~*(3)* After the deposits in subsection ~~(1)~~ *(2)* have been made, the remainder of the proceeds, other than proceeds from timber from Montana university system lands and other than those purchased pursuant to 17-6-340, must be deposited in ~~the appropriate permanent fund and the capitol building land grant trust fund~~ *accordance with 17-3-1003, 18-2-107, and 20-9-341(2).* Timber proceeds from university system lands must be paid over to the state treasurer, who shall deposit the money to the credit of the proper fund for use as provided in 17-3-1003~~(1)~~. Royalty payments purchased pursuant to 17-6-340 must be used as provided in that section and 20-9-622.

~~(3) The amount of money that is deposited into the trust land administration account may not exceed 1 1/8% of the book value balance in each of the permanent funds, other than the fund containing proceeds derived from lands granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329, administered by the department on the first day of January preceding the new biennium and 10% of the previous fiscal year revenue deposited into the capitol building land grant trust fund.~~"

Section 10. Section 77-1-127, MCA, is amended to read:

"77-1-127. Department authorized to control weeds — billing for weed control. (1) If the lessee, licensee, or permittee fails to take corrective action or if a request for an administrative hearing is not made within the time specified in the notice, the department may enter state land covered by the lease, license, or permit and institute appropriate weed control measures. The department may enter into an agreement with a commercial applicator, as defined in 80-8-102, or with the appropriate weed management district organized under 7-22-2102 to control the weeds. (2) The department shall submit a bill to the lessee, licensee, or permittee itemizing the hours of labor, material, and equipment time and listing the actual total cost incurred by the department to take the weed control measures, together with a penalty not exceeding 50% of the total cost. The bill must specify and order a payment due date of 30 days from the date the bill is sent. If payment is not received within 30 days, the department may cancel the lease, license, or permit. Money recovered under this section must be placed in the ~~resource development~~ *trust land administration* account established in ~~77-1-604~~ *77-1-108*, except that penalties collected must be distributed annually to the trusts for the lands on which the weed control action was taken.

(3) If a person receiving an order to take corrective action requests an administrative hearing, the department may not institute control measures until the matter is finally resolved, except in case of an emergency. In an emergency, the person is liable for department costs allowed by this section only to the extent determined appropriate by the director or the court that finally resolves the matter."

Section 11. Section 77-1-605, MCA, is amended to read:

"77-1-605. Types of *resource* developments. *(1)* The developments contemplated *by this part* may include those projects that will develop or

conserve the various state land resources, including water, both surface and underground, grazing land, agricultural land, ~~and~~ timber land*, and other land* to the benefit of the state. They may also include expenses necessary to perfect title to lands claimed by the state ~~which~~ *that* are suitable for development and other expenses or costs ~~which~~ *that* in the judgment of the board are desirable or necessary in order to develop or increase the value of the land or the revenue ~~therefrom~~ *from the land*.

(2) The department may use funds appropriated from the trust land administration account provided for in 77-1-108 for the purposes of subsection (1)."

~~(2) Timber sale program funds deducted under subsection (1) must be directly applied to timber sale preparation, timber sale documentation, and contract harvesting costs as provided in 77-5-219.~~

~~(3)~~*(2)* In order to increase the volume of timber sold at the earliest possible time while continuing to meet the requirements of applicable state and federal laws and in order to avoid unnecessary delays and extra costs that would result from increasing its permanent staff, the department may contract for services that will enable achievement of the purposes of this section and that will achieve the highest net return to the trusts.

~~(4)~~*(3)* To maximize overall return to the trusts, the timely salvage of timber must be considered. However, salvage timber sales may not adversely affect the implementation of green timber sales programs *conducted pursuant to 77-5-201*."

(2) Funding for this program must come from appropriations from the ~~state lands recreational use~~ *trust land administration* account ~~pursuant to 77-1-808~~ *provided for in 77-1-108*."

Section 17. Section 77-1-815, MCA, is amended to read:

"77-1-815. (Temporary) **Recreational use agreement for hunting, fishing, and trapping on legally accessible state trust land.** (1) The board is authorized to enter into an agreement with the department of fish, wildlife, and parks to compensate state trust land beneficiaries for the use and impacts associated with hunting, fishing, and trapping on legally accessible state trust land as defined in department rule. The department may impose restrictions it considers necessary to coordinate the uses of state trust land or to preserve the purposes of the various trust lands. Hunting, fishing, and trapping on state trust land must be conducted in accordance with rules and provisions provided in this part.

(2) An agreement may be issued to the department of fish, wildlife, and parks for a term of up to 10 years. Through this agreement, the board shall recover for the beneficiaries of the trust the full market value for the use and impacts associated with hunting, fishing, and trapping on legally accessible state trust land. ~~Ten percent of the gross receipts from the agreement must be deposited in the state lands recreational use account established in 77-1-808. The remaining 90%~~ *The department may use funds appropriated from the trust land administration account provided for in 77-1-108 to implement and manage the agreement. Except as provided for in 17-7-304, any unexpended amount in the account that resulted from recreational use fees* must be apportioned on a pro rata basis to the land trusts, in proportion to the respective trust's percentage of acreage in the total acreage of all state land trusts.

(Void on occurrence of contingency—sec. 8, Ch. 596, L. 2003.)"

Section 18. Section 77-1-905, MCA, is amended to read:

"77-1-905. Rental provisions for commercial leasing — payments and credits — administration — lease options. (1) The first year's annual rental payment for state trust land leased for commercial purposes must be paid by cashier's check, and payment is due upon execution of the lease. The department may require the lessee of state trust land for commercial purposes to pay the department's cost of the request for proposals process, including publication and other reasonable expenses. Failure to pay the first year's rental at the time of lease execution must result in the cancellation of the lease and forfeiture of all money paid. In the event of cancellation or in the event that the successful proposer is offered and does not accept the lease, the board may enter

into negotiations with other persons who submitted a proposal for commercial purposes in response to the department request for proposals on that tract.

(2) The board shall specify in any commercial lease an annual rental equal to the full market rental value of the land. The annual rent may not be less than the product of the appraised value of the land multiplied by a rate that is 2 percentage points a year less than the rate of return of the unified investment program administered by the board of investments pursuant to 17-6-201. The rate of return from the unified investment program used in this subsection must be determined no less than 30 days prior to the execution of the competitive bid. A commercial lease may include a rental adjustment formula established by the board that periodically adjusts the annual rent provided for in the lease at frequencies specified in the lease. The board may allow a credit against the annual rent due for payments made by the lessee on behalf of the state of Montana for construction of structures and improvements, special improvement district assessments, annexation fees, or other city or county fees attributable to the state's property interest in land leased for commercial purposes. The board may accept as lawful consideration in-kind payments of services or materials equal to the full market value of the rent calculated to be owed on any commercial lease. A lease issued under this part may include an amortization schedule to be used to determine the value to the lessee of improvements when the lease is terminated.

(3) ~~Except for rent received from lands granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329, the~~ *The* department may use ~~up to 10% of the annual rent received from a commercial lease~~ *funds appropriated from the trust land administration account provided for in 77-1-108* to contract with realtors, property managers, surveyors, legal counsel, or lease administrators to administer the commercial lease, either singly or in common with other leases, or to provide assistance to the department in the administration of commercial leases.

(4) In anticipation of entering into a commercial lease, the board may issue an option to lease at a rental rate that the board determines to be appropriate. An option to lease may not exceed a term of 2 years. An option to lease may not be construed to grant a right of immediate possession or control over the land but may only preserve the optionholder's exclusive right to obtain a commercial lease on the land in the future."

Section 19. Section 77-2-328, MCA, is amended to read:

"77-2-328. Additional rules — deposit of fees. The board may prescribe any additional rules for the conduct of sales of state land as in its judgment the interests of the state may demand. The rules may not include a deduction of fees from land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329. Any fees collected by a rule adopted pursuant to this section must be deposited in the trust land administration account as provided in ~~77-1-108~~ *77-1-109*."

Section 20. Section 77-2-362, MCA, is amended to read:

"77-2-362. State land bank fund — statutory appropriation — rules. (1) There is a state land bank fund. The proceeds from the sale of state trust land authorized by 77-2-361 through 77-2-367 must be deposited into the state land bank fund. The purpose of the state land bank fund is to temporarily hold proceeds from the sale of trust land pending the purchase of other land, easements, or improvements for the benefit of the beneficiaries of the respective

trusts. A separate record of the proceeds received from the sale of trust land for each of the respective trusts must be maintained. Proceeds from the sale of lands that are part of a trust land grant may be used only to purchase land for the same trust.

(2) (a) Proceeds deposited in the state land bank fund, except earnings on those proceeds, are statutorily appropriated, as provided in 17-7-502, to the department for the purposes described in 77-2-361 through 77-2-367. All earnings on the proceeds deposited in the state land bank fund are subject to the provisions of Article X, sections 5 and 10, of the Montana constitution.

(b) ~~Except as provided in subsection (2)(c), up to 10% of the proceeds in the state land bank fund~~ *Funds appropriated from the trust land administration account provided for in 77-1-108* may be used by the department to fund the transactional costs of buying, selling, appraising, or marketing real property. Transactional costs may include realtor's fees, title reports, title insurance, legal fees, and other costs that may be necessary to complete a conveyance of real property.

(c) Proceeds from the sale of lands held pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 328, may not be used for any transactional costs or trust administration purposes for those lands.

(d) The department may hold proceeds from the sale of state land in the state land bank fund for a period not to exceed 10 years after the effective date of each sale. If, by the end of the 10th year, the proceeds from the subject land sale have not been encumbered to purchase other lands, easements, or improvements within the state, the proceeds from that sale must be deposited in the public school fund or in the permanent fund of the respective trust as required by law, along with any earnings on the proceeds from the land sale, unless the time period is extended by the legislature.

(3) The board shall adopt rules providing for the implementation and administration of the state land bank fund, purchases, and sales."

Section 21. Section 77-5-204, MCA, is amended to read:

"77-5-204. Sale of timber — fee for forest improvement. (1) The board may sell timber on state lands or other forest products removed from state lands, as provided in 77-5-214 through 77-5-219, at a per-unit price when, in the board's judgment, it is in the best interest of the state, provided that live timber is not sold for less than full market value.

(2) Timber sold or cut from state lands must be cut and removed under rules that may be prescribed by the board for standing timber preservation and fire prevention. In all cases, the board shall require the person cutting the timber to pile and burn or otherwise dispose of the brush and slash in the manner that may be prescribed by the board.

(3) Before the sale of timber is granted, the value of the timber must be appraised under the direction of the department, upon the request and subject to the approval of the board. An appraisal must show as nearly as possible the per-unit value, when appropriate, of all merchantable forest products.

(4) In addition to the price of the forest products established under subsection (1), the board may require a timber or other forest product purchaser to pay a fee for forest improvement unless the timber is to be harvested from land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329. Revenue

from the fee must be deposited in the ~~state special revenue fund~~ *forest improvement account, established in [section 24],* to the credit of the department and, as appropriated by the legislature, may be used only for:

(a) disposing of logging slash;

(b) acquiring access and maintaining roads necessary for timber harvesting on state lands;

(c) reforesting, thinning, and otherwise improving the condition and income potential of forested state lands; and

(d) complying with legal requirements for timber harvesting."

Section 22. Section 77-5-219, MCA, is amended to read:

"77-5-219. Contract harvesting account — authorized expenditures — termination. (1) An account, called the contract harvesting account, must be created as a subaccount of the ~~timber sale~~ *trust land administration* account established in ~~77-1-613~~ *77-1-108*, in which to deposit gross revenue and for the payment of expenditures associated with contract harvesting sales. All proceeds of the sale of forest products from a contract harvesting sale must be deposited into this account and must be retained in the account to be used to pay for all contract harvesting costs, as provided in subsection (2).

(2) Expenditures may be credited against the account for contract harvesting costs. Personnel services costs for state employees may not be credited against the account.

(3) An amount equal to the contract harvesting costs must be retained in the account and must be deducted from the gross proceeds to determine the net proceeds. The net proceeds from the sale of the forest products must be distributed to the appropriate trust.

(4) An initial account balance must be created by transferring up to $500,000 into the contract harvesting account from the ~~timber sale~~ *trust land administration* account.

(4) The exemption allowed for estates and trusts is that exemption provided in 15-30-112(2)(a) and (6)."

Section 4. Section 15-30-142, MCA, is amended to read:

"15-30-142. Returns and payment of tax — penalty and interest — refunds — credits — *inflation adjustment.* (1) For both resident and nonresident taxpayers, each single individual and each married individual not filing a joint return with a spouse and having a gross income for the tax year of

more than $3,560, as adjusted under the provisions of subsection (6), and married individuals not filing separate returns and having a combined gross income for the tax year of more than $7,120, as adjusted under the provisions of subsection (6), are liable for a return to be filed on forms and according to rules that the department may prescribe. The gross income amounts referred to in ~~the preceding sentence~~ *this subsection (1)* must be increased by $1,900, as adjusted under the provisions of 15-30-112(6), for each additional personal exemption allowance that the taxpayer is entitled to claim for the taxpayer and the taxpayer's spouse under 15-30-112(3) and (4).

(2) In accordance with instructions set forth by the department, each taxpayer who is married and living with *a* husband or wife and is required to file a return may, at the taxpayer's option, file a joint return with *the* husband or wife even though one of the spouses has neither gross income nor deductions. If a joint return is made, the tax must be computed on the aggregate taxable income and*, subject to [section 1],* the liability with respect to the tax is joint and several. If a joint return has been filed for a tax year, the spouses may not file separate returns after the time for filing the return of either has expired unless the department consents.

(3) If a taxpayer is unable to make the taxpayer's own return, the return must be made by an authorized agent or by a guardian or other person charged with the care of the person or property of the taxpayer.

(4) All taxpayers, including but not limited to those subject to the provisions of 15-30-202 and 15-30-241, shall compute the amount of income tax payable and shall, on or before the date required by this chapter for filing a return, pay to the department any balance of income tax remaining unpaid after crediting the amount withheld, as provided by 15-30-202, and any payment made by reason of an estimated tax return provided for in 15-30-241. However, the tax computed must be greater by $1 than the amount withheld and paid by estimated return as provided in this chapter. If the amount of tax withheld and the payment of estimated tax exceed by more than $1 the amount of income tax as computed, the taxpayer is entitled to a refund of the excess.

(5) If the department determines that the amount of tax due is greater than the amount of tax computed by the taxpayer on the return, the department shall mail a notice to the taxpayer as provided in 15-30-323 of the additional tax proposed to be assessed, including penalty and interest as provided in 15-1-216.

(6) By November 1 of each year, the department shall multiply the minimum amount of gross income necessitating the filing of a return by the inflation factor for the tax year. These adjusted amounts are effective for that tax year, and persons who have gross incomes less than these adjusted amounts are not required to file a return.

(7) Individual income tax forms distributed by the department for each tax year must contain instructions and tables based on the adjusted base year structure for that tax year."

Section 5. Section 15-30-144, MCA, is amended to read:

"15-30-144. Time for filing — extensions of time. (1) A return must be made to the department on or before the 15th day of the 4th month following the close of the taxpayer's fiscal year, or if the return is made on the basis of the calendar year, then the return must be made on or before the 15th day of April following the close of the calendar year. Each return must set forth those facts that the department considers necessary for the proper enforcement of this chapter. There must be ~~annexed~~ *attached* to the return the affidavit or

affirmation of the persons making the return to the effect that the statements contained in the return are true. Blank forms of return must be furnished by the department upon application, but failure to secure the form does not relieve any taxpayer of the obligation to make any return required under this chapter. Each taxpayer liable for a tax under this chapter shall pay a minimum tax of $1.

~~(2) An automatic 4-month extension of time for filing a return is allowed, provided that:~~

~~(a) on or before the due date of the return, the taxpayer has applied with the internal revenue service for a 4-month extension of time for filing the taxpayer's federal individual income tax return for the same tax year. The extension of time for filing a return is not an extension of time for the payment of taxes.~~

~~(b) the taxpayer has paid by estimated tax payments, withholding tax, or a combination of estimated tax payments and withholding tax 90% of the current year's tax liability or 100% of the previous year's tax liability.~~

~~(3) An additional 2-month extension of time for filing a return is automatically allowed provided that the taxpayer has applied with the internal revenue service for an additional 2-month extension of time for filing the taxpayer's federal individual income tax return for the same tax year and has satisfied the requirements of subsection (2)(b).~~

(2) (a) Subject to subsections (2)(b) and (2)(c), a taxpayer is allowed an automatic extension of time for filing the taxpayer's return of up to 6 months following the date prescribed for filing of the tax return.

(b) On or before the due date of the return, the taxpayer shall pay by estimated tax payments, withholding tax, or a combination of estimated tax payments and withholding tax 90% of the current year's tax liability or 100% of the previous year's tax liability.

(c) The remaining tax, penalty, and interest of the current year's tax liability not paid under subsection (2)(b) must be paid when the return is filed. Penalty and interest must be added to the tax due as provided in 15-1-216.

(3) The department may grant an additional extension of time for the filing of a return whenever in its judgment good cause exists.

(4) The extension of time for filing a return is not an extension of time for the payment of taxes."

Section 6. Section 15-30-146, MCA, is amended to read:

"15-30-146. Tolling of statute of limitations. The running of the statute of limitations provided for under 15-30-145 ~~shall~~ *must* be suspended during any period that the federal statute of limitations for collection of federal income tax has been suspended by written agreement signed by the taxpayer or when the taxpayer has instituted an action ~~which~~ *that* has the effect of suspending the running of the federal statute of limitations and for 1 additional year. If the taxpayer fails to file ~~a record of changes in federal taxable income or~~ an amended *Montana* return as required by 15-30-304, the statute of limitations ~~shall~~ *does* not apply until 5 years from the date the federal changes become final or the amended federal return was filed. If the taxpayer omits from gross income an amount properly includable ~~therein which~~ *as gross income and the amount* is in excess of 25% of the amount of adjusted gross income stated in the return, the statute of limitations ~~shall~~ *does* not apply for 2 additional years from the time specified in 15-30-145."

Section 7. Section 15-30-149, MCA, is amended to read:

"15-30-149. Credits and refunds — period of limitations. (1) If the department discovers from the examination of a return or upon a claim filed by a taxpayer or upon final judgment of a court that the amount of income tax collected is in excess of the amount due or that any penalty or interest was erroneously or illegally collected, the amount of the overpayment must be credited against any income tax, penalty, or interest then due from the taxpayer and the balance of the excess must be refunded to the taxpayer.

(2) (a) A credit or refund under the provisions of this section may be allowed only if, prior to the expiration of the period provided by 15-30-146 and 15-30-147, the taxpayer files a claim or the department determines there has been an overpayment.

(b) If an overpayment of tax results from a net operating loss carryback, the overpayment may be refunded or credited within the period that expires on the 15th day of the 40th month following the close of the tax year of the net operating loss if that period expires later than 5 years from the due date of the return for the year to which the net operating loss is carried back.

(3) Within 6 months after a claim for refund is filed, the department shall examine the claim and either approve or disapprove it. If the claim is approved, the credit or refund must be made to the taxpayer within 60 days after the claim is approved. If the claim is disallowed, the department shall notify the taxpayer and a review of the determination of the department may be pursued as provided in 15-1-211.

(4) *(a)* Interest is allowed on overpayments at the same rate as charged on delinquent taxes as provided in 15-1-216. ~~Interest~~ *Except as provided in subsection (4)(b), interest* is payable from the due date of the return or from the date of the overpayment, whichever date is later, to the date the department approves refunding or crediting of the overpayment. With respect to tax paid by withholding or by ~~estimate~~ *estimated tax payments*, the date of overpayment is the date on which the return for the tax year was due. Interest does not accrue on an overpayment if the taxpayer elects to have it applied to the taxpayer's estimated tax for the succeeding ~~taxable~~ *tax* year. Interest does not accrue during any period *for which* the processing of a claim for refund is delayed more than 30 days by reason of failure of the taxpayer to furnish information requested by the department for the purpose of verifying the amount of the overpayment. Interest is not allowed if:

~~(a)~~*(i)* the overpayment is refunded within 45 days from the date the return is due or the date the return is filed, whichever date is later;

~~(b)~~*(ii)* the overpayment results from the carryback of a net operating loss; or

~~(c)~~*(iii)* the amount of interest is less than $1.

(b) Subject to the provisions of subsection (4)(a)(i), if the return is filed after the time prescribed for filing in 15-30-144, including any extension, interest is payable from the date the return was filed.

(5) An overpayment not made incident to a bona fide and orderly discharge of an actual income tax liability or one reasonably assumed to be imposed by this law is not considered an overpayment with respect to which interest is allowable."

Section 8. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 15, chapter 30, part 3, and the provisions of Title 15, chapter 30, part 3, apply to [section 1].

Section 9. Coordination instruction. If House Bill No. 261 is not passed and approved, then [section 3 of this act], amending 15-30-136, is void.

Section 10. Effective dates. (1) Except as provided in subsection (2), [this act] is effective October 1, 2009.

(2) [Sections 1, 4, and 11(2) and this section] are effective on passage and approval.

Section 11. Applicability — retroactive applicability. (1) Except as provided in subsection (2), [this act] applies to tax periods beginning after December 31, 2009.

(2) [Sections 1 and 4] apply retroactively, within the meaning of 1-2-109, to tax years beginning after December 31, 2002.

CHAPTER NO. 472

[SB 465]

AN ACT REVISING AND CLARIFYING THE LAWS RELATED TO THE TREATMENT OF PROPERTY CONSISTING OF THE BED OF NAVIGABLE RIVERS AND STREAMS; PROVIDING FOR A REDUCTION FROM GRAZING LAND BEFORE A REDUCTION FROM CURRENT LAND USE FOR PROPERTY TAX PURPOSES; PROVIDING THAT IN A DISPUTE OVER THE OWNERSHIP OF THE BED OF A RIVER OR STREAM A PRESUMPTION MAY NOT BE MADE BASED UPON THE TAX STATUS OF THE PROPERTY; CLARIFYING THE OWNERSHIP OF STRUCTURES; CLARIFYING THE ABILITY TO CONTROL NOXIOUS WEEDS; AMENDING

SECTIONS 61-8-371, 77-1-111, 77-1-126, 77-1-127, 77-1-806, 77-1-809, 77-3-442, 77-6-113, 77-6-115, 77-6-302, 77-6-303, AND 77-6-501, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the Department of Natural Resources and Conservation has asserted regulatory jurisdiction over the beds of various rivers and streams based on the premise that the streams are navigable and that the state therefore owns the riverbeds and streambeds; and

WHEREAS, very few Montana rivers or streams have been adjudicated as navigable, either in whole or in part; and

WHEREAS, it is not economically feasible for either the Department of Revenue or the Department of Natural Resources and Conservation to obtain judicial determinations of riverbed or streambed ownership by statewide quiet title actions, yet that ownership determination may not be made legally by unilateral administrative decisions; and

WHEREAS, if the Department of Natural Resources and Conservation wishes to assert regulatory control over the bed of a river or stream that has not been adjudicated to be navigable and was not determined navigable at the time of the original federal government surveys of the public land as evidenced by the recorded and monumented surveys of the meander lines of the river, it is required to provide written notice of the claim of state ownership to the affected property owners; and

WHEREAS, because the present claims of state ownership of riverbeds and streambeds is contrary to longstanding administrative practice and because the test for navigability depends upon evidence concerning the log floating capability of a stream at the time of statehood, there is no presumption of correctness attached to a navigability claim made by any state agency.

Be it enacted by the Legislature of the State of Montana:

Section 1. Findings. The legislature finds that:

(1) for 120 years since the admission of Montana as a state in 1889, the department of revenue and its predecessor agencies have taxed some landowners whose property abuts a river or stream on the assumption that those riparian landowners owned the property to the middle of the river or stream;

(2) in Montana v. United States, 450 U.S. 544 (1981), the United States supreme court recognized that if a river or stream is not navigable, the abutting riparian landowners own the land in the bed of the stream to the middle of the stream, but if a river or stream is navigable, the state owns the bed of the river or stream, having acquired ownership from the United States when the state was admitted to the union, and therefore Montana owns the bed of the Bighorn River where it flows through the Crow reservation;

(3) for the purpose of determining the ownership of a riverbed or streambed, the test of navigability is whether logs could be floated in the stream at the time of statehood as stated in Montana Coalition for Stream Access v. Curran, 210 Mont. 38, 682 P.2d 163 (1984), based upon The Montello, 87 U.S. 430 (1874), Sierra Pacific Power Co. v. Federal Energy Regulatory Commission, 681 F.2d 1134 (9th Cir. 1982), and State of Oregon v. Riverfront Protection Association, 672 F.2d 792 (9th Cir. 1982);

(4) beginning with tax assessments that were effective January 1, 2008, the lien date for real property taxes, the department of revenue reassessed the property of riparian landowners whose land abuts various rivers and streams by

reducing the amount of land assessed based upon the premise that the landowners did not own to the middle of the river or stream because the river or stream was navigable and these reassessments, if correct, have enormous impact upon the riparian landowners because they affect land titles, acreage owned, qualification for various conservation and price support programs, and ownership of water diversion facilities and other structures that the riparian landowners have constructed for water usage;

(5) the 2008 reassessments were made by simply sending out tax bills without any notice that they were based upon a claim of state ownership of the riverbeds or streambeds and some riparian landowners have paid the first installment of 2008 real property taxes based upon the reassessments without realizing that a claim of state ownership of the riverbeds and streambeds was the basis for the reassessments;

(6) procedural due process requires that if a claim of change in ownership is involved, the state agency involved shall afford the affected property owners both notice of the claim and the opportunity to be heard;

(7) the 2008 real property tax assessments based upon claims of state ownership did not comply with the constitutional requirement for procedural due process and under that circumstance payment by the property owners of taxes based on the reassessment does not constitute acquiesence in the underlying state ownership claim;

(8) The department of revenue is required to provide written notice to the affected property owners of the state's claim of ownership so that the affected property owners have a fair opportunity to be heard and to dispute the government's claim.

Section 2. Adjustment of taxes for formerly taxed property — presumption of taxability. (1) If the department reduces the amount of taxable property owned by a person or entity because of a determination that the property consists of the bed of a navigable river or stream, the department shall, as applicable, reduce the amount of tract land that is taxable or grazing land that is taxable before reducing the amount of irrigated land or nonirrigated land that is taxable.

(2) In the absence of adjudication by a court of competent jurisdiction of the ownership of the bed of any river or stream, it is the policy of the state that the department shall assess all land that is part of the bed and banks of a river or stream to the owner of record of the property.

(3) The department shall notify landowners of their right to request and shall provide upon request a revised assessment for tax year 2008 for the bed of any stream:

(a) not adjudicated to be navigable by a court of competent jurisdiction; or

(b) not determined navigable at the time of the original federal government surveys of the public land as evidenced by the recorded and monumented surveys of the meander lines of the river.

Section 3. No presumption from tax status of property. In a dispute over the title to the bed of a river or stream, a presumption may not be made based upon whether the department of revenue considers the property to be taxable or nontaxable.

Section 4. Irrigation structures, utility structures, and bridges of formerly taxable land — water rights. (1) If an irrigation structure, a utility structure, or a bridge was placed on land that consists of the bed of a navigable

river or stream, the irrigation structure, utility structure, or bridge remains the property of the original owner or the original owner's successors in interest or assignees. Access to the irrigation structures, utility structures, and bridges described in this section for the purposes of operation, maintenance, repair, enhancement, or improvement may not be impeded by the state.

(2) The change of designation of the bed of a navigable river or stream from a taxable to a nontaxable status may not interfere with or impede the exercise of a water right, including a livestock watering right for which a claim was not required to be filed pursuant to 85-2-212 and 85-2-222.

Section 5. Section 61-8-371, MCA, is amended to read:

"61-8-371. Operation of motor vehicle or off-highway vehicle below high-water mark on certain state or federal lands prohibited — exceptions. (1) Except as provided in *77-1-111(3), 77-1-806(4), and* subsections (2) and (3) *of this section*, a person may not operate a motor vehicle or an off-highway vehicle below the ordinary high-water mark, as defined in 23-2-301, of class I or class II waters, as defined in 23-2-301, that occurs on state or federal lands or below the ordinary high-water mark of class I waters flowing through private lands, within that portion of the streambed that is covered with water.

(2) A motor vehicle or an off-highway vehicle may be operated below the ordinary high-water mark on state or federal lands on an established road or trail that enters or crosses a stream, but the stream crossing must be by the shortest practical or designated route to the road or trail on the opposite bank.

(3) The prohibition in subsection (1) does not apply to:

(a) off-highway or motor vehicle use that occurs on state or federal land that is designated for off-highway or motor vehicle use below the ordinary high-water mark if the use is in accordance with the requirements of the authorization;

(b) off-highway or motor vehicle use conducted on state or federal land pursuant to and in accordance with a specific written authorization from the appropriate land management agency for that use below the ordinary high-water mark; and

(c) operation of an off-highway vehicle by a nonambulatory person who is using the vehicle for recreational use, as defined in 23-2-301, as long as operation of the vehicle is prudent and minimizes destruction.

(4) The state may authorize the use of a motor vehicle or off-highway vehicle on state property below the ordinary high-water mark only when the state has determined that the use will have a minimal impact on the streambed and on the fish and wildlife ecology of the stream or river. Federal land management agencies are requested to apply the same criteria when authorizing use of federal land."

Section 6. Section 77-1-111, MCA, is amended to read:

"77-1-111. Court actions. (1) All actions for the recovery of money due under this title or for the cancellation of leases or for the cancellation of certificates of purchase or patents or for the recovery of state lands, actions of forcible entry and detainer, actions for ejectment, and all other actions affecting any state lands ~~shall be~~ *are* controlled, as to venue, by the provisions of the rules of civil procedure relating to the place of trial of civil actions and ~~shall~~ *must* be conducted by the attorney general.

(2) When ~~so~~ requested by the attorney general, the county attorney of each county in the state shall represent the state in all foreclosure proceedings,

collections of delinquent rentals, actions for trespass on state lands, and in all other state land matters that may arise in ~~his~~ *the county attorney's* county. The county attorney ~~shall~~ *is* not ~~be~~ entitled to charge the state any compensation for ~~such~~ services beyond ~~his~~ *the county attorney's* regular salary.

(3) The use of a ford or crossing on a navigable river or stream may not be considered a trespass."

Section 7. Section 77-1-126, MCA, is amended to read:

"77-1-126. Notice of noncompliance. (1) When the department finds that noxious weeds on leased state land or on state land subject to a license or permit have not been controlled as required by 7-22-2116, the lease, the license, or the permit, the department shall contact the lessee, licensee, or permittee and require that a weed management and control program be implemented. The lessee, licensee, or permittee may request that an inspection of the state land be made with department staff. The department shall seek voluntary compliance with a noxious weed management and control program for the state lands prior to issuing a notice of noncompliance. If the lessee, licensee, or permittee fails to implement a weed management and control program when directed by the department, the department shall notify the lessee, licensee, or permittee by mail of the noncompliance. The notice must specify:

(a) the basis for the determination of noncompliance;

(b) the geographic location of the area of noncompliance by legal description or other reasonably identifiable description;

(c) measures to be undertaken in order to comply with the weed control responsibilities of the lease, license, or permit;

(d) a reasonable period of time, not less than 15 days, in which compliance measures must be initiated;

(e) the right of the person to request, within 15 days, an administrative hearing as provided by 77-1-128; and

(f) the right of the person to request an extension if the measures in subsection (1)(c) cannot be implemented due to climatic or growing conditions.

(2) At least 2 weeks prior to sending a notice of noncompliance, the department shall send by certified mail to the lessee, licensee, or permittee a final notice that the weed management and control program has not been implemented.

(3) This section may not be construed to interfere with the right of the owner of property adjacent to a navigable river or stream to control noxious weeds on the land adjacent to the navigable river or stream."

Section 8. Section 77-1-127, MCA, is amended to read:

"77-1-127. Department authorized to control weeds — billing for weed control. (1) If the lessee, licensee, or permittee fails to take corrective action or if a request for an administrative hearing is not made within the time specified in the notice, the department may enter state land covered by the lease, license, or permit and institute appropriate weed control measures. The department may enter into an agreement with a commercial applicator, as defined in 80-8-102, or with the appropriate weed management district organized under 7-22-2102 to control the weeds. The commercial applicator or the weed management district shall agree to carry any insurance required by the department.

(2) The department shall submit a bill to the lessee, licensee, or permittee itemizing the hours of labor, material, and equipment time and listing the actual total cost incurred by the department to take the weed control measures, together with a penalty not exceeding 50% of the total cost. The bill must specify and order a payment due date of 30 days from the date the bill is sent. If payment is not received within 30 days, the department may cancel the lease, license, or permit. Money recovered under this section must be placed in the resource development account established in 77-1-604, except that penalties collected must be distributed annually to the trusts for the lands on which the weed control action was taken.

(3) If a person receiving an order to take corrective action requests an administrative hearing, the department may not institute control measures until the matter is finally resolved, except in case of an emergency. In an emergency, the person is liable for department costs allowed by this section only to the extent determined appropriate by the director or the court that finally resolves the matter.

(4) This section may not be construed to interfere with the right of the owner of property adjacent to a navigable river or stream to control noxious weeds on the land adjacent to the navigable river or stream."

Section 9. Section 77-1-806, MCA, is amended to read:

"77-1-806. Prior notification to lessee of recreational use — trespass — penalty. (1) If a lessee of state lands under this part desires to be notified prior to anyone entering upon ~~his~~ *the* leasehold, the lessee shall post, at customary access points, signs provided or authorized by the department. The signs must set forth the lessee's or ~~his~~ *the lessee's* agent's name, address, telephone number, and method of notification. The lessee or ~~his~~ *the lessee's* agent ~~shall make himself~~ *must be* available to receive notice from recreational users or provide an alternative means for notice as prescribed by rule. When state land is posted, recreational users shall contact and identify themselves to the lessee or ~~his~~ *the lessee's* agent for the purposes of minimizing impact upon the leasehold interest and learning the specific boundaries of adjacent unfenced private property.

(2) Each recreational user of state lands shall obtain permission of the lessee or ~~his~~ *the lessee's* agent before entering the adjacent private property owned by the lessee. Entry to private property from adjacent state lands without permission of the landowner or ~~his~~ *the landowner's* agent is an absolute liability offense. A violator of this subsection is guilty of a misdemeanor and shall be fined not less than $50 or more than $500, imprisoned in the county jail for not more than 6 months, or both.

(3) A person may be found guilty of the offense described in subsection (2) regardless of the absence of fencing or failure to post a notice in accordance with 45-6-201.

(4) The use of a ford or crossing on a navigable river or stream by the adjacent landowner may not be considered a trespass for the purposes of this section."

Section 10. Section 77-1-809, MCA, is amended to read:

"77-1-809. Compensation for damage to improvements, growing crops, or livestock. A lessee may apply to the department for reimbursement of documented costs of repair to or replacement of improvements, growing crops, or livestock damaged by recreational users of state lands. *For the purpose of this section, improvements includes the structures described in [section 4].* The application must include an affidavit by the applicant setting forth the nature of

the loss, allegations and reasonable proof supporting the involvement of recreational users, and documentation of repair or replacement costs. Upon review of the application and supporting proof and upon additional investigation as required, the department shall grant, modify, or deny the claim. The department, by reason of payment to the lessee for damage to improvements, is entitled to be subrogated to the rights of the lessee to recover the amount paid from the party causing the damage. Payments under this section must be made from appropriations from the state lands recreational use account established by 77-1-808, and the liability of the department for damage payments is limited to the available appropriation. Claim applications are to be considered in the order they are received."

Section 11. Section 77-3-442, MCA, is amended to read:

"77-3-442. Disposition of property of lessee upon termination of lease. (1) Upon the termination for any cause of a lease issued under this part, the former lessee has 6 months after the date of the termination to remove from the premises all machinery, fixtures, improvements, buildings, and equipment belonging to the lessee, except for casing in the wells and other equipment or apparatus necessary for the preservation of any oil or gas well or wells *and the structures described in [section 4]*. As to the casing, equipment, and apparatus, any succeeding lessee or, in the event there is no succeeding lessee, the state wishing to have the property left upon the premises shall pay a reasonable value for the property to the former lessee.

(2) If the succeeding lessee or the board is unable to agree with the former lessee upon the reasonable cash value of the casing, equipment, and apparatus, the succeeding lessee or, if there is no succeeding lessee, the state shall pay in cash to the former lessee a sum fixed as a reasonable price by a board of three appraisers, one of whom must be chosen by the successful bidder, one by the former lessee, and the third by the two appraisers chosen. If a person refuses to appoint an appraiser within 15 days of a request to do so by the department, the department may appoint an appraiser for that person. The appraisal must be reported to the respective parties in writing and is final and conclusive.

(3) ~~Unless~~ *Except as provided in [section 4], unless* the department gives written authorization, the former lessee may not remain in possession or manage the land and property formerly covered by the lease. During the time the former lessee remains in authorized possession, the lessee may retain the same share of the products of the premises as inured to the lessee during the term of the lease. ~~If~~ *Except as provided in [section 4], if* the state or other bidder does not desire any of the lessee's property as provided in this section, the lessee shall properly plug all wells and remove all of the lessee's property from the premises."

Section 12. Section 77-6-113, MCA, is amended to read:

"77-6-113. Lease conditions — cancellation. (1) It ~~shall be~~ *is* a condition of all leases of agricultural or grazing state lands that:

(a) in the case of agricultural lands, the lessee shall observe the ordinary rules for good management of agricultural lands and shall handle the leased land with the view of maintaining its productivity and minimizing wind and soil erosion and noxious weeds and planting crops with a view of securing the greatest yields of good quality; and

(b) in the case of grazing lands, the lessee shall observe the ordinary rules for good range management and shall manipulate the numbers, class, distribution, and season of the range use and the handling, feeding, breeding, and marketing

of grazing livestock with a view of securing the production of the maximum of livestock and livestock products, consistent with the conservation of the land resources and the perpetuation of its productivity, and to these ends the state land lease may not be abused by overgrazing.

(2) For the gross violation of any of these rules, the lease involved ~~shall~~ *must* be canceled by the department, subject to the appeal procedure provided in 77-6-211.

"77-6-115. If the proposed plan meets with the approval of the board, permission ~~shall~~ *must* be granted the lessee to secure the desired water right for the land and to place the ~~same~~ *land* under irrigation.

(2) ~~If such~~ *Subject to subsection (4), if the* water right becomes a permanent and valuable improvement, then in case of the sale or lease of the ~~lands~~ *land* to other parties, the former lessee ~~shall be~~ *is* entitled to receive compensation in the amount of the reasonable value ~~thereof~~ *of the improvement*, as in the case of other improvements, from the new lessee or the purchaser.

(3) These provisions ~~shall~~ *may* not be ~~so~~ construed ~~as~~ to make the state liable to the lessee for the payment of the cost or value of ~~such~~ irrigation improvements.

(4) A water right acquired under this section may not interfere with a water right used in conjunction with a structure described in [section 4]."

Section 14. Section 77-6-302, MCA, is amended to read:

"77-6-302. Compensation for improvements — actual costs. (1) ~~Prior~~ *Except for the improvements described in [section 4], prior* to renewal of a lease, the department shall request from the lessee a listing of improvements on the land associated with the lease, including the reasonable value of the improvements. This information must be provided to any party requesting to bid on the lease. ~~When~~ *Except for the improvements described in [section 4], when* another person becomes the lessee of the ~~lands~~ *land*, the person shall pay to the former lessee the reasonable value of the improvements. The reasonable value may not be less than the full market value of the improvements.

(2) If the former lessee is unable to produce records establishing the reasonable value or if the former lessee and the new lessee are unable to agree on the reasonable value of the improvements, the value must be ascertained and fixed as provided in 77-6-306. The former lessee shall initiate this process within 60 days of notification from the department that there is a new lessee. The department notification must include an explanation of the requirements of 77-6-306. Failure to initiate the process within this time period results in all improvements*, except those described in [section 4],* becoming the property of the state.

(3) Upon the termination of a lease, the department may grant a license to the former lessee to remove the movable improvements from the land. Upon authorization, the movable improvements must be removed within 60 days or they become the property of the state unless the department for good cause grants additional time for the removal. The department shall charge the former lessee for the period of time that the improvements remain on the land after the termination of the lease."

Section 15. Section 77-6-303, MCA, is amended to read:

"77-6-303. Determination of compensation. (1) In determining the value of ~~these~~ *the* improvements *described in 77-6-302*, consideration ~~shall~~ *must* be given to their original cost, their present condition, their ~~suitableness~~ *suitability* for the uses ordinarily made of the ~~lands~~ *land* on which they are located, and to the general state of cultivation of the land, its productive capacity as affected by former use, and its condition with reference to the infestation of noxious weeds. Consideration ~~shall~~ *must* be given to all actual improvements and to all known effects that the use and occupancy of the land have had upon its productive capacity and ~~desirableness~~ *desirability* for the new lessee.

(2) However, if any of the improvements ~~consists~~ *consist* of ~~breaking (meaning~~ the original plowing of the land~~)~~ and 1 year's crops have been raised on the land after the ~~breaking~~ *plowing*, the compensation for the ~~breaking~~ *improvement* may not exceed $2.50 per acre, and if two or more crops have been raised on the land after the ~~breaking~~ *original plowing*, the ~~breaking shall~~ *original plowing may* not be considered as an improvement to the land."

Section 16. Section 77-6-501, MCA, is amended to read:

"77-6-501. Agricultural leases. (1) ~~As to~~ *For* agricultural ~~lands~~ *land*, all leases except lease renewals upon which the lessee has made improvements at the lessee's expense, as provided in subsection (3), must be continued or made upon a crop share rental basis of not less than one-fourth of the annual crops to the state or the usual landlord's share prevailing in the district, whichever is greater. The board may, however, approve special crop share rentals of less than one-fourth for high production cost crops, such as but not limited to potatoes and sugar beets, or for high production cost methods when these methods would result in more income to the state. The board may not delegate the authority to approve special crop share rentals.

(2) Except in the case of cash lease renewals under subsection (3), if it is in the best interests of the state, the department may authorize a lease upon other bases than crop share, but in these cases, the rental must at least equal the value of the usual landlord's share prevailing in the district under similar circumstances, and the department shall set forth in the records the conditions of the case and the rental to be charged.

(3) ~~In~~ *Subject to [section 4], in* a case in which the lessee has made substantial improvements for irrigation purposes to the lease at the lessee's own expense, the department shall authorize a cash lease renewal at not less than $15 an acre on the portion of the lease that has been improved.

(4) For all agricultural leases issued through competitive bidding provided for under 77-6-202 or 77-6-205, the department shall require on any competitive bid greater than a one-third crop share a minimum annual guarantee of not less than $15 an acre."

Be it enacted by the Legislature of the State of Montana:

Section 1. Preservation of property rights. (1) Title 82, chapter 11, parts 1 and 2, and the issuance of a permit for a carbon dioxide injection well pursuant to Title 82, chapter 11, parts 1 and 2, do not:

(a) prejudice the rights of property owners within a geologic storage reservoir to exercise rights that have not been committed to a storage reservoir; or

(b) prevent a mineral owner or mineral lessee from drilling through or near a storage reservoir to explore for and develop minerals, provided that the drilling, production, and related activities comply with board requirements that preserve the storage reservoir's integrity and implement Title 82, chapter 11, parts 1 and 2.

(2) Title 82, chapter 11, parts 1 and 2, may not be construed to:

(a) change or alter common law in accordance with 1-1-108 as it relates to the rights belonging to or the dominance of the mineral estate, including but not limited to the right to mine, drill, or recomplete a well, to inject substances to facilitate production, or to implement enhanced recovery for the purposes of recovery of oil, gas, or other minerals;

(b) impede or impair the ability of an oil and gas operator to inject carbon dioxide for enhanced recovery or to establish, verify, register, and sell emission reduction credits or attributes associated with the project;

(c) change or alter common law or statutory provisions regarding the ownership of surface or subsurface rights;

(d) diminish, impair, or in any way affect the rights of a natural gas public utility, as defined in 82-10-301, to own, operate, or control a gas storage reservoir in use prior to [the effective date of this section]; or

(e) apply within the exterior boundaries of any federally recognized Indian reservation within the state of Montana unless the governing body of the tribe adopts a carbon sequestration law and enters into a cooperative agreement with the state.

(3) If the ownership of the geologic storage reservoir cannot be determined from the deeds or severance documents related to the property by reviewing statutory or common law, it is presumed that the surface owner owns the geologic storage reservoir.

Section 2. Geologic storage reservoir administrative fee — account established. (1) (a) A geologic storage operator shall pay to the board a fee on each ton of carbon dioxide injected for storage for the purpose of carrying out the state's responsibility to monitor and manage geologic storage reservoirs. If a geologic storage operator chooses to indefinitely accept liability pursuant to [section 4(9)(a)], the board shall remit the fee to the operator. If a geologic

storage operator is required to maintain liability pursuant to [section 4(9)(b)], the board may not remit the fee.

(b) The fee must be in the amount set by board rule.

(c) The amount must be based on the anticipated actual expenses that the board will incur in monitoring and managing geologic storage reservoirs during their postclosure phases.

(2) There is a geologic storage reservoir program account in the special revenue fund.

(3) (a) Each fiscal year there must be deposited in the account the fees collected pursuant to [section 5(2)(b)] and subsection (1) of this section, to be used by the board for monitoring and managing geologic storage reservoirs pursuant to [section 4(6) and (8)].

(b) Funds received from bonds or other surety as authorized in 82-11-123(1)(f) and [section 4] must be deposited in the account.

(4) Interest and earnings on the funds in the geologic storage reservoir program account accrue to that account.

Section 3. Liability for carbon dioxide during injection. (1) Until the certificate of project completion is issued pursuant to [section 4(1)] and title to the stored carbon dioxide and geologic storage reservoir is transferred to the state pursuant to [section 4(8)], the geologic storage operator is liable for the operation and management of the carbon dioxide injection well, the geologic storage reservoir, and the injected or stored carbon dioxide.

(2) Bond or other surety furnished pursuant to 82-11-123(1)(f) must be adequate to meet the requirements of subsection (1).

(3) For the purposes of [section 4] and this section, "title" includes title to the geologic storage reservoir and the stored carbon dioxide.

Section 4. Certificate of completion — department of environmental quality participation — transfer of liability. (1) Pursuant to subsection (3), after carbon dioxide injections into a reservoir end and upon completion of the certification requirements pursuant to subsections (4) and (5), the board shall issue the geologic storage operator a certificate of project completion.

(2) The board:

(a) shall adopt rules pursuant to 82-11-111 necessary for implementing subsection (4) of this section, including rules for public notice and hearing; and

(b) may, pursuant to 82-11-111, adopt any other rules necessary for administration of this section.

(3) The certificate may not be issued until at least 15 years after carbon dioxide injections end.

(4) Subject to subsection (5), the certificate may be issued only if the geologic storage operator:

(a) is in full compliance with regulations governing the geologic storage reservoir pursuant to this part;

(b) shows that the geologic storage reservoir will retain the carbon dioxide stored in it;

(c) shows that all wells, equipment, and facilities to be used in the postclosure period are in good condition and retain mechanical integrity;

(d) shows that it has plugged wells, removed equipment and facilities, and completed reclamation work as required by the board;

(e) shows that the carbon dioxide in the geologic storage reservoir has become stable, which means that it is essentially stationary or chemically combined or, if it is migrating or may migrate, that any migration will not cross the geologic storage reservoir boundary; and

(f) shows that the geologic storage operator will continue to provide adequate bond or other surety after receiving the certificate of completion for at least 15 years following issuance of the certificate of completion and that the operator continues to accept liability for the geologic storage reservoir and the stored carbon dioxide.

(5) (a) Prior to issuing a certificate of completion, the board shall solicit, document, consider, and address comments from the department of environmental quality.

(b) Notwithstanding subsection (5)(a), the board makes the final decision on issuance of the certificate.

(6) After issuing a certificate of completion, the board shall ensure adequate monitoring by the operator of the wells and reservoir, verifying compliance with subsection (4), for a period of 15 years.

(7) (a) Following the monitoring and verification required in subsection (6) and subject to subsections (7)(b) and (7)(c), if the geologic storage operator has title to the geologic storage reservoir and the stored carbon dioxide, the geologic storage operator may transfer title to the geologic storage reservoir and to the stored carbon dioxide to the state.

(b) Prior to a transfer of title, the monitoring pursuant to subsection (6) must show that:

(i) the reservoir and wells are in full compliance with regulations pursuant to this part; and

(ii) the reservoir will maintain its structural integrity and will not allow carbon dioxide to move out of one stratum into another or pollute drinking water supplies.

(c) (i) Prior to a transfer of title, the board shall solicit, document, consider, and address comments from the department of environmental quality.

(ii) The board shall make a recommendation to the board of land commissioners as to whether title should transfer to the state.

(iii) Notwithstanding subsections (7)(c)(i) and (7)(c)(ii), the board of land commissioners shall make the final decision on the transfer of title.

(8) If liability is transferred pursuant to subsection (7):

(a) title is transferred, without payment or any compensation, to the state;

(b) title acquired by the state includes all rights and interests in and all responsibilities associated with the geologic storage reservoir and the stored carbon dioxide;

(c) the geologic storage operator and all persons who generated any injected carbon dioxide are released from all regulatory requirements and liability associated with the geologic storage reservoir and the stored carbon dioxide;

(d) any bonds or other surety posted by the geologic storage operator must be released; and

(e) monitoring and managing the geologic storage reservoir and the stored carbon dioxide is the state's responsibility to be overseen by the board until the federal government assumes responsibility for the long-term monitoring and management of geologic storage reservoirs and stored carbon dioxide.

(9) (a) If the operator does not transfer title to the state pursuant to subsection (7), the operator indefinitely accepts liability, except as provided in subsection (10), for the stored carbon dioxide and the geologic storage reservoir.

(b) If the operator is found not to be in compliance with subsection (7)(b), the operator retains liability until the operator is able to meet the requirements.

(10) After receiving a certificate of completion, every 15 years after completing the monitoring and verification required by subsection (6), an operator may petition the board and request to transfer liability to the state and be released from liability pursuant to subsection (8). An operator who petitions the board pursuant to this subsection (10) may not request that the fee required by [section 2(1)] or [section 5(2)(b)] be remitted.

Section 5. Conversion of enhanced recovery wells. (1) A well regulated under this chapter in which carbon dioxide is injected for the purpose of enhancing the recovery of oil and gas may be converted to a carbon dioxide injection well.

(2) (a) The board shall develop rules with regard to the conversion of wells referred to in subsection (1) to carbon dioxide injection wells. The rules must be in accordance with all application, permitting, and regulatory requirements for carbon dioxide injection wells pursuant to this part.

(b) The rules must include provisions for a fee to be paid by the owner of a converted well in an amount equivalent to the fee required to be paid by a geologic storage operator pursuant to [section 2(1)].

(3) Wells converted to carbon dioxide injection wells pursuant to this section are subject to carbon dioxide injection well and geologic storage reservoir regulations pursuant to this chapter, including requirements for bonding or other surety, the issuance of a certificate of completion, and acceptance or transfer of liability.

Section 6. Makoshika Park requirements. (1) Except as provided in subsection (3), on lands managed as Makoshika state park pursuant to Title 23, chapter 1, and under the control of the department of fish, wildlife, and parks by grant, acquisition, lease, easement, or other means, a person may not:

(a) drill, construct, convert, or operate an oil or gas well, stratigraphic test well, or core hole;

(b) conduct vibroseis, drill a seismic shot hole, or set a surface charge;

(c) explore for oil or gas in a manner that damages the land surface; or

(d) construct or place any surface facility associated with oil or gas exploration or development.

(2) The prohibitions in subsection (1) do not preclude the development of geologic storage reservoirs or of oil or gas resources from beneath Makoshika state park through directional drilling or access from property outside the boundaries of the state park provided that the surface resources of the state park are not disturbed.

(3) The prohibitions listed in subsection (1) do not apply to geologic storage reservoirs or to oil or gas resources within Makoshika state park that are owned by a private person, nor do the prohibitions apply to school trust lands within

the boundaries of the park. The state acknowledges the mineral rights of Dawson County and the state school trust and the private property rights of persons owning private mineral rights within Makoshika state park. The department of fish, wildlife, and parks is directed to conduct negotiations with the owners of mineral rights within Makoshika state park with the purpose of acquiring those rights in the name of the state.

"70-30-105. Taking of underground natural gas storage reservoir — effect on owner's right to drill. (1) The taking of any sand, stratum, or formation for use as an underground natural gas storage reservoir is without prejudice to the rights of the owner or owners of the land or of the oil, gas, or other mineral rights in the land to drill or bore through the sand, stratum, or formation taken for use as an underground natural gas storage reservoir in order to explore for, produce, process, treat, or market any oil, gas, or other minerals that might be contained in the land above or below the sand, stratum, or formation taken.

(2) Any additional cost or expense required to be incurred in order to protect the underground natural gas storage reservoir against pollution and the escape of the gas from the reservoir by reason of boring or drilling through the sand, stratum, or formation used as an underground natural gas storage reservoir must be paid by the persons, firm, or corporation owning the underground natural gas storage reservoir at the time of the boring or drilling.

(3) After [the effective date of this section], if the sand, stratum, or formation is used as a geologic storage reservoir as defined in 82-11-101, it may not be taken for use as an underground natural gas storage reservoir."

Section 9. Section 75-5-401, MCA, is amended to read:

"75-5-401. Board rules for permits — ground water exclusions. (1) Except as provided in subsection (5), the board shall adopt rules:

(a) governing application for permits to discharge sewage, industrial wastes, or other wastes into state waters, including rules requiring the filing of plans and specifications relating to the construction, modification, or operation of disposal systems;

(b) governing the issuance, denial, modification, or revocation of permits. The board may not require a permit for a water conveyance structure or for a natural spring if the water discharged to state waters does not contain industrial waste, sewage, or other wastes. Discharge to surface water of ground

water that is not altered from its ambient quality does not constitute a discharge requiring a permit under this part if:

(i) the discharge does not contain industrial waste, sewage, or other wastes;

(ii) the water discharged does not cause the receiving waters to exceed applicable standards for any parameters; and

(iii) to the extent that the receiving waters in their ambient state exceed standards for any parameters, the discharge does not increase the concentration of the parameters.

(c) governing authorization to discharge under a general permit for storm water associated with construction activity. These rules must allow an owner or operator to notify the department of the intent to be covered under the general permit. This notice of intent must include a signed pollution prevention plan that requires the applicant to implement best management practices in accordance with the general permit. The rules must authorize the owner or operator to discharge under the general permit on receipt of the notice and plan by the department.

(2) The rules must allow the issuance or continuance of a permit only if the department finds that operation consistent with the limitations of the permit will not result in pollution of any state waters, except that the rules may allow the issuance of a temporary permit under which pollution may result if the department ensures that the permit contains a compliance schedule designed to meet all applicable effluent standards and water quality standards in the shortest reasonable period of time.

(3) The rules must provide that the department may revoke a permit if the department finds that the holder of the permit has violated its terms, unless the department also finds that the violation was accidental and unforeseeable and that the holder of the permit corrected the condition resulting in the violation as soon as was reasonably possible.

(4) The board may adopt rules governing reclamation of sites disturbed by construction, modification, or operation of permitted activities for which a bond is voluntarily filed by a permittee pursuant to 75-5-405, including rules for the establishment of criteria and procedures governing release of the bond or other surety and release of portions of a bond or other surety.

(5) Discharges of sewage, industrial wastes, or other wastes into state ground waters from the following activities or operations are not subject to the ground water permit requirements adopted under subsections (1) through (4):

(a) discharges or activities at wells injecting fluids associated with oil and gas exploration and production regulated under the federal underground injection control program;

(b) disposal by solid waste management systems licensed pursuant to 75-10-221;

(c) individuals disposing of their own normal household wastes on their own property;

(l) a carbon dioxide injection well for which a permit has been issued pursuant to Title 82, chapter 11, part 1.

(6) Notwithstanding the provisions of 75-5-301(4), mixing zones for activities excluded from permit requirements under subsection (5) of this section must be established by the permitting agency for those activities in accordance with 75-5-301(4)(a) through (4)(c).

(7) Notwithstanding the exclusions set forth in subsection (5), any excluded source that the department determines may be causing or is likely to cause violations of ground water quality standards may be required to submit monitoring information pursuant to 75-5-602.

(8) The board may adopt rules identifying other activities or operations from which a discharge of sewage, industrial wastes, or other wastes into state ground waters is not subject to the ground water permit requirements adopted under subsections (1) through (4).

(9) The board may adopt rules authorizing general permits for categories of point source discharges. The rules may authorize discharge upon issuance of an individual authorization by the department or upon receipt of a notice of intent to be covered under the general permit."

Section 10. Section 77-3-430, MCA, is amended to read:

"77-3-430. Pooling agreements and unit operations. However, ~~such~~ agreements may not change the percentage of royalties ~~to be~~ paid to the state from the percentages ~~as~~ fixed in its leases. The board may modify existing pooling and unit agreements ~~so as~~ to commit the state lands included ~~therein~~ *in the pooling or unit agreements* for as long as the unitized substance or substances for which the state lands are committed ~~is~~ *are* produced from any lands in the unit."

Section 11. Section 82-10-402, MCA, is amended to read:

"82-10-402. Inventory of abandoned wells and seismic operations — reclamation procedures. (1) The board of oil and gas conservation shall maintain a record of the abandoned oil or gas wells, injection wells, sumps, and seismographic shot holes in the state that disturb land, water, or wildlife resources to a degree not in compliance with plugging, pollution prevention, and reclamation rules of the board. This record must be compiled from petitions or written statements from the owners of surface rights or lessees.

(2) The board shall check the record compiled under subsection (1) against its drilling records and shall determine and list the name of the person who abandoned the well, sump, or hole, whenever this information is available. When a person ~~so~~ listed applies to the board for a new drilling permit, the board may issue the permit only after approving a plan by which the applicant will reclaim the land disturbed by ~~his~~ *the applicant's* abandoned wells, sumps, or holes within 3 years.

(3) When the person who abandoned a well, sump, or hole cannot be identified or located or when the person does not have sufficient financial resources to pay for complete reclamation, the board may then reclaim the disturbed land with funds available from the oil and gas production damage mitigation account in a manner consistent with the requirements for the use of the account provided in 82-11-161 and 82-11-164.

(4) As used in subsection (3), "well" includes a class II injection well, as defined in 82-11-101, for which a drilling permit or a permit authorizing use of a well for that purpose was granted by the board after June 30, 1989, and water source wells used in connection with enhanced recovery projects.

(5) When the person who abandoned a carbon dioxide injection well, as defined in 82-11-101, cannot be identified or located to pay for complete reclamation, the board may then reclaim the disturbed land with funds available in the geologic storage reservoir program account."

(c) adopt and enforce rules and orders to effectuate the purposes and the intent of this chapter.

(3) The board shall determine and prescribe what producing wells ~~shall be~~ *are* defined as "stripper wells" and what wells ~~shall be~~ *are* defined as "wildcat wells" and make ~~such~~ orders ~~as~~ *that* in its judgment are required to protect those wells and provide that stripper wells may be produced to capacity if it is considered necessary in the interest of conservation to do so.

(4) With respect to any pool ~~from which gas was~~ *with gas* being produced by a gas well on or prior to April 1, 1953, this chapter does not authorize the board to limit or restrain the rate*,* ~~(~~daily or otherwise~~)~~*,* of production of gas from that pool by any well then or ~~thereafter~~ *after April 1, 1953,* drilled and producing from that pool to less than the rate at which the well can be produced without adversely affecting the quantity of gas ultimately recoverable by the well.

(5) ~~The~~ *Subject to subsection (7), the* board has exclusive jurisdiction over *carbon dioxide injection wells, geologic storage reservoirs,* all class II injection wells*,* and all pits and ponds in relation to those injection wells. The board may:

(a) issue, suspend, revoke, modify, or deny permits to operate *carbon dioxide injection wells and* class II injection wells, consistent with rules made by it *and pursuant to 82-11-123*~~;~~*. If a permit for a carbon dioxide injection well is revoked, an operator may not seek a refund of application or permitting fees or fees paid pursuant to [section 2] or [section 5(2)(b)].*

(b) examine plans and other information needed to determine whether a permit should be issued or require changes in plans as a condition to the issuance of a permit;

(c) clearly specify in a permit any limitations imposed as to the volume and characteristics of the fluids to be injected and the operation of the well;

(d) authorize its staff to enter upon any public or private property at reasonable times to:

(i) investigate conditions relating to violations of permit conditions;

(ii) have access to and copy records required under this chapter;

(iii) inspect monitoring equipment or methods; and

(iv) sample fluids which the operator *or geologic storage operator* is required to sample; and

(e) adopt standards for the design, construction, testing, and operation of *carbon dioxide injection wells and* class II injection wells.

(6) The board shall determine, for the purposes of using the oil and gas production damage mitigation account established in 82-11-161 *or the geologic storage reservoir program account established in [section 2]*:

(a) when the person responsible for an abandoned well, sump, or hole cannot be identified or located, or if the person is identified or located, when the person does not have sufficient financial resources to properly plug the well, sump, or hole; or

(b) when a previously abandoned well, sump, or hole is the cause of potential environmental problems and ~~no~~ *a* responsible party ~~can~~ *cannot* be identified or located or, if a responsible party can be identified and located, the person does not have sufficient financial resources to correct the problems.

(7) (a) Before holding a hearing on a proposed permit for a carbon dioxide injection well, the board shall solicit, document, consider, and address comments from the department of environmental quality on the proposal.

(b) Notwithstanding subsection (7)(a), the board makes the final decision on issuance of a permit.

(8) Solely for the purposes of administering carbon dioxide injection wells under this part, carbon dioxide within a geologic storage reservoir is not a pollutant, nuisance, or a hazardous or deleterious substance."

Section 15. Section 82-11-118, MCA, is amended to read:

"82-11-118. Fees for processing applications. (1) The board shall establish a fee schedule to defray the expenses incurred for processing an application from *a geologic storage operator or* an operator or producer of oil seeking approval of a new or expanded enhanced recovery project, as defined in 15-36-303. The fee must be paid by the owner*, geologic storage operator,* or operator seeking approval of the project.

(2) The board shall, by rule, determine the amount of the fee based on the complexity of processing the application."

Section 16. Section 82-11-122, MCA, is amended to read:

"82-11-122. Notice of intention to drill or conduct seismic operations — notice to surface owner. *(1)* It is unlawful to commence the drilling of a well for oil or gas without first filing with the board written notice of intention to drill and obtaining a drilling permit as provided in 82-11-134. After the permit is issued, an oil and gas developer or operator as defined under 82-10-502 shall comply with the notice requirements of 82-10-503 before commencing drilling operations. It is unlawful to conduct seismic explorations without first giving the board a copy of the notice of intention to explore filed with the county under 82-1-103.

(2) It is unlawful to commence the drilling of a carbon dioxide injection well without first filing with the board written notice of intention to drill and obtaining a drilling permit. Prior to issuing the permit, the board shall provide notice of an application for a permit. The notice must be:

(a) published in a newspaper of general circulation in each county where the carbon dioxide injection well and geologic storage reservoir is located; and

(b) mailed to all surface owners, mineral claimants, mineral owners, lessees, and other owners of record of subsurface interests that are located within 1 mile of the proposed boundary of the geologic storage reservoir."

Section 17. Section 82-11-123, MCA, is amended to read:

"82-11-123. Requirements for oil and gas *and carbon dioxide injection* operations. *(1)* Subject to the administrative control of the department under 2-15-121, the board shall require:

~~(1)~~*(a)* identification of ownership of *carbon dioxide injection wells, carbon dioxide, geologic storage reservoirs, and* oil or gas wells, producing properties, and tanks;

~~(2)~~*(b)* the making and filing of acceptable well logs, including bottom-hole temperatures*,* ~~(~~in order to facilitate the discovery of potential geothermal energy sources~~)~~, the making and filing of reports on well locations, and the filing of directional surveys, geological sample logs, mud logs, core descriptions, and ordinary core analysis, if made~~;~~. ~~however~~ *However*, logs of exploratory or wildcat wells need not be filed for a period of 6 months following completion of those wells~~;~~.

~~(3)~~*(c)* the drilling, casing, producing, and plugging of wells*, carbon dioxide injection wells,* and class II injection wells in a manner that prevents the escape of *carbon dioxide,* oil*,* or gas out of one stratum into another, the intrusion of water into *carbon dioxide,* oil*,* or gas strata, blowouts, cave-ins, seepages, and fires and the pollution of fresh water supplies by *carbon dioxide,* oil, gas, salt, or brackish water;

~~(4)~~*(d)* the restoration of surface lands to their previous grade and productive capability after a well is plugged or a seismographic shot hole has been utilized and necessary measures to prevent adverse hydrological effects from the well or hole, unless the surface owner agrees in writing, with the approval of the board or its representatives, to a different plan of restoration;

~~(5)~~*(e) except as provided in subsection (1)(f),* the furnishing of a reasonable bond with good and sufficient surety, conditioned for performance of the duty to properly plug each dry or abandoned well. The bond may be forfeited in its entirety by the board for failure to perform the duty to properly plug each dry or abandoned well and may not be canceled or absolved if the well fails to produce oil or gas in commercial quantities, until:

~~(a)~~*(i)* the board determines the well is properly plugged and abandoned as provided in the board's rules; or

~~(b)~~*(ii)* the requirements of 82-11-163 are met.

(f) the furnishing of reasonable bond or other surety for a carbon dioxide injection well, geologic storage reservoir, and the carbon dioxide stored in the reservoir with good and sufficient surety for performance of the duty to operate and manage a carbon dioxide injection well, geologic storage reservoir, and the carbon dioxide stored in the reservoir and to properly plug and reclaim each carbon dioxide injection well. The bond or other surety may be forfeited in its entirety by the board for failure to perform the duty to properly manage and operate a well, reservoir, and stored carbon dioxide or to plug a well. Except as provided in [section 4(8)], the bond or other surety may not be canceled or absolved.

~~(6)~~*(g)* proper gauging or other measuring of oil and gas produced and saved to determine the quantity and quality of oil and gas;

~~(7)~~*(h)* that every person who produces, transports, or stores oil or gas or injects or disposes of water *or carbon dioxide* in this state shall make available within this state for a period of 5 years complete and accurate records of the quantities. The records must be available for examination by the board or its employees at all reasonable times. The person shall file with the board reports as it may prescribe with respect to quantities, transportations, and storages of the oil, gas, *carbon dioxide,* or water.

~~(8)~~*(i)* the installation, use, and maintenance of monitoring equipment or methods in the operation of *carbon dioxide injection wells and* class II injection wells.

(2) In addition to the requirements of subsection (1), the geologic carbon dioxide injection well permitting system must include:

(a) recordkeeping and reporting requirements sufficient to measure the effectiveness of carbon dioxide injection wells and geologic storage reservoirs;

(b) characterization of the injection zone and aquifers above and below the injection zone that may be affected, including applicable pressure and fluid chemistry data to describe the projected effects of injection activities;

(c) verification and monitoring at geologic storage reservoirs;

(d) mitigation of leaks, including the ability to stop the leaking of carbon dioxide and to address impacts of leaks;

(e) adequate baseline monitoring of drinking water wells within 1 mile of the perimeter of the geologic storage reservoir; and

(f) at a minimum, requirements pursuant to applicable federal regulatory standards established by:

(i) the Energy Independence and Security Act of 2007, Public Law 110-140, and subsequent acts;

(ii) the Safe Drinking Water Act, 42 U.S.C. 300f, et seq.; and

(iii) the underground injection control program, 40 CFR, parts 144 through 147."

Section 18. Section 82-11-127, MCA, is amended to read:

"82-11-127. Prohibited activity ~~— Makoshika state park~~. (1) A person may not:

(a) cause pollution of any state waters or place or cause to be placed any liquid, gaseous, solid, or other substance in a location where the substance is likely to cause pollution of any state waters;

(b) violate any provision set forth in a permit or stipulation, including but not limited to limitations and conditions contained in it;

(c) violate an order issued pursuant to this chapter; or

(d) violate a provision of this chapter.

(2) A person may not drill, construct, convert, or operate a class II injection well *or a carbon dioxide injection well* or drill an oil or gas well or stratigraphic test well or core hole as described under 82-11-134 without a valid permit or order from the board.

~~(3) Except as provided in subsection (5), on lands managed as Makoshika state park, pursuant to Title 23, chapter 1, and under the control of the department of fish, wildlife, and parks, by grant, acquisition, lease, easement, or other means, a person may not:~~

~~(a) drill, construct, convert, or operate an oil or gas well, stratigraphic test well, or core hole;~~

~~(b) conduct vibroseis, drill a seismic shot hole, or set a surface charge;~~

~~(c) explore for oil or gas in a manner that damages the land surface; or~~

~~(d) construct or place any surface facility associated with oil or gas exploration or development.~~

~~(4) The prohibitions in subsection (3) do not preclude the development of oil or gas resources from beneath Makoshika state park through directional drilling or access from property outside the boundaries of the state park provided that the surface resources of the state park are not disturbed.~~

~~(5) The prohibitions listed in subsection (3) do not apply to oil or gas resources within Makoshika state park that are owned by a private person, nor do the prohibitions apply to school trust lands within the boundaries of the park. The state acknowledges the mineral rights of Dawson County and the state school trust and the private property rights of persons owning private mineral rights within Makoshika state park. The department of fish, wildlife, and parks is directed to conduct negotiations with the owners of mineral rights within Makoshika state park, with the purpose of acquiring those rights in the name of the state, and to report the results of the negotiations to the legislature no later than January 8, 2001.~~"

Section 19. Section 82-11-136, MCA, is amended to read:

"82-11-136. Expenditure of funds from bonds for plugging wells. *(1)* The board may accept and expend all funds received by it from bonds for properly plugging dry or abandoned wells as authorized in ~~82-11-123(5)~~ *82-11-123(1)(e)*.

(2) The board may accept and expend all funds received by it from bonds for properly plugging abandoned carbon dioxide injection wells as authorized in 82-11-123(1)(f)."

Section 20. Section 82-11-137, MCA, is amended to read:

"82-11-137. Class II injection well operating fee — *carbon dioxide injection well operating fee.* (1) For the purpose of providing funds for defraying the expenses of operating and enforcing*:*

(a) the class II injection well regulatory program, as defined by the federal environmental protection agency or any successor agency, each operator of a class II injection well may be required to pay an annual operating fee not to exceed $300 per injection well*; and*

(b) the carbon dioxide injection well regulatory program, each geologic storage operator of a carbon dioxide injection well may be required to pay an annual operating fee not to exceed $5,000 per injection well.

(2) The department shall collect the operating fee at ~~such~~ *a* time ~~as the~~ *established by* board ~~may prescribe by~~ rule. All money collected under this section must be forwarded to the state treasurer for deposit in the state special revenue fund and must be used for the purpose prescribed in subsection (1).

(3) The board shall, by rule adopted pursuant to the provisions of the Montana Administrative Procedure Act, fix the amount of the fee described in subsection (1) and may from time to time reduce or increase the amount ~~thereof~~ *of the fee* as the expenses chargeable against the state special revenue fund may require. However, the assessment fixed by the board may not exceed the limits prescribed in subsection (1). The amount of the fee must be expressed in dollars."

Section 21. Section 82-11-161, MCA, is amended to read:

"82-11-161. Oil and gas production damage mitigation account — statutory appropriation. (1) There is an oil and gas production damage mitigation account within the state special revenue fund established in 17-2-102. The oil and gas production damage mitigation account is controlled by the board.

(2) At the beginning of each biennium, there must be allocated to the oil and gas production damage mitigation account $50,000 from the interest income of the resource indemnity trust fund, except that if at the beginning of a biennium the unobligated cash balance in the oil and gas production damage mitigation account:

(a) equals or exceeds $200,000, no allocation will be made; or

(b) is less than $200,000, then an amount less than or equal to the difference between the unobligated cash balance and $200,000, but not more than $50,000, must be allocated to the oil and gas production damage mitigation account from the interest income of the resource indemnity trust fund.

(3) In addition to the allocation provided in subsection (2), there must be deposited in the oil and gas production damage mitigation account all funds received by the board pursuant to ~~82-11-136~~ *82-11-136(1)*.

(4) If a sufficient balance exists in the account, funds are statutorily appropriated, as provided in 17-7-502, from the oil and gas production damage mitigation account, upon the authorization of the board, to pay the reasonable costs of properly plugging a well and either reclaiming or restoring, or both, a drill site or other drilling or producing area damaged by oil and gas operations if the board determines that the well, sump, hole, drill site, or drilling or producing area has been abandoned and the responsible person cannot be identified or located or if the responsible person fails or refuses to properly plug, reclaim, or restore the well, sump, hole, drill site, or drilling or producing area within a reasonable time after demand by the board. ~~The~~ *However, the* responsible person shall~~, however,~~ pay costs to the extent of that person's available resources and is subsequently liable to fully reimburse the account or is subject to a lien on property as provided in 82-11-164 for costs expended from the account to properly plug, reclaim, or restore the well, sump, hole, drill site, or drilling or producing area and to mitigate any damage for which the person is responsible.

(5) Interest from funds in the oil and gas production damage mitigation account accrues to that account."

Section 22. Section 82-11-163, MCA, is amended to read:

"82-11-163. Landowner's bond on noncommercial well. If the owner of the surface land upon which has been drilled a well that fails to produce oil or gas in commercial quantities acquires the well for domestic purposes, the board may cancel and absolve the bond required in ~~82-11-123~~ *82-11-123(1)(e)* upon its acceptance of surety in the form of a certificate of deposit or a surety bond in the amount of $5,000 for a single well or in the amount of $10,000 for more than one well or in the form of a property bond of two times the value of the required certificate of deposit or surety bond. The release of the certificate of deposit, surety bond, or property bond must be conditioned on proof provided by the landowner that the well has been properly plugged."

Section 23. Section 82-11-201, MCA, is amended to read:

"82-11-201. Establishment of well spacing units. (1) To prevent or to assist in preventing waste of oil or gas prohibited by this chapter, to avoid the drilling of unnecessary wells, or to protect correlative rights, the board, upon its own motion or upon application of an interested person, after hearing, may by order establish:

(a) temporary spacing units on a statewide basis or for defined areas within the state for *carbon dioxide injection wells,* oil, gas, or oil and gas wells drilled to varying depths; and

(b) permanent spacing units for a discovered pool, except in those pools that, prior to April 1, 1953, have been developed to ~~such~~ an extent that it would be impracticable or unreasonable to establish spacing units at the existing stage of development.

(2) The size and the shape of temporary spacing units must be established to promote the orderly development of unproven areas and must be uniform throughout the surface area and depths covered by the unit. A temporary spacing unit must remain in effect until superseded by an order issued by the board or until a permanent spacing unit is established.

(3) Permanent spacing units do not need to be uniform in size or shape but must result in the efficient and economic development of the pool as a whole. In establishing permanent spacing units, the acreage to be embraced within a unit and the shape of the unit must be determined by the board based upon evidence introduced at the hearing. The board may divide a pool into zones and establish spacing units for each zone if necessary for a purpose mentioned in subsection (1) or to facilitate production through the use of innovative drilling and completion methods. The spacing units within the zone may differ in size and shape from spacing units in any other zone but may not be smaller than the maximum area that can be efficiently and economically drained by one well.

(4) An order establishing temporary or permanent spacing units may permit only one well to be drilled and produced from the common source of supply on any spacing unit, and the well must be drilled at a location authorized by the order, with an exception as may be reasonably necessary. The exception may be included if, upon application, notice, and hearing, the board finds that the spacing unit is located on the edge of a pool or field and adjacent to a producing unit or, for some other reason, that the requirement to drill the well at the authorized location on the spacing unit would be inequitable or unreasonable. The board shall take action to offset any advantage that the person securing the exception may have over other producers by reason of drilling the well as an exception. The order must include provisions to prevent production from the spacing unit from being more than its just and equitable share of the producible oil and gas in the pool.

(5) An order establishing temporary or permanent spacing units for a pool must cover all lands determined or believed to be underlaid by the pool and may be modified after notice and hearing by the board to include additional areas subsequently determined to be underlaid by the pool.

(6) The board, upon application, notice, and hearing, may increase or decrease the size of a temporary or permanent spacing unit or permit the drilling of additional wells in a spacing unit for a purpose mentioned in subsection (1)."

Section 24. Section 82-11-204, MCA, is amended to read:

"82-11-204. Hearing on operation of pool as unit. (1) *(a)* The board, upon the application of persons owning leasehold interests underlying 60% of the surface within the delineated area, shall hold a hearing to consider the need for the operation as a unit of one or more pools or parts ~~thereof~~ *of the pools* in a field for enhanced recovery purposes ~~as~~ *related* to oil or oil and gas, to increase ultimate recovery, or to prevent waste of gas from pools or portions of pools where gas only is produced.

(b) The board, upon the application of persons owning or holding subsurface storage rights of 60% of the storage capacity of the proposed storage area, shall

hold a hearing to consider the need for the operation of a unit for the long-term storage of carbon dioxide.

(2) *(a)* At least 60 days prior to application, the applicant shall, by registered or certified mail, notify all known persons owning an interest in the oil and gas within the proposed unit area as disclosed by the records of the county or counties ~~in which~~ *where* the proposed unit area is situated, at those persons' ~~last known~~ *last-known* addresses, of the applicant's intention to make the application.

(b) At least 60 days prior to application, if the application is for a carbon dioxide storage reservoir, the applicant shall, by registered or certified mail, notify all persons with an ownership interest in the surface, subsurface storage rights, and the subsurface minerals within the proposed unit area as disclosed by the records of the county or counties where the proposed unit area is situated, at those persons' last-known addresses, of the applicant's intention to make the application.

(c) At the same time producers ~~shall~~ *must* be furnished with a plan of unit operations. Upon written request of an operator of a lease ~~which~~ *that* is in whole or in part within the confines of the proposed delineated area, the applicant shall furnish the operator with copies of any exhibits to be submitted to the board at the time of hearing."

Section 25. Section 82-11-205, MCA, is amended to read:

"82-11-205. Board order for unit operation — criteria. The board shall make an order providing for the unit operation of a pool or pools or part ~~thereof~~ *of the pools or of a geologic storage reservoir* if it determines, based on evidence presented at the hearing, that:

(1) ~~such~~ *the* operation is reasonably necessary to increase the ultimate recovery of oil or gas *or the operation is necessary for the long-term storage of carbon dioxide*;

(2) the value of the estimated additional recovery of oil or gas less royalties or, as to gas pools only, the value of the economies to be effected, exceeds the estimated additional cost incident to conducting ~~such~~ *the* operations; and

(3) *(a)* the full areal extent of the pool or pools or part ~~thereof~~ *of the pools* has been reasonably defined and determined by drilling operations*; or*

(b) in the case of a geologic storage reservoir, the full areal extent of the project has been reasonably defined and determined by drilling operations, geologic interpretation, seismic information, or other information acceptable to the board."

Section 26. Section 82-11-214, MCA, is amended to read:

"82-11-214. Title to oil and gas rights not affected by board order. Except to the extent that the parties affected ~~so~~ agree *and in accordance with [section 4(8)]*, an order providing for unit operations does not result in a transfer of all or any part of the title of any person to the *carbon dioxide rights or* oil and gas rights in any tract in the unit area. All property, whether real or personal, that may be acquired in the conduct of unit operations ~~hereunder shall~~ *under this part must* be acquired for the account of the owners within the unit area and ~~shall be~~ *are* the property of those owners in the proportion that the expenses of unit operations are charged."

Section 27. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

Section 28. Codification instruction. [Sections 1 through 6] are intended to be codified as an integral part of Title 82, chapter 11, part 1, and the provisions of Title 82, chapter 11, part 1, apply to [sections 1 through 6].

Section 29. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 30. Transition — contingent implementation. If the United States environmental protection agency adopts regulations allowing states to apply for primacy over carbon dioxide sequestration wells under the federal underground injection control program adopted by the environmental protection agency, the board of oil and gas conservation shall in consultation with the department of environmental quality and the department of natural resources and conservation develop draft rules to implement [this act] and seek primacy.

Section 31. Effective dates — contingency. (1) [Sections 2 through 26] are effective on the date that the board of oil and gas conservation is granted primacy to administer activities at carbon dioxide sequestration wells by the United States environmental protection agency.

(2) [Sections 1 and 27 through 30 and this section] are effective on passage and approval.

(3) The board of oil and gas conservation shall provide a copy of the grant of primacy provided for in subsection (1) to the code commissioner.

CHAPTER NO. 475

[SB 507]

AN ACT GENERALLY REVISING AND CLARIFYING LAWS RELATED TO THE TREATMENT OF PROPERTY CONSISTING OF THE BED OF NAVIGABLE RIVERS; REQUIRING AUTHORIZATION FROM THE BOARD OF LAND COMMISSIONERS FOR USES ON THE BEDS OF NAVIGABLE RIVERS; REQUIRING THE BOARD OF LAND COMMISSIONERS TO ADOPT RULES FOR PROVIDING EASEMENTS, LEASES, OR LICENSES FOR USES ON THE BEDS OF NAVIGABLE RIVERS; CLARIFYING THE AUTHORITY OF THE BOARD OF LAND COMMISSIONERS TO GRANT EASEMENTS; AND AMENDING SECTION 77-2-101, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative findings — purpose. (1) The legislature finds that:

(a) Article IX, section 3, of the Montana constitution provides that the use of all water that is or may be appropriated for sale, rent, distribution, or other beneficial use, the right-of-way over the lands of others for all ditches, drains, flumes, canals, and aqueducts necessarily used in connection with the beneficial use, and the sites for reservoirs necessary for collecting and storing water are a public use;

(b) a person who has historically used the bed of a navigable river in conjunction with a legal use of water or for other uses or a person who desires to use the bed of a navigable river in conjunction with a legal use of water or for other uses must be able to do so provided that statutory provisions are met;

(c) owners of property adjacent to navigable rivers in Montana have historically been assessed property taxes on the beds of navigable rivers on the premise that the riverbeds are the property of the adjacent property owners;

(d) the historic payment of property taxes on the bed of a navigable river constitutes adequate compensation for any past use of the riverbed and relieves the owner of adjacent property of the duty to compensate the state for past use of the riverbed;

(e) any person who uses the bed of a navigable river after [the effective date of this act] shall apply to the state for a lease, license, or easement and pay full market value for the use of the riverbed; and

(f) the department has not consistently required payment for riverbed uses over time.

(2) The purpose of [sections 1 through 8] is to clarify the historic and future use of the beds of navigable rivers and how the state should be compensated for that use.

Section 2. Definitions. For the purposes of [sections 1 through 8], the following definitions apply:

(1) "Footprint" means a structure or other constructed interruption or modification to the bed of a navigable river below the low-water mark as provided in 70-16-201.

(2) "Full market value" means an amount calculated based upon the area of a footprint and the fair market value as determined by rule or statute. The annual payment for a license issued under [sections 1 through 8] is $150.

(3) "Navigable river" means a river that:

(a) was determined navigable at the time of the original federal government surveys of the public land as evidenced by the recorded and monumented surveys of the meander lines of the river; or

(b) has been adjudicated as navigable by a court of competent jurisdiction.

Section 3. Historic use of navigable riverbeds — authorization required — exemptions. (1) A person using the bed of a navigable river below the low-water mark without written authorization from the department prior to [the effective date of this act] who wants to continue use of the bed of a navigable river after [the effective date of this act] shall file for authorization of the use on a form prescribed by the department for a lease, license, or easement by July 15, 2015.

(2) The application must include:

(a) an application fee of $50;

(b) a notarized affidavit:

(i) demonstrating that the applicant or the applicant's predecessor in interest used the bed of a river that has been determined navigable pursuant to [section 8] and that the use continues;

(ii) describing the acreage covered by the footprint prior to [the effective date of this act]; and

(iii) demonstrating that the use applied for under this section is the use shown in the evidence provided in subsection (2)(c); and

(c) (i) aerial photographs demonstrating the use to which the application for authorization applies; or

(ii) other evidence of the use to which the application for authorization applies.

(3) The department shall issue the authorization for a lease, license, or easement if:

(a) the applicant provides evidence to satisfy the requirements of subsection (2);

(b) the applicant pays the application fee and the full market value of the footprint acreage;

(c) the department has, if necessary, made a site inspection of the use to which the application for authorization applies;

(d) the authorization is only for the acreage of the footprint historically used by the applicant or the applicant's predecessor in interest; and

(e) the authorization is approved by the board. The authorization must be approved if the requirements of this section are met.

(4) Proceeds from the application fee must be deposited in the account in [section 4] and must be used by the department to administer the provisions of this section.

(5) The full market value collected pursuant to subsection (3)(b) must be deposited in the appropriate trust fund established for receipt of income from the land over which an authorized use is granted.

(6) Issuance of an authorization pursuant to this section is exempt from the requirements of Title 22, chapter 3, part 4, and Title 75, chapter 1, parts 1 and 2.

(7) The department shall waive the survey requirements of 77-2-102 if the department determines that there is sufficient information available to define the boundaries of the proposed use for the purposes of recording the easement or issuing a license or lease.

(8) The requirements of this section do not apply to footprints:

(a) related to hunting, fishing, or trapping;

(b) that existed prior to November 8, 1889;

(c) for which the applicant can show an easement obtained from a state agency prior to [the effective date of this act]; or

(d) associated with a power site regulated pursuant to Title 77, chapter 4, part 2.

Section 4. Historic riverbed use account. (1) There is an account in the state special revenue fund into which the fees collected pursuant to [section 3] must be deposited.

(2) The funds in the account may be used only for administering the provisions of [section 3].

Section 5. Navigable riverbed uses — lease, license, or easement required — challenges. (1) (a) After [the effective date of this act], the department shall require a person who proposes to use the bed of a navigable river up to the low-water mark to obtain a lease, license, or easement pursuant to the provisions of this title.

(b) The requirements of subsection (1)(a) do not apply to footprints related to hunting, fishing, or trapping.

(2) An applicant for authorization to use the bed of a navigable river pursuant to [section 3] or for a lease, license, or easement under this section may challenge the requirement of the authorization based on the navigability of the

river, the location of footprint related to the low-water mark, or other factors. There is no presumption of navigability because an entity has applied for or received a lease, license, or easement.

Section 6. Easement transferable — relocation of structure — increased footprint. (1) An easement granted pursuant to [section 3 or 5] runs with the benefited land and may be transferred or assigned.

(2) (a) Pursuant to rules adopted under [section 7], the holder of a lease, license, or easement under [section 3 or 5] may relocate a footprint and associated facilities due to the natural relocation of a navigable river or other factors.

(b) (i) The holder of a lease, license, or easement shall provide written notice to the department when a footprint or associated facilities are proposed to be relocated.

(ii) The holder of a lease, license, or easement for water diversion structures associated with a water right may increase the size of the footprint if the increase is necessary to accomplish the purpose for which the lease, license, or easement was granted if the holder pays full market value for the portion of the footprint that is greater than the original footprint and the applicant has the appropriate state or federal permits.

(3) Section 77-1-805 applies to the use of navigable rivers for which leases, licenses, or easements for the use of the bed have been granted.

Section 7. Board to adopt rules. To fulfill the requirement of [sections 1 through 8], the board shall adopt rules to:

(1) determine the full market value for the use of a bed of a navigable river and establish a minimum payment for leases and easements;

(2) allow an applicant to choose to apply for a lease, license, or easement depending on the type of proposed use and the duration of the use; and

(3) allow the holder of a lease, license, or easement for water diversion structures associated with a water right to relocate a footprint based on certain circumstances, including but not limited to natural relocation of a navigable river.

Section 8. Ownership of beds of navigable rivers. The board or the department may only require a lease, license, or easement for the use of the bed of a river that has been adjudicated as navigable for title purposes by a court of competent jurisdiction or was meandered by official government survey at the time of statehood.

Section 9. Section 77-2-101, MCA, is amended to read:

"77-2-101. Easements for specific uses. (1) Upon proper application as provided in 77-2-102, the board may grant easements on state lands for the following purposes:

(a) schoolhouse sites and grounds;

(b) public parks;

(c) community buildings;

(d) cemeteries;

(e) conservation purposes:

(i) to the department of fish, wildlife, and parks for parcels that are surrounded by or adjacent to land owned by the department of fish, wildlife, and parks as of January 1, 2001;

(ii) to a nonprofit corporation for parcels that are surrounded by or adjacent to land owned by that same nonprofit corporation as of January 1, 2001; and

(iii) to a nonprofit corporation for the Owen Sowerwine natural area located within section 16, township 28 north, range 21 west, in Flathead County; and

(f) for other public uses.

(2) The board may grant easements on state lands for the following purposes:

(a) right-of-way across or upon any portion of state lands for any public highway or street, any ditch, reservoir, railroad, private road, or telegraph or telephone line, or any other public use as defined in 70-30-102; ~~or~~

(b) any private building or private sewage system that encroaches on state lands*; or*

(c) the use of the bed of a navigable river pursuant to [section 3 or 5]."

Section 10. Codification instruction. [Sections 1 through 8] are intended to be codified as an integral part of Title 77, chapter 1, and the provisions of Title 77, chapter 1, apply to [sections 1 through 8].

Section 11. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 12. Contingent voidness. If the supreme court determines that the beds of navigable rivers are not owned by the state or are not school trust lands, [this act] is void.

CHAPTER NO. 476

[SB 510]

AN ACT AUTHORIZING A BOARD OF COUNTY COMMISSIONERS TO AUTHORIZE A 50 PERCENT LOCAL ABATEMENT OF THE COAL GROSS PROCEEDS TAX FROM A NEW OR EXPANDING UNDERGROUND COAL MINE; PROVIDING THAT THE ABATEMENT CAN LAST FOR 5 OR 10 YEARS; REQUIRING NOTIFICATION OF ALL AFFECTED SCHOOL DISTRICTS; PROVIDING FOR THE DISTRIBUTION OF THE REDUCED TAX COLLECTIONS; AMENDING SECTION 15-23-703, MCA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. New or expanding underground mines — tax abatement. (1) A county may abate taxation under this chapter for production from a new or expanding underground coal mine by 50% for 5 or 10 years by directing the department to levy the tax at a lower tax rate as provided in 15-23-703(1)(b).

(2) An abatement must be authorized by the governing body of a county. Before an abatement authorization is effective, the school boards of all affected school districts must be notified of the abatement. The authorization must be made by a resolution of the county governing body after a public hearing. The county governing body shall publish notice of the hearing in a newspaper that meets the requirements of 7-1-2121. The notice must be published twice, with at least 6 days separating publications. The first publication may be no more than

30 days prior to the hearing and the last publication must be at least 3 days prior to the hearing.

(3) An abatement authorization may be made for a 5-tax-year period, and upon expiration of that period, it may be authorized for one more 5-tax-year period. An abatement authorization must be made prior to the beginning of the property tax year in which abatement is in effect. The department must be notified of each abatement authorization prior to the beginning of the tax year.

(4) (a) Production from a new underground mine is all production from a mine that in the year prior to the tax year in which the first abatement will apply had production of less than 500,000 tons of coal and the production during the course of the abatement period is estimated to be and actually amounts to at least five times the preabatement production amount.

(b) Production from an expanding underground mine is that portion of the mine's production that exceeds the average production for the previous 3 years. To qualify for the abatement, the total of the prior average production and the new production may not decrease during the time of the abatement.

Section 2. Section 15-23-703, MCA, is amended to read:

"15-23-703. Taxation of gross proceeds — taxable value for county classification and guaranteed tax base aid to schools. (1) *(a)* The department shall compute from the reported gross proceeds from coal a tax roll that must be transmitted to the county treasurer on or before September 15 each year. The department may not levy or assess any mills against the reported gross proceeds of coal but shall*, subject to subsection (1)(b),* levy a tax ~~of 5%~~ *of 5%* against the value of the reported gross proceeds as provided in 15-23-701(1)(d). The county treasurer shall give full notice to each coal producer of the taxes due and shall collect the taxes.

(b) If the county grants a tax abatement for production from a new or expanding underground mine as provided in [section 1], the department shall levy a tax at a rate that would, after providing for payment to the state of the amount attributable to all applicable state mill levies as if the tax rate were 5%, reduce the tax received by county taxing jurisdictions and any school district on the new or expanded production by 50%.

(2) For county classification and all nontax purposes, the taxable value of the gross proceeds of coal is 45% of the contract sales price as defined in 15-35-102.

(3) Except as provided in ~~subsection~~ *subsections* (6) *and (7)*, the county treasurer shall calculate and distribute to the state, county, and eligible school districts in the county the amount of the coal gross proceeds tax, determined by multiplying the unit value calculated in 15-23-705 times the tons of coal extracted, treated, and sold on which the coal gross proceeds tax was owed during the preceding calendar year.

(4) Except as provided in subsections (5), (6), *(7),* and ~~(8)~~ *(9)*, the county treasurer shall credit the amount determined under subsection (3) and the amounts received under 15-23-706:

(a) to the state and to the counties that levied mills in fiscal year 1990 against 1988 production in the relative proportions required by the levies for state and county purposes in the same manner as property taxes were distributed in fiscal year 1990 in the taxing jurisdiction; and

(b) to school districts in the county that either levied mills in school fiscal year 1990 against 1988 production or used nontax revenue, such as impact aid

money, as provided in 20 U.S.C. 7701, et seq., in lieu of levying mills against production, in the same manner that property taxes collected or property taxes that would have been collected would have been distributed in the 1990 school fiscal year in the school district.

(5) (a) If the total tax liability in a taxing jurisdiction exceeds the amount determined in subsection (3), the county treasurer shall, immediately following the distribution from taxes paid on May 31 of each year, send the excess revenue, excluding any protested coal gross proceeds tax revenue, to the department for redistribution as provided in 15-23-706.

(b) If the total tax liability in a taxing jurisdiction is less than the amount determined in subsection (3), the taxing jurisdiction is entitled to a redistribution as provided by 15-23-706.

(6) If there is a distribution of coal gross proceeds from a new or expanding underground mine with a tax abatement as provided under [section 1], the county treasurer shall distribute:

(a) the state's share of the coal gross proceeds determined under subsection (1)(b) in the relative proportion required by the appropriate levies for state purposes; and

(b) the county's share and any school district's share of the coal gross proceeds determined under subsection (1)(b) as provided in this section.

~~(6)~~*(7)* The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds taxes that would have gone to a taxing unit, as provided in subsection (4)(a), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

(a) The county treasurer shall first allocate the coal gross proceeds taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in fiscal year 1990.

(b) If the allocation in subsection ~~(6)(a)~~ *(7)(a)* exceeds the total budget for a taxing unit, the commissioners may direct the county treasurer to allocate the excess to any taxing unit within the county.

~~(7)~~*(8)* The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county treasurer under the following conditions:

(a) The district shall first allocate the coal gross proceeds taxes to the budgeted funds of the district in the same proportion that all other property tax proceeds were distributed in the district in fiscal year 1990.

(b) If the allocation under subsection ~~(7)(a)~~ *(8)(a)* exceeds the total budget for a fund, the trustees may allocate the excess to any budgeted fund of the school district.

~~(8)~~*(9)* The county treasurer shall credit all taxes collected under this part from coal mines that began production after December 31, 1988, in the relative proportions required by the levies for state, county, and school district purposes in the same manner as property taxes were distributed in the previous fiscal year."

Section 3. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 15, chapter 23, part 7, and the provisions of Title 15, chapter 23, part 7, apply to [section 1].

Section 4. Coordination instruction. If House Bill No. 588 and [this act] are both passed and approved and if both contain a section amending 15-23-703, then the sections amending 15-23-703 are void and 15-23-703 must be amended as follows:

"15-23-703. Taxation of gross proceeds — taxable value for county classification and ~~guaranteed tax base aid to schools~~ *nontax purposes*. (1) *(a)* The department shall compute from the reported *value of coal* gross proceeds ~~from coal~~ a tax roll that must be transmitted to the county treasurer on or before September 15 *of* each year. (b) If the county grants a tax abatement for production from a new or expanding underground mine as provided in [section 1], the department shall levy a tax at a rate that would, after providing for payment to the state of the amount attributable to all applicable state mill levies as if the tax rate were 5%, reduce the tax received by county taxing jurisdictions and any school district on the new or expanded production by 50%.

(2) For county classification and all nontax purposes, the taxable value of the gross proceeds of coal is 45% of the contract sales price as defined in 15-35-102.

~~(3) Except as provided in subsection (6), the county treasurer shall calculate and distribute to the state, county, and eligible school districts in the county the amount of the coal gross proceeds tax, determined by multiplying the unit value calculated in 15-23-705 times the tons of coal extracted, treated, and sold on which the coal gross proceeds tax was owed during the preceding calendar year.~~

~~(5) (a) If the total tax liability in a taxing jurisdiction exceeds the amount determined in subsection (3), the county treasurer shall, immediately following the distribution from taxes paid on May 31 of each year, send the excess revenue, excluding any protested coal gross proceeds tax revenue, to the department for redistribution as provided in 15-23-706.~~

~~(b) If the total tax liability in a taxing jurisdiction is less than the amount determined in subsection (3), the taxing jurisdiction is entitled to a redistribution as provided by 15-23-706.~~

(3) (a) Except as provided in subsections (4) and (7) and subject to subsection (3)(b), coal gross proceeds taxes must be allocated to the state, county, and school

districts in the same relative proportions as the taxes were distributed in fiscal year 1990.

(b) The county treasurer shall multiply the coal gross proceeds taxes collected in the county under this part by the relative proportions determined for the state, county, and school districts under subsection (3)(a). Those amounts must be distributed as follows:

(i) the state share must be distributed in the relative proportions required by levies for state purposes in the same manner as property taxes were distributed in fiscal year 1990;

(ii) except as provided in subsection (5), the county share must be distributed in the relative proportions required by levies for county purposes, other than an elementary school or high school, in the same manner as property taxes were distributed in the previous fiscal year;

(iii) except as provided in subsection (6), the school districts' share must be distributed in the relative proportions required by levies for school district purposes in the same manner as property taxes were distributed in the previous fiscal year.

(4) If there is a distribution of coal gross proceeds from a new or expanding underground mine with a tax abatement as provided under [section 1], the county treasurer shall distribute:

(a) the state's share of the coal gross proceeds determined under subsection (1)(b) in the relative proportion required by the appropriate levies for state purposes; and

(b) the county's share and any school district's share of the coal gross proceeds determined under subsection (1)(b) as provided in this section.

~~(6)~~*(5)* The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds taxes that would have gone to a taxing unit, as provided in subsection ~~(4)(a)~~ *(3)(b)(i)*, to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

(a) The county treasurer shall first allocate the coal gross proceeds taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in *the previous* fiscal year ~~1990~~.

(3) The department of administration may transfer appropriations and authority, as appropriate, between projects in [section 2 or 6] to maximize utilization of the federal funds received pursuant to the American Recovery and Reinvestment Act of 2009, Public Law 111-5.

Section 8. Reappropriation of remaining balance to Montana tech. (1) Any portion of the Augment Petroleum, Bureau of Mines and Geology, UM-MT Tech project appropriation of $5.2 million of long-range building program (LRBP) funds appropriated in section 2, Chapter 3, Special Laws of May 2007, that is unexpended for the project is reappropriated for the following projects:

Mining and Geology Building, HVAC Upgrade, UM-MT Tech	$530,000
Health Sciences Building, ADA Accessible Bathrooms on Floors 1 and 2 and Elevator, UM-MT Tech	$1,930,000
Evaluation of Main Hall Structure, UM-MT Tech	$40,000

(2) There are no additional operations and maintenance costs associated with the new projects, and energy upgrades will offset the costs of operating the new elevator.

Section 9. Planning and design. The department of administration may proceed with the planning and design of capital projects prior to the receipt of other funding sources. The department may use interaccount loans in accordance with 17-2-107 to pay planning and design costs incurred before the receipt of funds from other funding sources.

Section 10. Capital projects — contingent funds. If a capital project is financed, in whole or in part, with appropriations contingent upon the receipt of funds from other funding sources, the department of administration may not let the project for bid until the agency has submitted a financial plan for approval by the director of the department of administration. A financial plan may not be approved by the director if:

(1) the level of funding provided under the financial plan deviates substantially from the funding level provided in [sections 2 through 5] for that project; or

(2) the scope of the project is substantially altered or revised from the preliminary plans presented for that project in the 2011 biennium long-range building program presented to the 61st legislature.

Section 11. Review by department of environmental quality. The department of environmental quality shall review capital projects authorized in [sections 2 through 7] for potential inclusion in the state building energy conservation program under Title 90, chapter 4, part 6. When a review shows that a capital project will result in energy improvements, that project must be submitted to the energy conservation program for funding consideration. Funding provided under the energy conservation program guidelines must be used to offset or add to the authorized funding for the project, and the amount will be dependent on the annual utility savings resulting from the facility improvement. Agencies must be notified of potential funding after the review.

Section 12. Legislative consent. The appropriations authorized in [sections 1 through 11] constitute legislative consent for the capital projects contained in [sections 1 through 11] within the meaning of 18-2-102.

Section 13. Section 17-7-111, MCA, is amended to read:

"17-7-111. Preparation of state budget — agency program budgets — form distribution and contents. (1) (a) To prepare a state budget, the executive branch, the legislature, and the citizens of the state need information that is consistent and accurate. Necessary information includes detailed disbursements by fund type for each agency and program for the appropriate time period, recommendations for creating a balanced budget, and recommended disbursements and estimated receipts by fund type and fund category.

(b) Subject to the requirements of this chapter, the budget director and the legislative fiscal analyst shall by agreement:

(i) establish necessary standards, formats, and other matters necessary to share information between the agencies and to ensure that information is consistent and accurate for the preparation of the state's budget; and

(ii) provide for the collection and provision of budgetary and financial information that is in addition to or different from the information otherwise required to be provided pursuant to this section.

(2) In the preparation of a state budget, the budget director shall, not later than the date specified in 17-7-112(1), distribute to all agencies the proper forms and instructions necessary for the preparation of budget estimates by the budget director. These forms must be prescribed by the budget director to procure the information required by subsection (3). The forms must be submitted to the budget director by the date provided in 17-7-112(2)(a) or the agency's budget is subject to preparation based upon estimates as provided in 17-7-112(5). The budget director may refuse to accept forms that do not comply with the provisions of this section or the instructions given for completing the forms.

(3) The agency budget request must set forth a balanced financial plan for the agency completing the forms for each fiscal year of the ensuing biennium. The plan must consist of:

(a) a consolidated agency budget summary of funds subject to appropriation or enterprise funds that transfer profits to the general fund or to an account subject to appropriation for the current base budget expenditures, including statutory appropriations, and for each present law adjustment and new proposal request setting forth the aggregate figures of the full-time equivalent personnel positions (FTE) and the budget, showing a balance between the total proposed disbursements and the total anticipated receipts, together with the other means of financing the budget for each fiscal year of the ensuing biennium, contrasted with the corresponding figures for the last-completed fiscal year and the fiscal year in progress;

(b) a schedule of the actual and projected receipts, disbursements, and solvency of each fund for the current biennium and estimated for the subsequent biennium;

(c) a statement of the agency mission and a statement of goals and objectives for each program of the agency. The goals and objectives must include, in a concise form, sufficient specific information and quantifiable information to enable the legislature to formulate an appropriations policy regarding the agency and its programs and to allow a determination, at some future date, on whether the agency has succeeded in attaining its goals and objectives.

(d) actual FTE and disbursements for the completed fiscal year of the current biennium, estimated FTE and disbursements for the current fiscal year, and the agency's request for the ensuing biennium, by program;

(e) actual disbursements for the completed fiscal year of the current biennium, estimated disbursements for the current fiscal year, and the agency's recommendations for the ensuing biennium, by disbursement category;

(f) for only agencies with more than 20 FTE, a plan to reduce the proposed base budget for the general appropriations act and the proposed state pay plan to 95% of the current base budget or lower if directed by the budget director. Each agency plan must include base budget reductions that reflect the required percentage reduction by fund type for the general fund and state special revenue fund types. Exempt from the calculations of the 5% target amounts are legislative audit costs, administratively attached entities that hire their own staff under 2-15-121, and state special revenue accounts that do not transfer their investment earnings or fund balances to the general fund. The plan must include:

(i) a prioritized list of services that would be eliminated or reduced;

(ii) for each service included in the prioritized list, the savings that would result from the elimination or reduction; and

(iii) the consequences or impacts of the proposed elimination or reduction of each service.

(g) a reference for each new information technology proposal stating whether the new proposal is included in the approved agency information technology plan as required in 2-17-523; ~~and~~

(h) energy cost saving information as required by [section 17]; and

~~(h)~~*(i)* other information the budget director feels is necessary for the preparation of a budget.

(4) The budget director shall prepare and submit to the legislative fiscal analyst in accordance with 17-7-112:

(a) detailed recommendations for the state long-range building program. Each recommendation must be presented by institution, agency, or branch, by funding source, with a description of each proposed project.

(b) a statewide project budget summary as provided in 2-17-526;

(c) the proposed pay plan schedule for all executive branch employees at the program level by fund, with the specific cost and funding recommendations for each agency. Submission of a pay plan schedule under this subsection is not an unfair labor practice under 39-31-401.

(d) agency proposals for the use of cultural and aesthetic project grants under Title 22, chapter 2, part 3, the renewable resource grant and loan program under Title 85, chapter 1, part 6, the reclamation and development grants program under Title 90, chapter 2, part 11, and the treasure state endowment program under Title 90, chapter 6, part 7.

(5) The board of regents shall submit, with its budget request for each university unit in accordance with 17-7-112, a report on the university system bonded indebtedness and related finances as provided in this subsection (5). The report must include the following information for each year of the biennium, contrasted with the same information for the last-completed fiscal year and the fiscal year in progress:

(a) a schedule of estimated total bonded indebtedness for each university unit by bond indenture;

(b) a schedule of estimated revenue, expenditures, and fund balances by fiscal year for each outstanding bond indenture, clearly delineating the accounts relating to each indenture and the minimum legal funding requirements for each bond indenture; and

(c) a schedule showing the total funds available from each bond indenture and its associated accounts, with a list of commitments and planned expenditures from such accounts, itemized by revenue source and project for each year of the current and ensuing bienniums.

(6) (a) The department of revenue shall make Montana individual income tax information available by removing names, addresses, and social security numbers and substituting in their place a state accounting record identifier number. Except for the purposes of complying with federal law, the department may not alter the data in any other way.

(b) The department of revenue shall provide the name and address of a taxpayer on written request of the budget director when the values on the requested return, including estimated payments, are considered necessary by the budget director to properly analyze state revenue and are of a sufficient magnitude to materially affect the analysis and when the identity of the

taxpayer is necessary to evaluate the effect of the return or payments on the analysis being performed."

Section 14. Section 17-7-123, MCA, is amended to read:

"17-7-123. Form of executive budget. (1) The budget submitted must set forth a balanced financial plan for funds subject to appropriation and enterprise funds that transfer profits to the general fund or to accounts subject to appropriation for each accounting entity and for the state government for each fiscal year of the ensuing biennium. The base level plan must consist of:

(a) a consolidated budget summary setting forth the aggregate figures of the budget in a manner that shows a balance between the total proposed disbursements and the total anticipated receipts, together with the other means of financing the budget for each fiscal year of the ensuing biennium, contrasted with the corresponding figures for the last-completed fiscal year and the fiscal year in progress. The consolidated budget summary must be supported by explanatory schedules or statements.

(b) budget and full-time equivalent personnel position comparisons by agency, program, and appropriated funds for the current and subsequent biennium;

(c) the departmental mission and a statement of goals and objectives for the department;

(e) a statement containing recommendations of the governor for the ensuing biennium by program and disbursement category, including:

(i) explanations of appropriation and revenue measures included in the budget that involve policy changes;

(ii) matters not included as a part of the budget bill but included as a part of the executive budget, such as the state employee pay plan, programs funded through separate appropriations measures, and other matters considered necessary for comprehensive public and legislative consideration of the state budget; and

(iii) a summary of budget requests that include proposed expenditures on information technology resources. The summary must include funding, program references, and a decision package reference;

(f) a report on:

(i) enterprise funds not subject to the requirements of subsections (1)(a) through (1)(e), including retained earnings and contributed capital, projected operations and charges, and projected fund balances; and

(ii) fees and charges in the internal service fund type, including changes in the level of fees and charges, projected use of the fees and charges, and projected fund balances. Fees and charges in the internal service fund type must be approved by the legislature in the general appropriations act. Fees and charges in a biennium may not exceed the level approved by the legislature in the general appropriations act effective for that biennium.

(g) energy cost saving information as required by [section 17] and energy conservation program information as required by 90-4-606; and

~~(g)~~*(h)* any other financial or budgetary material agreed to by the budget director and the legislative fiscal analyst.

(2) The statement of departmental goals and objectives and the schedule for each fund required in 17-7-111(3)(b) of the executive budget are not required to be printed but must be available in the office of budget and program planning and on the internet."

CHAPTER NO. 479

[HB 130]

AN ACT PROVIDING FOR STATE MATCHING FUNDS TO BE GRANTED TO COUNTIES FOR CRISIS INTERVENTION, JAIL DIVERSION, INVOLUNTARY PRECOMMITMENT, AND SHORT-TERM INPATIENT TREATMENT COSTS FOR THE MENTALLY ILL; REQUIRING RULEMAKING; PROVIDING IMPLEMENTATION INSTRUCTIONS; REQUIRING A REPORT; AND PROVIDING EFFECTIVE DATES.

WHEREAS, the 2007 Legislature passed House Joint Resolution No. 26, requesting an interim legislative study to examine diversion of mentally ill adults from the justice system, and House Joint Resolution No. 50, requesting a study to examine county precommitment costs related to involuntary commitment proceedings; and

WHEREAS, these studies were assigned to the Law and Justice Interim Committee; and

WHEREAS, after 14 months of testimony and examination of data and information from all stakeholders, the Law and Justice Interim Committee identified crisis intervention and jail diversion to be the most critical need and the most effective way to divert mentally ill individuals from the criminal justice system and recommends this bill as part of a package of bills to address this need; and

WHEREAS, the lack of local crisis intervention and jail diversion alternatives means counties must rely on the Montana State Hospital for emergency and court-ordered detention and evaluation, which increases county costs, strains the Montana State Hospital, and diverts resources from community-based services; and

WHEREAS, sections 53-21-138 and 53-21-139, MCA, originally enacted by the 1991 Legislature, provide a solid statutory framework for diversion of mentally ill adults from the justice system but do not provide state funding; and

WHEREAS, state matching funds granted to counties based on certain criteria, including the commitment of county and other local funds, is an appropriate way to share costs and provide incentives for local resources to be spent on community-based treatment capacity rather than on jail capacity or on transportation to and capacity in the Montana State Hospital; and

WHEREAS, crisis intervention team training and collaboration between local law enforcement officers, mental health professionals, and private corporations can offer creative solutions that should be encouraged and sustained; and

WHEREAS, counties should be encouraged to participate in a county self-insurance pool to help pay for unpredictable and sometimes financially catastrophic precommitment costs.

Be it enacted by the Legislature of the State of Montana:

Section 1. State matching fund grants for county crisis intervention, jail diversion, precommitment, and short-term inpatient

treatment costs. (1) As soon as possible after July 1 of each year, from funds appropriated by the legislature for the purposes of this section, the department shall grant to each eligible county state matching funds for:

(a) jail diversion and crisis intervention services to implement 53-21-138 and 53-21-139;

(b) insurance coverage against catastrophic precommitment costs, if a county insurance pool is established pursuant to 2-9-211; and

(c) short-term inpatient treatment.

(2) Grant amounts must be based on available funding and the prospects that a county or multicounty plan submitted pursuant to subsection (3) will, if implemented, reduce admissions to the state hospital for emergency and court-ordered detention and evaluation and ultimately result in cost savings to the state. The department shall develop a sliding scale for state grants based upon the historical county use of the state hospital with a high-use county receiving a lower percentage of matching funds. The sliding scale must be based upon the number of commitments by county compared to total commitments and upon the population of each county compared to the state population.

(3) In order to be eligible for the state matching funds, a county shall, in the time and manner prescribed by the department:

CHAPTER NO. 480

[HB 131]

AN ACT REQUIRING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES TO CONTRACT FOR CRISIS BEDS AND EMERGENCY AND COURT-ORDERED DETENTION BEDS FOR THE MENTALLY ILL; REQUIRING RULEMAKING; PROVIDING TARGET IMPLEMENTATION DATES; REQUIRING A REPORT; AND PROVIDING EFFECTIVE DATES.

WHEREAS, the 2007 Legislature passed House Joint Resolution No. 26, requesting an interim legislative study to examine diversion of mentally ill adults from the justice system, and House Joint Resolution No. 50, requesting an interim legislative study to examine county precommitment costs related to involuntary commitment proceedings; and

WHEREAS, these studies were assigned to the Law and Justice Interim Committee; and

WHEREAS, this bill is one in a package of bills recommended by the Law and Justice Interim Committee to address diversion of mentally ill adults from the justice system to appropriate treatment; and

WHEREAS, the Law and Justice Interim Committee found that one of the biggest challenges to diverting mentally ill individuals from the justice system is a lack of community-based mental health treatment beds; and

WHEREAS, 63% of admissions to the Montana State Hospital, whose daily census routinely exceeds its licensed capacity of 189, are for emergency and court-ordered detention and evaluation; and

WHEREAS, 38% of emergency and court-ordered admissions to the Montana State Hospital do not result in commitments; and

WHEREAS, it is preferable for these psychiatric services to be provided locally and without fiscal pressure driving treatment decisions or decisions about whether to file an involuntary commitment petition; and

WHEREAS, the costs for local hospitals to provide psychiatric treatment services is very high and counties help pay some of these costs only after an involuntary commitment petition has been filed and only in an amount that would have been paid by a public assistance program; and

WHEREAS, these high unrecoverable costs can deter hospitals from providing community-based psychiatric treatment beds; and

WHEREAS, current involuntary commitment laws and funding mechanisms create tensions between mental health professionals concerned

about the medical necessity for treatment, hospitals concerned that county funding is available only after an involuntary commitment petition is filed, county attorneys concerned that medical necessity is not necessarily legal sufficiency for an involuntary commitment petition, and county commissioners concerned about county costs after a commitment petition is filed; and

WHEREAS, some mental health facilities may be able to provide inpatient psychiatric services at lower cost by providing services in a nonhospital mental health facility or through a telepsychiatry linkage with a psychiatric unit at a community hospital or with the Montana State Hospital; and

WHEREAS, by contracting with private providers for dedicated local or regional psychiatric treatment beds at rates that would help subsidize county funding and reduce the risks to private providers, the state can become a partner in fostering creative local solutions that reduce emergency admissions to the Montana State Hospital.

Be it enacted by the Legislature of the State of Montana:

Section 1. Department to contract for detention beds — rulemaking. (1) To the extent funding is appropriated for the purposes of this section, for each service area, as defined in 53-21-1001, the department shall contract with a mental health facility for psychiatric treatment beds that may be used for:

(a) inpatient crisis intervention services needed prior to an involuntary commitment petition being filed; and

(b) emergency detention under 53-21-129 and court-ordered detention under 53-21-124 after an involuntary commitment petition has been filed but before final disposition.

(2) Contracting pursuant to this section must take into consideration county strategic plans developed pursuant to 53-21-138 and 53-21-139 and local need for precommitment and short-term inpatient treatment services.

(3) Each contract must provide that for payment of costs for detention, evaluation, and treatment pursuant to subsection (1), the facility shall bill for payment of costs in the order of priority provided for under 53-21-132(2)(a).

(4) Each contract must require the collection and reporting of fiscal and program data in the time and manner prescribed by the department to support program evaluation and measure progress on performance objectives. The department shall establish baseline data on emergency and court-ordered detention admissions to the state hospital from each county and analyze the effect of contracting under this section on state hospital admissions.

(5) The department shall adopt rules to implement this section.

Section 2. Implementation — report. (1) The provisions of [section 1] may be implemented in phases. However, it is the legislature's intent that contracted beds be operational in at least one service area by no later than July 1, 2010, and that full implementation be completed by no later than July 1, 2011.

(2) Upon request, the department shall report to the law and justice interim committee established in 5-5-226 on the implementation status of contracting under [section 1].

Section 3. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 53, chapter 21, and the provisions of Title 53, chapter 21, apply to [section 1].

Section 4. Coordination instruction. If both House Bill No. 645 and [this act] are passed and approved and if House Bill No. 645 does not include line item funding for a community mental health crisis services demonstration project for the purposes of [this act], then [this act] is void.

Section 5. Effective dates. (1) Except as provided in subsection (2), [this act] is effective July 1, 2009.

(2) [Sections 1(5) and 4 and this section] are effective on passage and approval.

For the purposes of this subsection (1)(c), net business income is gross income less ordinary operating expenses but before deducting depreciation or depletion allowance, or both~~ *one or more qualified claimants:*

(i) for tax year 2009, whose federal adjusted gross income did not exceed the thresholds established in subsection (2)(b)(i); or

(ii) vacant commercial lots.

(2) Class four property is taxed as follows:

(a) Except as provided in 15-24-1402, 15-24-1501, and 15-24-1502, property described in subsections (1)(a), (1)(b), and (1)(e) through (1)(g) of this section is taxed at:

(i) ~~3.22%~~ *2.93%* of its taxable market value in tax year ~~2005~~ *2009*;

$9,201 $15,000	*$14,001 $20,000*	

(ii) The income levels contained in the table in subsection (2)(b)(i) must be adjusted for inflation annually by the department. The adjustment to the income levels is determined by:

(A) multiplying the appropriate dollar ~~amount~~ *amount* from the table in subsection (2)(b)(i) by the ratio of the PCE for the second quarter of the year prior to the year of application to the PCE for the second quarter of 1995; and

(B) rounding the product thus obtained to the nearest whole dollar amount.

(iii) "PCE" means the implicit price deflator for personal consumption expenditures as published quarterly in the Survey of Current Business by the bureau of economic analysis of the U.S. department of commerce.

In cases in which the claimant is not required to file a tax return under chapter 30 or 31, household income means the household's total income as it would have been calculated under this subsection (4)(b) if the claimant had been required to file a return.

(c) The combined income of two or more owners who are qualified claimants:

(i) may not exceed the married couple and head of household thresholds provided in subsection (2)(b); and

(ii) determines the amount of tax reduction under subsection (2)(b)."

Section 3. Section 15-6-143, MCA, is amended to read:

"15-6-143. Class ten property — description — taxable percentage. (1) Class ten property includes all forest lands as defined in 15-44-102.

(2) Class ten property ~~is taxed at 0.79% of its forest productivity value in tax year 1999, and the rate is reduced by 0.11% each year until the property~~ is taxed at*:*

(b) for tax year 2010, 0.33% of its forest productivity value;

(d) for tax year 2012, 0.31% of its forest productivity value;

(e) for tax year 2013, 0.3% of its forest productivity value; and

(f) for tax years after 2013, 0.29% of its forest productivity value."

Section 4. Section 15-6-193, MCA, is amended to read:

"15-6-193. Extended property tax assistance — phasein. (1) For the purpose of mitigating extraordinary market value increases during revaluation cycles that begin after December 31, 2008, the rate of taxation of ~~class four residential dwellings and appurtenant land not to exceed 5 acres otherwise set in 15-6-134(2)(a)~~ *qualified residences* is adjusted in this section for properties with extraordinary increases in market value with owners that meet income requirements.

(2) An annual application on a form provided by the department is required to receive a tax rate adjustment under this section. The application must be

signed under oath. A tax rate adjustment may be granted only for the current tax year and may not be granted for a previous year.

(3) A rate adjustment may not be granted for:

(a) any property that was sold or for which the ownership was changed after December 31 of the last year of the previous revaluation cycle unless the change in ownership is between husband and wife or parent and child with only nominal actual consideration or the change is pursuant to a divorce decree;

(b) the value of new construction, including remodeling, on the property occurring after December 31 of the last year of the previous revaluation cycle that is greater than 25% of the market value of the improvements; or

(c) a land use change occurring after December 31 of the last year of the previous revaluation cycle that increases the market value of the land by more than 25%.

(4) For the purposes of determining the adjustment in the class four property tax rate in this section, the following provisions apply for revaluation cycles beginning after December 31, 2008:

~~(a) (i) The percentage increase in taxable value is measured as the percentage change in taxable value before reappraisal to the taxable value after reappraisal. The taxable value before reappraisal is calculated by multiplying the value before reappraisal times the result of 1.00 minus the homestead exemption before reappraisal times the tax rate before reappraisal. The taxable value after reappraisal is calculated by multiplying the market value after reappraisal times the result of 1.00 minus the homestead exemption after reappraisal times the tax rate after reappraisal.~~

~~(ii) The tax rate before reappraisal is the tax rate that was in effect during the last year of the previous reappraisal cycle.~~

~~(iii) The tax rate after reappraisal is the tax rate that will be in effect during the last year of the current reappraisal cycle.~~

~~(iv) The homestead exemption before reappraisal is the homestead exemption that was in effect during the last year of the previous reappraisal cycle.~~

~~(v) The homestead exemption after reappraisal is the homestead exemption that will be in effect during the last year of the current reappraisal cycle.~~

~~(b) The dollar increase in tax liability is measured as the percentage change in tax liability before reappraisal to the tax liability after reappraisal. The tax liability before reappraisal is calculated by multiplying the value before reappraisal times the result of 1.00 minus the homestead exemption before reappraisal times the tax rate before reappraisal times the mill levy applied to the property before reappraisal. The tax liability after reappraisal is calculated by multiplying the market value after reappraisal times the result of 1.00 minus the homestead exemption after reappraisal times the tax rate after reappraisal times the mill levy applied to the property before reappraisal. The mill levy applied to the property before reappraisal is the total of all mills applied to the property in the last year of the previous reappraisal cycle.~~

~~(c) Total household income is the sum of the income of all members of the household and all other persons who are owners of the property. Income, as used in this section, includes income from all sources, including net business income and otherwise tax-exempt income of all types but not including social security income paid directly to a nursing home. Net business income is gross income less ordinary expenses but before deducting depreciation or depletion allowance, or~~

~~both. For an entity, as defined in subsection (8), income also includes the income of any natural person or entity that is a trustee of or controls 25% or more of the entity. A household is an association of persons who live in the same dwelling, sharing its furnishings, facilities, accommodations, and expenses. For single-family rental dwellings, total household income does not include the income of the tenant.~~

~~(d) The phase-in value is the valuation change made pursuant to 15-7-111(3) since the last reappraisal.~~

~~(5) (a) If total household income is $25,000 or less, the percentage increase in taxable value is greater than 24%, and the dollar increase in taxable liability is $250 or greater, then the property qualifies for an adjusted tax rate. The adjusted tax rate must be calculated such that the total increase in taxable value over the reappraisal cycle is 24% and such that the change in taxable value is phased in over the reappraisal cycle in equal increments.~~

~~(b) If total household income is greater than $25,000 but less than or equal to $50,000, the percentage increase in taxable value is greater than 30%, and the dollar increase in taxable liability is $250 or greater, then the property qualifies for an adjusted tax rate. The adjusted tax rate must be calculated such that the total increase in taxable value over the reappraisal cycle is 30% and such that the change in taxable value is phased in over the reappraisal cycle in equal increments.~~

~~(c) If total household income is greater than $50,000 but less than or equal to $75,000, the percentage increase in taxable value is greater than 30%, and the dollar increase in taxable liability is $250 or greater, then the property qualifies for an adjusted tax rate. The adjusted tax rate will be calculated such that the total increase in taxable value over the reappraisal cycle is 36% and such that the change in taxable value is phased in over the reappraisal cycle in equal increments.~~

(a) The change in taxable value before reappraisal is the 2008 tax year value adjusted for any new construction or destruction that occurred in the 2008 tax year. The taxable value before reappraisal for the 2009 tax year and subsequent years is the same as the 2008 tax year value if no new construction, destruction, land splits, land use changes, land reclassifications, land productivity changes, improvement grade changes, or other changes are made to the property during 2008 or subsequent tax years.

(b) The percentage increase in taxable value is measured as the percentage change in taxable value before reappraisal to the taxable value after reappraisal. The taxable value before reappraisal is calculated by multiplying the value before reappraisal in 2009 times 0.66 times 0.0301. The taxable value after reappraisal is calculated by multiplying the 2009 market value after reappraisal times 0.53 times 0.0247.

(c) The dollar increase in tax liability is measured as the change in tax liability before reappraisal to the tax liability after reappraisal. The tax liability before reappraisal is calculated by multiplying the value before reappraisal in 2009 times 0.66 times 0.0301 times the tax year 2008 mill levy applied to the property. The tax liability after reappraisal is calculated by multiplying the 2009 market value after reappraisal times 0.53 times 0.0247 times the tax year 2008 mill levy applied to the property. The tax year 2008 mill levy is the total of all mills applied to the property for fiscal year 2009.

(d) Total household income is the sum of the income of all members of the household and all other persons who are owners of the property. Income, as used

in this section, includes income from all sources, including net business income and otherwise tax-exempt income of all types but not including social security income paid directly to a nursing home. Net business income is gross income less ordinary expenses but before deducting depreciation or depletion allowance, or both. For an entity, as defined in subsection (8), income also includes the income of any natural person or entity that is a trustee of or controls 25% or more of the entity. A household is an association of persons who live in the same dwelling, sharing its furnishings, facilities, accommodations, and expenses. For single-family rental dwellings, total household income does not include the income of the tenant.

(e) The phase-in value is the valuation change made pursuant to 15-7-111(3) since the last reappraisal.

(5) (a) If total household income is $25,000 or less, the percentage increase in taxable value is greater than 24%, and the dollar increase in taxable liability is $250 or greater, then the property qualifies for an adjusted tax rate as follows:

(i) For tax year 2009, the tax rate is 0.03269 times the value before reappraisal divided by the 2009 phase-in value.

(ii) For tax year 2010, the tax rate is 0.03546 times the value before reappraisal divided by the 2010 phase-in value.

(iii) For tax year 2011, the tax rate is 0.03823 times the value before reappraisal divided by the 2011 phase-in value.

(iv) For tax year 2012, the tax rate is 0.04115 times the value before reappraisal divided by the 2012 phase-in value.

(v) For tax year 2013, the tax rate is 0.04374 times the value before reappraisal divided by the 2013 phase-in value.

(vi) For tax year 2014 and after, the tax rate is 0.04648 times the value before reappraisal divided by the 2014 phase-in value.

(b) If total household income is greater than $25,000 but less than or equal to $50,000, the percentage increase in taxable value is greater than 30%, and the dollar increase in taxable liability is $250 or greater, then the property qualifies for an adjusted tax rate as follows:

(i) For tax year 2009, the tax rate is 0.03301 times the value before reappraisal divided by the 2009 phase-in value.

(ii) For tax year 2010, the tax rate is 0.03612 times the value before reappraisal divided by the 2010 phase-in value.

(iii) For tax year 2011, the tax rate is 0.03925 times the value before reappraisal divided by the 2011 phase-in value.

(iv) For tax year 2012, the tax rate is 0.04257 times the value before reappraisal divided by the 2012 phase-in value.

(v) For tax year 2013, the tax rate is 0.0456 times the value before reappraisal divided by the 2013 phase-in value.

(vi) For tax year 2014 and after, the tax rate is 0.04873 times the value before reappraisal divided by the 2014 phase-in value.

(c) If total household income is greater than $50,000 but less than or equal to $75,000, the percentage increase in taxable value is greater than 36%, and the dollar increase in taxable liability is $250 or greater, then the property qualifies for an adjusted tax rate as follows:

(i) For tax year 2009, the tax rate is 0.03332 times the value before reappraisal divided by the 2009 phase-in value.

(ii) For tax year 2010, the tax rate is 0.03678 times the value before reappraisal divided by the 2010 phase-in value.

(iii) For tax year 2011, the tax rate is 0.04028 times the value before reappraisal divided by the 2011 phase-in value.

(iv) For tax year 2012, the tax rate is 0.04399 times the value before reappraisal divided by the 2012 phase-in value.

(v) For tax year 2013, the tax rate is 0.04739 times the value before reappraisal divided by the 2013 phase-in value.

(vi) For tax year 2014 and after, the tax rate is 0.0598 times the value before reappraisal divided by the 2014 phase-in value.

(d) The adjusted tax rate computed under this subsection (5) must be rounded to the nearest 1/100 of 1%.

(6) A person who applies for a tax rate adjustment under this section shall provide the department with documentation of total household income and other information that the department considers necessary to determine the person's eligibility for the tax rate adjustment. Documents provided to the department to determine eligibility for a tax rate adjustment are subject to the confidentiality provisions in 15-30-303.

(c) The department is not required to mail the notice of classification and appraisal to a new owner or purchaser under contract for deed unless the department has received the transfer certificate from the clerk and recorder as provided in 15-7-304 and has processed the certificate before the notices required by subsection (2)(a) are mailed. The department shall notify the county tax appeal board of the date of the mailing.

(3) If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the market value of the property as determined by the department or with the classification of the land or improvements, the owner may request an assessment review by submitting an objection in writing to the department, on forms provided by the department for that purpose, within 30 days after receiving the notice of classification and appraisal from the department. The review must be conducted informally and is not subject to the contested case procedures of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer in support of the taxpayer's opinion as to the market value of the property. The department shall give reasonable notice to the taxpayer of the time and place of the review. After the review, the department shall determine the correct appraisal and classification of the land or improvements and notify the taxpayer of its determination. In the notification, the department shall state its reasons for revising the classification or appraisal. When the proper appraisal and classification have been determined, the land must be classified and the improvements appraised in the manner ordered by the department.

(4) Whether a review as provided in subsection (3) is held or not, the department may not adjust an appraisal or classification upon the taxpayer's objection unless:

(a) the taxpayer has submitted an objection in writing; and

(b) the department has stated its reason in writing for making the adjustment.

(5) A taxpayer's written objection to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. The department shall make the records available for inspection during regular office hours.

(6) If any property owner feels aggrieved by the classification or appraisal made by the department after the review provided for in subsection (3), the property owner has the right to first appeal to the county tax appeal board and then to the state tax appeal board, whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board must be filed within 30 days after notice of the department's determination is mailed to the taxpayer. A county tax appeal board or the state tax appeal board may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer as evidence of the market value of the property. If the county tax appeal board or the state tax appeal board determines that an adjustment should be made, the department shall adjust the base value of the property in accordance with the board's order."

Section 7. Section 15-7-111, MCA, is amended to read:

"15-7-111. Periodic revaluation of certain taxable property. (1) The department shall administer and supervise a program for the revaluation of all taxable property within classes three, four, and ten. All other property must be revalued annually.

(2) The department shall value and phase in the value of newly constructed, remodeled, or reclassified property in a manner consistent with the valuation within the same class and the values established pursuant to subsection (1). The department shall adopt rules for determining the assessed valuation and phased-in value of new, remodeled, or reclassified property within the same class.

(3) The revaluation of class three, four, and ten property is complete on December 31, 2008. The amount of the change in valuation from the 2002 base year for each property in classes three, four, and ten must be phased in each year at the rate of 16.66% of the change in valuation.

(4) During the end of the second and fourth year of each revaluation cycle, the department shall provide the revenue and transportation interim committee with a sales assessment ratio study of residences to be used to allow the committee to be apprised of the housing market and value trends.

~~(3)~~*(5)* The department of revenue shall administer and supervise a program for the revaluation of all taxable property within classes three, four, and ten. A comprehensive written reappraisal plan must be promulgated by the department. The reappraisal plan adopted must provide that all class three, four, and ten property in each county is revalued by January 1, ~~2009~~ *2015*, effective for January 1, ~~2009~~ *2015*, and each succeeding 6 years. The resulting valuation changes must be phased in for each year until the next reappraisal. If a percentage of change for each year is not established, then the percentage of phasein for each year is 16.66%."

Section 8. Section 15-7-201, MCA, is amended to read:

"15-7-201. Legislative intent — value of agricultural property. (1) Because the market value of many agricultural properties is based upon speculative purchases that do not reflect the productive capability of agricultural land, it is the legislative intent that bona fide agricultural properties be classified and assessed at a value that is exclusive of values attributed to urban influences or speculative purposes.

(2) Agricultural land must be classified according to its use, which classifications include but are not limited to irrigated use, nonirrigated use, and grazing use.

(3) Within each class, land must be subclassified by production categories. Production categories are determined from the productive capacity of the land based on yield.

(4) In computing the agricultural land valuation schedules to take effect on the date when each revaluation cycle takes effect pursuant to 15-7-111, the department of revenue shall determine the productive capacity value of all agricultural lands using the formula V = I/R where:

(a) V is the per-acre productive capacity value of agricultural land in each land use and production category;

(b) I is the per-acre net income of agricultural land in each land use and production category and is to be determined as provided in subsection (5); and

(c) R is the capitalization rate and, unless the advisory committee recommends a different rate and the department adopts the recommended

capitalization rate by rule, is equal to 6.4%. This capitalization rate must remain in effect until the next revaluation cycle.

(5) (a) Net income must be determined separately in each land use based on production categories.

(b) Net income must be based on commodity price data, which may include grazing fees, crop and livestock share arrangements, cost of production data, and water cost data for the base period using the best available data.

(i) Commodity price data and cost of production data for the base period must be obtained from the Montana Agricultural Statistics, the Montana crop and livestock reporting service, and other sources of publicly available information if considered appropriate by the advisory committee.

(ii) Crop share and livestock share arrangements are based on typical agricultural business practices and average landowner costs.

(iii) Allowable water costs consist only of the per-acre labor costs, energy costs of irrigation, and, unless the advisory committee recommends otherwise and the department adopts the recommended cost by rule, a base water cost of ~~$5.50~~ *$15* for each acre of irrigated land. Total allowable water costs may not exceed ~~$40~~ *$50* for each acre of irrigated land. Labor and energy costs must be determined as follows:

(A) Labor costs are ~~zero~~ *$5 an acre* for pivot sprinkler irrigation systems; ~~$4.50~~ *$10* an acre for tow lines, side roll, and lateral sprinkler irrigation systems; and ~~$9~~ *$15* an acre for hand-moved and flood irrigation systems.

(B) Energy costs must be based on per-acre energy costs incurred in the energy cost base year, which is the calendar year immediately preceding the year specified by the department in 15-7-103(5). By July 1 of the year following the energy cost base year, an owner of irrigated land shall provide the department, on a form prescribed by the department, with energy costs incurred in that energy cost base year. In the event that no energy costs were incurred in the energy cost base year, the owner of irrigated land shall provide the department with energy costs from the most recent year available. The department shall adjust the most recent year's energy costs to reflect costs in the energy cost base year.

(c) The base crop for valuation of irrigated land is ~~alfalfa hay~~ *alfalfa hay adjusted to 80% of the sales price*, ~~adjusted to 80% of sales price,~~ and the base crop for valuation of nonirrigated land is *spring* wheat. The base unit for valuation of grazing lands is animal unit months (AUM), defined as the average monthly requirement of pasture forage to support a 1,000-pound cow with a calf or its equivalent.

(d) Unless the advisory committee recommends a different base period and the department adopts the recommended base period by rule, the base period used to determine net income must be the most recent 7 years for which data is available prior to the date the revaluation cycle ends. Unless the advisory committee recommends a different averaging method and the department adopts the recommended averaging method by rule, data referred to in subsection (5)(b) must be averaged, but the average must exclude the lowest and highest yearly data in the period.

(6) The department shall compile data and develop valuation manuals adopted by rule to implement the valuation method established by subsections (4) and (5).

(7) The governor shall appoint an advisory committee of persons knowledgeable in agriculture and agricultural economics. The advisory committee shall include one member of the Montana state university-Bozeman, college of agriculture, staff. The advisory committee shall:

(a) compile and review data required by subsections (4) and (5);

(b) recommend to the department any adjustments to data or to landowners' share percentages if required by changes in government agricultural programs, market conditions, or prevailing agricultural practices;

(c) recommend appropriate base periods and averaging methods to the department;

(d) evaluate the appropriateness of the capitalization rate and recommend a rate to the department;

(e) verify for each class of land that the income determined in subsection (5) reasonably approximates that which the average Montana farmer or rancher could have attained; and

(f) recommend agricultural land valuation schedules to the department. With respect to irrigated land, the recommended value of irrigated land may not be below the value that the land would have if it were not irrigated."

Section 9. Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

(i) annexation of real property and improvements into a taxing unit;

(ii) construction, expansion, or remodeling of improvements;

(iii) transfer of property into a taxing unit;

(iv) subdivision of real property; and

(v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was constructed, expanded, or remodeled property since the completion of the last reappraisal cycle is the current year market value of that property less the previous year market value of that property.

~~(c)~~*(d)* For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

(a) school district levies established in Title 20; or

(b) the portion of a governmental entity's property tax levy for premium contributions for group benefits excluded under 2-9-212 or 2-18-703.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in ~~whole~~ *tenths of* mills. If the mill levy calculation does not result in ~~a whole number~~ *an even tenth* of ~~mills~~ *a mill*, then the calculation must be rounded up to the nearest ~~whole~~ *tenth of a* mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402;

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326; or

(iv) a levy for the support of a study commission under 7-3-184.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Section 10. Section 15-16-101, MCA, is amended to read:

"15-16-101. Treasurer to publish notice — manner of publication. (1) Within 10 days after the receipt of the property tax record, the county treasurer shall publish a notice specifying:

(a) that one-half of all taxes levied and assessed will be due and payable before 5 p.m. on the next November 30 or within 30 days after the notice is postmarked and that unless paid prior to that time the amount then due will be delinquent and will draw interest at the rate of 5/6 of 1% a month from the time of delinquency until paid and 2% will be added to the delinquent taxes as a penalty;

(b) that one-half of all taxes levied and assessed will be due and payable on or before 5 p.m. on the next May 31 and that unless paid prior to that time the taxes will be delinquent and will draw interest at the rate of 5/6 of 1% a month from the time of delinquency until paid and 2% will be added to the delinquent taxes as a penalty; and

(c) the time and place at which payment of taxes may be made.

(2) (a) The county treasurer shall send to the last-known address of each taxpayer a written notice, postage prepaid, showing the amount of taxes and assessments due for the current year and the amount due and delinquent for other years. The written notice must include:

(i) the taxable value of the property;

(ii) the total mill levy applied to that taxable value;

(iii) itemized city services and special improvement district assessments collected by the county;

(iv) the number of the school district in which the property is located; ~~and~~

(v) the amount of the total tax due that is levied as city tax, county tax, state tax, school district tax, and other tax*; and*

(iv) a notice of the availability of all the property tax assistance programs available to property taxpayers, including the property tax assistance program under 15-6-134, the extended property tax assistance program under 15-6-193, the disabled or deceased veterans' residence exemption under 15-6-211, and the residential property tax credit for the elderly under 15-30-171 through 15-30-179.

(b) If the property is the subject of a tax lien sale for which a tax lien sale certificate has been issued under 15-17-212, the notice must also include, in a manner calculated to draw attention, a statement that the property is the subject of a tax lien sale and that the taxpayer may contact the county treasurer for complete information.

(3) The municipality shall, upon request of the county treasurer, provide the information to be included under subsection (2)(a)(iii) ready for mailing.

(4) The notice in every case must be published once a week for 2 weeks in a weekly or daily newspaper published in the county, if there is one, or if there is not, then by posting it in three public places. Failure to publish or post notices does not relieve the taxpayer from any tax liability. Any failure to give notice of the tax due for the current year or of delinquent tax will not affect the legality of the tax.

(5) If the department revises an assessment that results in an additional tax of $5 or less, an additional tax is not owed and a new tax bill does not need to be prepared."

Section 11. Section 15-44-103, MCA, is amended to read:

"15-44-103. Legislative intent — value of forest lands — valuation zones. (1) In order to encourage landowners of private forest lands to retain and improve their holdings of forest lands, to promote better forest practices, and to encourage the investment of capital in reforestation, forest lands must be classified and assessed under the provisions of this section.

(2) The forest productivity value of forest land must be determined by:

(a) capitalizing the value of the mean annual net wood production at the culmination of mean annual increment plus other agriculture-related income, if any; less

(b) annualized expenses, including but not limited to the establishment, protection, maintenance, improvement, and management of the crop over the rotation period.

(3) To determine the forest productivity value of forest lands, the department shall:

(a) divide the state into appropriate forest valuation zones, with each zone designated so as to recognize the uniqueness of marketing areas, timber types, growth rates, access, operability, and other pertinent factors of that zone; and

(b) establish a uniform system of forest land classification that takes into consideration the productive capacity of the site to grow forest products and furnish other associated agricultural uses.

(4) In computing the forest land valuation schedules for each forest valuation zone ~~to take effect on January 1, 1994~~, the department shall determine the productive capacity value of all forest lands in each forest valuation zone using the formula V = I/R, where:

(a) V is the per-acre forest productivity value of the forest land;

(b) I is the per-acre net income of forest lands in each valuation zone and is determined by the department using the formula I = (M x SV) + AI - C, where:

(i) I is the per-acre net income;

(ii) M is the mean annual net wood production;

(iii) SV is the stumpage value;

(iv) AI is the per-acre agriculture-related income; and

(v) C is the per-unit cost of the forest product and agricultural product produced, if any; and

(c) R is the capitalization rate determined by the department as provided in subsection (6).

(5) Net income must:

(a) be calculated for each year of a base period, which is the most recent 5-year period for which data is available;

(b) be based on a rolling average of stumpage value of timber harvested within the forest valuation zone and on the associated production cost data for the base period from sources considered appropriate by the department; and

(c) include agriculture-related net income for the same time period as the period used to determine average stumpage values.

(6) The capitalization rate must be calculated for each year of the base period and is the ~~annual~~ average ~~interest rate on agricultural loans as reported by the Northwest farm credit services, agricultural credit association of Spokane, Washington~~ *capitalization rate determined by the department after consultation with the forest lands taxation advisory committee*, plus the effective tax rate. *The capitalization rate must be adopted by rule. However, the capitalization rate for each year of the base period for tax years 2009 through 2014 may not be less than 8%.*

(7) The effective tax rate must be calculated for each year of the base period by dividing the total estimated tax due on forest lands subject to the provisions of this section by the total forest value of those lands.

(8) For the purposes of this section, if forest service sales are used in the determination of stumpage values, the department shall take into account purchaser road credits.

(9) In determining the forest productivity value of forest lands and in computing the forest land valuation schedules, the department shall use information and data provided by the university of Montana-Missoula.

(10) (a) There is a forest lands taxation advisory committee consisting of:

(i) four members with expertise in forest matters, one appointed by the majority leader of the senate, one by the minority leader of the senate, one by the majority leader of the house of representatives, and one by the minority leader of the house of representatives; and

(ii) three members appointed by the governor, one who is an industrial forest landowner, one who is a nonindustrial forest landowner, and one who is a county commissioner.

(b) The terms of the members expire on June 30 of the first year of each reappraisal cycle.

(c) The advisory committee shall:

(i) review data required by subsections (2) through (6), (8), and (9), including data on productivity value, stumpage value, wood production, capitalization rate, net income, and agriculture-related income;

(ii) recommend to the department any adjustments to data if required by changes in government forest land programs, market conditions, or prevailing forest lands practices;

(iii) recommend appropriate base periods and averaging methods to the department;

(iv) verify for each forest valuation zone and forest land classification under subsection (3) that the income determined in subsection (5) reasonably approximates that which the average Montana forest landowner could have attained; and

(v) recommend forest land valuation schedules to the department."

Section 12. Extension of 2009 deadlines relating to property taxation. As a result of the changes in the mitigation strategy of reappraisal for

class three, four, and ten property enacted by the 61st legislature, it may not be possible to comply with certain statutory deadlines relating to appraisals, assessments, reimbursements, budgets, and collection of property taxes. The state appraisal and assessment process may be delayed, which in turn may cause delays for the tax appeal boards, school districts, and local government taxing jurisdiction budgeting and collection processes. Therefore, for tax year 2009, all deadlines are extended as necessary and reasonable, except that the time limits allowed for filing an appeal remain the same as provided by law in order to allow for the orderly and efficient assessment and collection of taxes.

Section 13. Application deadline extensions. Because the application deadlines for the property tax assistance program in 15-6-134(1)(c) and the disabled or deceased veterans' residence property tax exemption program under 15-6-211 will have passed by [the effective date of this act], the application deadlines for those programs have been extended for tax year 2009 to July 15, 2009.

Section 14. Revenue and transportation interim committee review of property tax assistance. The revenue and transportation interim committee is requested, under the committee's oversight duties, as provided in 5-5-227, to review methods of providing assistance to property taxpayers, including circuit breaker programs and assistance to low-income, veteran, and elderly property owners and whether the assistance should be accomplished through income tax or property taxation means.

Section 15. Appropriation — contingency. (1) There is appropriated $1,587,053 from the general fund to the department of revenue for the biennium ending June 30, 2011, for the administration of [this act].

(2) If there is a specific appropriation for the administration of the mitigation of reappraisal pursuant to [this act] in House Bill No. 2, then the appropriation made in subsection (1) is void.

Section 16. Coordination instruction. If both Senate Bill No. 115 and [this act] are passed and approved, then [section 1 of Senate Bill No. 115], amending 15-6-134, is void.

Section 17. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 18. Effective date. [This act] is effective on passage and approval.

Section 19. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to tax years beginning after December 31, 2008.

Approved May 10, 2009

CHAPTER NO. 484

[HB 669]

AN ACT CREATING A DISTRESSED WOOD PRODUCTS INDUSTRY REVOLVING LOAN PROGRAM; GRANTING RULEMAKING AUTHORITY; AUTHORIZING A LOAN APPLICATION FEE; REQUIRING OUTCOME MEASURES; PROVIDING A STATUTORY APPROPRIATION; AMENDING SECTION 17-7-502, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Revolving loan program for distressed wood products industry — finding. (1) Due to the current, well-documented decline in the wood products industry in Montana, the legislature finds that there is a need to assist the Montana wood products industry as a whole through a revolving loan program.

(2) There is a special revenue account called the distressed wood products industry revolving loan account to the credit of the department of commerce.

(3) (a) The distressed wood products industry revolving loan account consists of money deposited into the account from an appropriation in House Bill No. 645 and money from any other source. Any interest earned by the account must be deposited into the account and used to sustain the program.

(b) Loan repayments and any interest generated from loan repayments may be used as revolving loans for the wood products industry or for primary sector businesses statewide and are not subject to the provisions of this section.

(4) In any biennium, up to 36% of the funds in the distressed wood products industry revolving loan account, not to exceed $2.7 million, may be used as matching funds to secure additional federal money. Except as provided in subsection (3)(b), federal funds must be deposited in a federal special revenue account and used for loans in accordance with [sections 1 through 4]. State matching funds must be deposited in a special revenue account called the distressed wood products matching fund.

(5) (a) Funds from the distressed wood products industry revolving loan account may be loaned to:

(i) individuals, including private contractors related to the wood products industry; or

(ii) businesses defined as small businesses pursuant to the regulations promulgated by the United States small business administration pursuant to 13 CFR 121, et seq.

(b) Loans made pursuant to this subsection (5) must be made to individuals or small businesses that are part of the critical, primary wood processing infrastructure and have suffered economic hardships.

(6) Loans must be used to sustain and grow the wood products industry in Montana. Loans may be used for:

(a) the purchase or lease of land or equipment;

(b) updating infrastructure, including retrofitting of infrastructure to facilitate new uses;

(c) working capital;

(d) debt service;

(e) matching funds for grants or other loans that comply with the intent of this section; or

(f) any other use the department determines would sustain and grow the wood products industry.

(7) (a) A loan may not exceed $2 million and the loan must be repaid within 15 years.

(b) A loan recipient may apply for another loan pursuant to this section 2 years or more after the date the previous loan was approved.

Section 2. Administration of revolving loan account — rulemaking authority. (1) The department of commerce may adopt rules to implement [sections 1 through 4] establishing:

(a) eligibility criteria, including demonstrated need, criteria for defining capital investments, feasibility to create and retain jobs, financial capacity to repay the loans, estimated return on investment, and other matters that the department considers necessary to ensure repayment of loans and to encourage maximum use of the account;

(b) terms and conditions for the loans, including repayment schedules and interest; and

(c) a loan application fee.

(2) Loans must be made at a low interest rate. The department may set the interest rate at an amount that will cover its administrative costs, but the rate may not be less than 1% a year. The department may determine terms and conditions of loans, including recovery of funds in the event of default.

Section 3. Outcome measures. (1) The department of commerce shall develop reasonable outcome measures by which the success of the distressed wood products industry loan program provided for in [sections 1 through 4] must be measured on an annual basis. Minimal outcome that must be measured includes:

(a) the uses of loan funds that provided the best overall results; and

(b) a determination of the overall success of the loan program, including but not limited to the number of jobs created or retained, pay levels, financial status, reports on project activities, the growth of a local economy, and the taxable value of property or equipment.

(2) The department may require information from entities receiving loans in order to measure outcome.

(3) In accordance with 5-11-210, the department shall provide a status report of the distressed wood products industry loan account to the economic affairs interim committee provided for in 5-5-223.

Section 4. Use of funds — statutory appropriation. Money in the distressed wood products industry revolving loan account, the distressed wood products matching fund, and the related federal special revenue fund is statutorily appropriated, as provided in 17-7-502, for the purpose of administering [sections 1 through 3].

Section 5. Section 17-7-502, MCA, is amended to read:

"17-7-502. Statutory appropriations — definition — requisites for validity. (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(a) The law containing the statutory authority must be listed in subsection (3).

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

Be it enacted by the Legislature of the State of Montana:

Section 1. Public school land acquisition account. (1) There is a public school land acquisition account in the state special revenue fund established in 17-2-102. The account must be administered by the department.

(2) Money in the account may be used only for the purpose of purchasing and managing interests in and appurtenances to real property in accordance with [section 2].

(3) After deductions are made pursuant to 77-1-109 and 77-1-613, the net interest and income earned on real property and appurtenances purchased with funds from the account must be distributed to the school facility improvement account provided for in 20-9-516.

Section 2. Public school land purchases — considerations — distributions. (1) The board may request the board of examiners to issue bonds for the purpose of purchasing interests in and appurtenances to real property selected by the board in accordance with the requirements of this section. Upon issuance of the bonds, the board shall purchase the real property and its appurtenances.

(2) Prior to requesting the issuance of bonds under subsection (1), the board shall consider the following:

(a) the income-generating potential of the real property and appurtenances;

(b) the opportunity for sustainable forest management activities and outcomes as described in 76-13-701 and 76-13-702; and

(b) manage the land holdings purchased pursuant to [section 1] and this section in accordance with an asset management plan to minimize the risk of loss and maximize the sustained rate of return;

(c) discharge its duties and powers solely in the interest of and for the benefit of the trust; and

(d) discharge its duties subject to the fiduciary standards set forth in 72-34-114.

(5) All interests in real property and appurtenances acquired under this section must be managed pursuant to Title 77.

Action taken by the board under this part must be by a majority vote of its members. The state treasurer shall keep a record of all bonds issued and sold.

(3) The board is authorized to employ a fiscal agent and a bond registrar and transfer agent to assist in the performance of its duties under this part.

(10) *(a)* "Present law base" means*, subject to subsection (10)(b),* that level of funding needed under present law to maintain operations and services at the level authorized by the previous legislature, including but not limited to:

~~(a)~~*(i)* changes resulting from legally mandated workload, caseload, or enrollment increases or decreases;

~~(b)~~*(ii)* changes in funding requirements resulting from constitutional or statutory schedules or formulas;

~~(c)~~*(iii)* inflationary or deflationary adjustments; and

~~(d)~~*(iv)* elimination of nonrecurring appropriations.

(b) For the budget for the 2011 legislative session, present law base must be adjusted by reducing general fund budgets by the equivalent of that portion of the 2% across-the-board reduction assessed by the 61st legislature on selected agencies that was allocated by those agencies to personal services in the 2011 biennium. The director of the governor's office of budget and program planning and the legislative fiscal analyst shall agree on a mechanism for determining how agencies have allocated this reduction.

Any proposed increase or decrease that is not based on those requirements is considered a new proposal.

(10) "Present law base" means that level of funding needed under present law to maintain operations and services at the level authorized by the previous legislature, including but not limited to:

Section 12. Section 17-7-111, MCA, is amended to read:

"17-7-111. Preparation of state budget — agency program budgets — form distribution and contents. (1) (a) To prepare a state budget, the executive branch, the legislature, and the citizens of the state need information that is consistent and accurate. Necessary information includes detailed disbursements by fund type for each agency and program for the appropriate time period, recommendations for creating a balanced budget, and recommended disbursements and estimated receipts by fund type and fund category.

(b) Subject to the requirements of this chapter, the budget director and the legislative fiscal analyst shall by agreement:

(i) establish necessary standards, formats, and other matters necessary to share information between the agencies and to ensure that information is consistent and accurate for the preparation of the state's budget; and

(ii) provide for the collection and provision of budgetary and financial information that is in addition to or different from the information otherwise required to be provided pursuant to this section.

(2) In the preparation of a state budget, the budget director shall, not later than the date specified in 17-7-112(1), distribute to all agencies the proper forms

and instructions necessary for the preparation of budget estimates by the budget director. These forms must be prescribed by the budget director to procure the information required by subsection (3). The forms must be submitted to the budget director by the date provided in 17-7-112(2)(a) or the agency's budget is subject to preparation based upon estimates as provided in 17-7-112(5). The budget director may refuse to accept forms that do not comply with the provisions of this section or the instructions given for completing the forms.

(3) ~~The~~ *Subject to subsections (7) and (8), the* agency budget request must set forth a balanced financial plan for the agency completing the forms for each fiscal year of the ensuing biennium. The plan must consist of:

(a) a consolidated agency budget summary of funds subject to appropriation or enterprise funds that transfer profits to the general fund or to an account subject to appropriation for the current base budget expenditures, including statutory appropriations, and for each present law adjustment and new proposal request setting forth the aggregate figures of the full-time equivalent personnel positions (FTE) and the budget, showing a balance between the total proposed disbursements and the total anticipated receipts, together with the other means of financing the budget for each fiscal year of the ensuing biennium, contrasted with the corresponding figures for the last-completed fiscal year and the fiscal year in progress;

(b) a schedule of the actual and projected receipts, disbursements, and solvency of each fund for the current biennium and estimated for the subsequent biennium;

(c) a statement of the agency mission and a statement of goals and objectives for each program of the agency. The goals and objectives must include, in a concise form, sufficient specific information and quantifiable information to enable the legislature to formulate an appropriations policy regarding the agency and its programs and to allow a determination, at some future date, on whether the agency has succeeded in attaining its goals and objectives.

(d) actual FTE and disbursements for the completed fiscal year of the current biennium, estimated FTE and disbursements for the current fiscal year, and the agency's request for the ensuing biennium, by program;

(e) actual disbursements for the completed fiscal year of the current biennium, estimated disbursements for the current fiscal year, and the agency's recommendations for the ensuing biennium, by disbursement category;

(f) for only agencies with more than 20 FTE, a plan to reduce the proposed base budget for the general appropriations act and the proposed state pay plan to 95% of the current base budget or lower if directed by the budget director. Each agency plan must include base budget reductions that reflect the required percentage reduction by fund type for the general fund and state special revenue fund types. Exempt from the calculations of the 5% target amounts are legislative audit costs, administratively attached entities that hire their own staff under 2-15-121, and state special revenue accounts that do not transfer their investment earnings or fund balances to the general fund. The plan must include:

(i) a prioritized list of services that would be eliminated or reduced;

(ii) for each service included in the prioritized list, the savings that would result from the elimination or reduction; and

(iii) the consequences or impacts of the proposed elimination or reduction of each service.

(g) a reference for each new information technology proposal stating whether the new proposal is included in the approved agency information technology plan as required in 2-17-523; and

(h) other information the budget director feels is necessary for the preparation of a budget.

(4) The budget director shall prepare and submit to the legislative fiscal analyst in accordance with 17-7-112:

(a) detailed recommendations for the state long-range building program. Each recommendation must be presented by institution, agency, or branch, by funding source, with a description of each proposed project.

(b) a statewide project budget summary as provided in 2-17-526;

(c) the proposed pay plan schedule for all executive branch employees at the program level by fund, with the specific cost and funding recommendations for each agency. Submission of a pay plan schedule under this subsection is not an unfair labor practice under 39-31-401.

(d) agency proposals for the use of cultural and aesthetic project grants under Title 22, chapter 2, part 3, the renewable resource grant and loan program under Title 85, chapter 1, part 6, the reclamation and development grants program under Title 90, chapter 2, part 11, and the treasure state endowment program under Title 90, chapter 6, part 7.

(5) The board of regents shall submit, with its budget request for each university unit in accordance with 17-7-112, a report on the university system bonded indebtedness and related finances as provided in this subsection (5). The report must include the following information for each year of the biennium, contrasted with the same information for the last-completed fiscal year and the fiscal year in progress:

(a) a schedule of estimated total bonded indebtedness for each university unit by bond indenture;

(b) a schedule of estimated revenue, expenditures, and fund balances by fiscal year for each outstanding bond indenture, clearly delineating the accounts relating to each indenture and the minimum legal funding requirements for each bond indenture; and

(c) a schedule showing the total funds available from each bond indenture and its associated accounts, with a list of commitments and planned expenditures from such accounts, itemized by revenue source and project for each year of the current and ensuing bienniums.

(6) (a) The department of revenue shall make Montana individual income tax information available by removing names, addresses, and social security numbers and substituting in their place a state accounting record identifier number. Except for the purposes of complying with federal law, the department may not alter the data in any other way.

(b) The department of revenue shall provide the name and address of a taxpayer on written request of the budget director when the values on the requested return, including estimated payments, are considered necessary by the budget director to properly analyze state revenue and are of a sufficient magnitude to materially affect the analysis and when the identity of the taxpayer is necessary to evaluate the effect of the return or payments on the analysis being performed.

(7) (a) The department of public health and human services' budget request for the 2013 biennium must identify changes necessary to reduce the 2013

biennium expenditures to the level funded in the general appropriations act. The department may include changes such as reducing administrative costs, developing more cost-efficient methods to deliver services, limiting the number of medicaid services that adults may receive, changing medicaid services included in the Montana medicaid state plan, changing eligibility or level-of-care requirements for medicaid waiver services, limiting or changing services that are fully state-funded, or implementing other initiatives that reduce state funds. Achieving the necessary general fund reduction in the 2013 biennium budget request may not include shifting costs to state special revenue funds.

(b) The department of public health and human services shall prepare a work plan with goals, milestones, and measures to guide its review of alternatives to identify, evaluate, and select initiatives to reduce ongoing state spending in its 2013 biennium budget submission. The department shall submit the work plan, goals, milestones, and measures to the legislative finance committee at its first meeting after the adjournment of the 2009 legislative session for its review and comment. The department shall provide an update of its budget reduction for review and comment at each legislative finance committee meeting in a format developed with and agreed upon by the committee.

(8) Each agency budget request for the 2013 biennium must include the adjustments to present law base specified in 17-7-102(10)(b)."

The affected university system units may, with the approval of the board of regents, modify the long-term plan at any time to address changing needs and priorities. The board of regents shall communicate the plan to each legislature, to the finance committee when requested by the committee, and to the office of budget and program planning.

(3) Subsection (2) does not apply to reversions that are the result of a reduction in spending directed by the governor pursuant to 17-7-140. Any

amount that is a result of a reduction in spending directed by the governor must revert to the fund or account from which it was originally appropriated.

(4) (a) Subject to subsection (4)(b), after the end of a fiscal year, 30% of the money appropriated to an agency for that year by the general appropriations act for personal services, operating expenses, and equipment, by fund type, and remaining unexpended and unencumbered at the end of the year may be reappropriated to be spent during the following 2 years for any purpose that is consistent with the goals and objectives of the agency. The dollar amount of the 30% amount that may be carried forward and spent must be determined by the office of budget and program planning.

(b) (i) Any portion of the 30% of the unexpended and unencumbered money referred to in subsection (4)(a) that was appropriated to a legislative branch entity may be deposited in the account established in 5-11-407.

(ii) After the end of a biennium, any portion of the unexpended and unencumbered money appropriated for the operation of the preceding legislature in a separate appropriation act may be deposited in the account established in 5-11-407. The approving authority shall determine the portion of the unexpended and unencumbered money that is deposited in the account. ~~(Bracketed language terminates on occurrence of contingency—sec. 7, Ch. 565, L. 2005.)~~"

CHAPTER NO. 488

[HB 2]

AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 2011; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [This act] may be cited as "The General Appropriations Act of 2009".

Section 2. First level expenditures. The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 2011 biennium, are adopted as legislative intent.

Section 3. Severability. If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

Section 4. Appropriation control. An appropriation item designated "Biennial" may be spent in either year of the biennium. An appropriation item designated "Restricted" may be used during the biennium only for the purpose designated by its title and as presented to the legislature. An appropriation item designated "One Time Only" or "OTO" may not be included in the present law base for the 2013 biennium. The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for any item designated "Biennial", "Restricted", "One Time Only", or "OTO". The office of budget and program planning shall establish at least one appropriation on the statewide accounting, budgeting, and human resource system for any appropriation that appears as a separate line item in [this act].

Section 5. Program definition. As used in [this act], "program" has the same meaning as defined in 17-7-102, is consistent with the management and accountability structure established on the statewide accounting, budgeting, and human resource system, and is identified as a major subdivision of an agency ordinally numbered with an Arabic numeral.

Section 6. Personal services funding — 2013 biennium. (1) Except as provided in subsection (2), present law and new proposal funding budget requests for the 2013 biennium submitted under Title 17, chapter 7, part 1, by each executive, judicial, and legislative branch agency must include funding of first level personal services separate from funding of other expenditures. The funding of first level personal services by accounting entity or equivalent for each fiscal year must be shown at the fourth reporting level or equivalent in the budget request for the 2013 biennium submitted by November 1 to the legislative fiscal analyst by the office of budget and program planning.

(2) The provisions of subsection (1) do not apply to the Montana university system.

Section 7. Totals not appropriations. The totals shown in [this act] are for informational purposes only and are not appropriations.

Section 8. Effective date. [This act] is effective July 1, 2009.

Section 9. Appropriations. The following money is appropriated for the respective fiscal years:
